NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Reimer Law Co. 401(k) Plan (the Plan), formerly known as Reimer, Arnovitz, Chernenk & Jeffrey Co., L.P.A. 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Reimer Law Co. (the Firm) and the former employees of Nielson & Sherry, PSC (Nielson) (effective January 1, 2018) who have at least one year of service and are age 21 or older. Prior service with Nielson was considered as part of the one year of service requirement for former Nielson employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees oversee governance of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Trustees.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions up to 100% of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2018, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated target date pooled separate account until changed by the participant. Through August 3, 2018, the Firm made safe-harbor non-elective matching contributions equal to 3% of eligible compensation, as defined. Effective August 4, 2018, the safe-harbor non-elective matching contribution was discontinued. Also, the Firm may, at its discretion, authorize additional matching and profit sharing contributions to the Plan for the related year. These contributions are funded in the year subsequent to their authorization. There were no discretionary matching or discretionary profit sharing contributions authorized in 2018. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Firm's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Firm's profit sharing contribution are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and the Firm's safe-harbor non-elective matching contributions plus actual earnings thereon. Vesting in the Firm's discretionary matching and profit sharing contributions is based on years of continuous service. Employees begin vesting after completing two years of credited service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at Prime (5.50% and 4.50% at December 31, 2018 and 2017, respectively), plus 1%, as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, a participant's beneficiary may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a future period. Upon termination of service due to disability, retirement, or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is less than \$5,000, the plan administrator directs the custodian to make a lump-sum distribution. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$3,751 and \$3,241, respectively. During 2018, \$3,313 was used to reduce employer contributions or administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value by Voya Retirement Insurance and Annuity Company (Voya), the custodian of the Plan, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Voya as of December 31, 2018 and 2017, representing investments in pooled separate accounts and a general insurance contract.

Investment of participant's contributions and the Firm's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Firm as provided by the Plan agreement. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any significant uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2018 and 2017, and for the year ended December 31, 2018, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through September 11, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Voya, the custodian.

Voya has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodology used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value (NAV) of the account which primarily includes mutual funds. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are comprised of pooled separate accounts at December 31, 2018 and 2017, totaling \$4,552,438 and \$4,792,359, respectively, measured using NAV as a practical expedient.

The Plan did not hold any Level 3 assets during the year.

5. GENERAL INSURANCE CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive insurance contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The general insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The general insurance contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive insurance contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula established by the issuer. The rate credited is the rate in effect on the day when each deposit is directed to the account. The crediting rates for the contract were 1% at December 31, 2018 and 2017. Such interest rates are reviewed on an annual basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive insurance contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO THE FINANCIAL STATEMENTS

5. GENERAL INSURANCE CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Firm or other Firm events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

After five completed contract years, the general insurance contract may be terminated with 90 calendar days' written notice to the contract holder.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya. Voya is the custodian as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Voya provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Firm and Voya. Voya receives revenue from mutual fund service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

If the revenue received by Voya from such mutual fund service providers exceeds the amount owed under the MSA, Voya remits the excess to the Plan's trust at least annually. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2018, there were no excess amounts. The Plan or the Firm may make a payment to Voya for administrative expenses not covered by revenue sharing.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO THE FINANCIAL STATEMENTS

8. TAX STATUS

The Plan has adopted a defined contribution volume submitter plan provided by CCH Incorporated, DBA ftwilliam.com (CCH). CCH has received an opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
