INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Radiance Technologies, Inc. Employee Stock Ownership Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Radiance Technologies, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2018, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN

The following brief description of the Radiance Technologies, Inc. (the Company) Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

The Company established the Plan effective as of January 1, 2008. The Plan operates as a leveraged employee stock ownership plan, is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company's management. Argent Trust Company is the Plan's trustee.

The Plan purchased Company common stock using the proceeds of a loan from the Company (see Note 6) and holds the common stock in a trust established under the Plan. As the Plan made debt payments, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. This loan was paid off as of December 31, 2017.

The borrowing was collateralized by the unallocated shares of common stock and was guaranteed by the Company. The lender had no rights against shares of common stock once they are allocated to participants in accordance with the terms of the Plan. Accordingly, the financial statements of the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, present separately the assets and liabilities and changes therein pertaining to:

- a. the accounts of employees with vested rights in allocated common stock (allocated), and
- b. common stock not yet allocated to employees (unallocated).

On February 1, 2018, the Plan became the sole shareholder of the Company. This transaction included the Company purchasing all outstanding shares of common stock held outside the ESOP (2,617,594 shares), the Company assuming \$10,800,000 in shareholder notes, and a transfer of funds into the ESOP from participants' 401(k) plan balances in the amount of \$11,542,350 to purchase additional common stock shares within the ESOP.

Eligibility

Employees of the Company are generally eligible to participate in the Plan, provided they are age 21 or older. As of January 1, 2014, Division 3 employees were eligible to participate in the Plan. These employees were excluded from participating prior to that effective date. Participants who do not have at least 1,000 hours of service during the Plan year and are not employed by the Company on the last day of the calendar year are not eligible for an allocation of the Company contribution for such year.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN — CONTINUED

Contributions

The Company may contribute an annual profit-sharing contribution in Company stock or cash to the Plan in an amount equal to a percentage of eligible employees' compensation, as declared for the year by the Company's President. In 2016, the Company was obligated to make contributions in cash to the Plan as necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. As of December 31, 2017, this loan has been repaid. Employee contributions are not permitted.

Payment of Benefits

On termination of service due to death, disability, retirement, resignation, or dismissal, distributions will be made or commenced semi-annually, subject to receipt of the current independent stock appraisal. If the participant's vested account does not exceed \$1,000, then a single lump-sum payment will be made, regardless of whether the participant elects to receive it. If the participant's vested account equals or exceeds \$1,000 at the time of distribution, the participant must consent to a distribution that commences prior to normal retirement age. Distributions will be paid in the form of cash. Any terminated participant whose vested account balance exceeds \$1,000, and who has not elected to receive a distribution from the Plan as of the distribution date coinciding with or immediately following the date of severance from employment, shall be transferred to the Company's 401(k) Profit Sharing Plan.

The Plan is designed to allow the Plan to purchase the Company stock from terminated participants. The proceeds used for the purchase of the Company stock shall be held in the participant's account in diversified investment funds and adjusted for allocable appreciation, depreciation, income, gains, losses and/or expenses, or other charges as of each valuation date until such time as the participant requests distribution or is transferred to the Company's 401(k) Profit-Sharing Plan as described in the previous paragraph.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Voting Rights

Each participant is entitled to exercise limited voting rights attributable to the shares allocated to the participant's account. The trustees shall vote any allocated Company stock as to which no voting instructions have been received at the direction of the Plan Administrator. The trustees shall also vote any unallocated Company stock at the direction of the Plan Administrator.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account. Only those participants who are eligible employees of the Company will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

**RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

1. DESCRIPTION OF THE PLAN — CONTINUED

Vesting

All participants employed by the Company prior to January 1, 2014, are vested immediately in the Company's contributions plus actual earnings thereon. All participants hired on or after January 1, 2014, are subject to a three-year vesting period before being 100% vested in the Company's contributions.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirements that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified.

Plan assets are invested primarily in Company stock, which are held and managed by Delaware Charter and Trust Company d/b/a Principal Trust Company (the Custodian or Principal). Upon reaching age 55, and other criteria as defined in the Plan, a participant may diversify a portion of his or her account in other investment options by requesting a transfer to the Company's 401(k) Profit-Sharing Plan. Transfers out to the Company's 401(k) Profit-Sharing Plan totaled \$1,135,822 for the year ended December 31, 2018.

Forfeitures

Plan forfeitures are used to reduce employer contributions to the Plan or pay administrative expenses of the Plan. Any remaining forfeitures are allocated among Participants' accounts in the same manner as employer discretionary contribution. Forfeitures of nonvested account balances allocated to remaining participants at December 31, 2018, totaled \$16,333.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES — CONTINUED

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights to allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares were released from collateral and became allocated generally in the period in which debt service was actually paid.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. See Note 5 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 12, 2019, the date the financial statements were available to be issued.

3. CONTRIBUTIONS

In 2018, the Plan recorded the Company contribution of \$2,433,373 as a receivable on the statement of net assets available for benefits as of December 31, 2018. The trustees subsequently signed a consent to release unallocated shares related to this contribution and allocate the shares to the accounts of the participants as of December 31, 2018.

RADIANCE TECHNOLOGIES, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

4. INVESTMENTS

The Plan's investments, at December 31, 2018 and 2017, are presented in the following table:

	2018 Allocated	2017 Allocated
Company common stock:		
Number of shares	2,353,442	1,439,492
Cost	\$ 22,567,327	\$ 13,955,875
Estimated fair value of		
Company common stock	\$ 50,834,346	\$ 17,993,650

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

5. FAIR VALUE MEASUREMENTS — CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2018:

Balance at January 1, 2018	\$ 17,993,650
Unrealized appreciation in estimated fair value	22,422,500
Contribution	2,598,069
Transfers from 401(k)	11,542,350
Transfers to 401(k)	(1,135,822)
Sales	<u>(2,586,401)</u>
Balance at December 31, 2018	<u><u>\$ 50,834,346</u></u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used December 31, 2018 and 2017.

Radiance Technologies, Inc. Common Stock: Valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with the prior years as illustrated in the following table:

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>
Radiance Technology, Inc. Common Stock	\$ 50,834,346	Income	EBITDA, Net Income, Weighted average, Cost of Capital, Discount Rate, Discount for lack of Marketability
		Market	Public comparables, Revenue multiple, EBITDA Multiple discount for lack of Marketability

The valuation process involves the selection of an appraiser under contract for a term of three years with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution which Plan management, along with the ESOP trustee, reviews in detail, discusses, and approves.

5. FAIR VALUE MEASUREMENTS — CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 2, the Company pays certain plan expenses. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

The Plan Sponsor pays directly any fees related to the Plan's operations.

7. RISKS AND UNCERTAINTIES

The Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the benefits of Plan participants and other liabilities under the Plan will be determined with respect to the date of Plan termination, and all Plan assets will be distributed to satisfy those liabilities in accordance with the terms of the Plan as soon as administratively feasible after the date of termination. After all adjustments required under the Plan have been made, each affected participant's benefits will be non-forfeitable. The interest of each participant will be distributed to the participant as prescribed by the Plan terms.

9. TAX STATUS

The Plan has received a determination letter from the IRS dated February 25, 2016, stating that the Plan is qualified under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
