Note 1: Description of the Plan

The following description of the BA Holdings, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on March 1, 1996, under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covers substantially all eligible employees of BA Holdings, Inc. and its participating subsidiaries (Luxfer, Inc., Superform USA, Inc., Magnesium Elektron North America, Inc., Hart Metals, Inc., Magnesium Elektron, Inc., Reade Manufacturing Company, HyperComp Engineering, Inc., and Luxfer Magtech, Inc.) (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC, as amended.

The purpose of the Plan is to provide retirement benefits for substantially all employees who have attained age 21 or older. Part-time employees, as defined in the Plan document, will be eligible to participate in the Plan after completing one year of service, which is equivalent to 1,000 hours of service. Eligible employees are automatically enrolled in the Plan after their first 30 days of employment. Eligible employees who do not want to participate in the Plan are required to explicitly decline to participate.

Contributions

Participants may elect to contribute between 1 percent and 25 percent of their pretax or after-tax annual compensation, which is not to exceed the maximum deferral limitation as defined in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In accordance with the Plan document, the Company matches 100 percent of pretax and after-tax contributions, including catch-up contributions, subject to a limit of 6 percent of eligible compensation for any eligible employee. The first 4 percent are safe harbor matching contributions, and the additional 2 percent are nonsafe harbor matching contributions. For the year ended December 31, 2018, the Company's matching contributions totaled $1,944,791, which was reduced at time of funding by available forfeitures of $20,360.

Note 1: Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary, rollover, and safe harbor matching contributions, plus actual earnings thereon. Participants become fully vested in nonsafe harbor matching contributions, plus actual earnings thereon, after the completion of two years of credited service.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years.

Loans used to acquire principal residence are not to exceed a term of 15 years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's nonforfeitable interest under the Plan or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on prevailing interest rates. Principal and interest are paid ratably through payroll deductions. The loans are secured by the vested account balance in the participant's account, and a participant can only have one loan outstanding at any time.

Benefit Payments

If a participant's employment ceases as a result of death, the entire account becomes fully vested and the participant's beneficiaries are entitled to receive the contents of the account. If a participant is terminated for any other reason, the participant is entitled to receive only the vested percentage of the account. Participants or their beneficiaries may elect to receive benefits in a single lump sum or in installments. If the value of the participant's account is less than $5,000 but greater than $1,000, the entire amount will be rolled into an individual retirement account on behalf of the participant or the participant's beneficiaries. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, participants are allowed to withdraw their funds from the Plan.

Note 1: Description of the Plan (Continued)

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to reduce future Company contributions, pay Plan expenses, or restore previously forfeited accounts. At December 31, 2018 and 2017, forfeited nonvested accounts totaled $9,204 and $13,942, respectively. During the year ended December 31, 2018, employer contributions were reduced by $20,360 from forfeited nonvested accounts.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for fees related to the administration of participant loans, which are deducted from the applicable participants' accounts.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of earnings (losses) on investments.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative US GAAP.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies' funds are stated at fair value at December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements.

Fair value for the Plan's common/collective trust investment is measured using net asset value per share ("NAV") as a practical expedient at December 31, 2018 and 2017. Each unit in a common/collective trust fund invests directly in a unit of the mutual fund. Unit values are calculated based on the observable NAV of the underlying investment in the mutual fund. See Note 10 for further information.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net realized and unrealized losses on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

New Accounting Pronouncement

During August 2018, the FASB issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820)*. As part of the FASB's ongoing disclosure framework project to improve the effectiveness of disclosures in the notes to financial statements, ASU 2018-13 modifies the disclosure requirements on fair value measurements in Topic 820 by permanently eliminating certain required disclosures and modifying others. The following disclosure requirements were removed from Topic 820: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements; and for nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Note 2: Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement (Continued)

The following disclosure requirements were modified in Topic 820: in lieu of a rollforward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate NAV, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly; and the amendments that clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The amendments in this ASU are effective for all entities for fiscal years and interim periods within those fiscal years beginning December 15, 2019. The Plan has early adopted the provisions of ASU 2018-13 and accordingly has made all required presentation changes and disclosures on its 2018 financial statements.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by T. Rowe Price

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net losses on investments and interest and dividends and other income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 6: Parties in Interest

Certain investments in registered investment companies' funds and the stable value fund are managed by T. Rowe Price, the trustee as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore also qualify as party-in-interest transactions. The Plan also has a number of service providers. Such providers are parties in interest under ERISA.

Note 7: Withdrawn Participants

At December 31, 2018 and 2017, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 8: Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated February 5, 2018, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9: Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 9: Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There has been no change in the methodology used at December 31, 2018 and 2017.

The following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies: The registered investment companies' funds invest primarily in mutual funds. The value of mutual funds is determined by fair market value for each fund and is based upon quotations obtained from national securities exchanges and over-the-counter associations for the underlying investments in the funds.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 57,567,588	$ -	$ -	$ 57,567,588
Common/collective trust (Note 10)				9,179,225
Total Investments				$ 66,746,813

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 63,481,848	$ -	$ -	$ 63,481,848
Common/collective trust (Note 10)				8,050,520
Total Investments				$ 71,532,368

Note 10: Investments Measured Using Net Asset Value Per Share

The following table for December 31, 2018, sets forth a summary of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/Collective Trust	$ 9,179,225	None	Daily	None	None

The following table for December 31, 2017, sets forth a summary of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/Collective Trust	$ 8,050,520	None	Daily	None	None

Note 11: Subsequent Events

The Plan has evaluated subsequent events through September 19, 2019 the date the financial statements were available to be issued.
