Effective December 1, 2018, the Vanguard Space Technologies, Inc. 401(k) Retirement Savings Plan was merged into the Plan and accordingly, assets of $2,765,134 were transferred into the Plan.

Contributions - Participants may contribute pre-tax and Roth deferrals from one percent to 75 percent of annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of three percent of eligible compensation, increasing by one percent each year thereafter up to a maximum of six percent. Effective December 1, 2018, participant deferrals will automatically increase by one percent each year up to maximum of 10 percent. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a discretionary matching contribution of 50 percent of the first six percent of compensation that a participant contributes to the Plan. During the year ended December 31, 2018, the Company made discretionary matching contributions of $818,342. The Company may also at its discretion choose to make a nonelective contribution, of which none was made for the year ended December 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after one year of service and 20 percent for each year thereafter until 100 percent vested after five years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested. Certain classes of participants, as defined in the Plan, are immediately vested in Company contributions.

Forfeitures - Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce Company contributions. No forfeitures were utilized during the year ended December 31, 2018. As of December 31, 2018, $100,415 of forfeitures are available for future use.

Payment of Benefits - On termination of service due to any reason, a participant may elect to receive either a lump-sum distribution for the value of the participant's vested interest in his or her account, installment payments, or partial withdrawals as permitted by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Prudential Bank & Trust, F.S.B (the "Trustee") and Prudential Retirement Insurance and Annuity Company (the "Custodian") (collectively "Prudential").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses incidental to the administration of the Plan, including fees of Prudential and the independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Administrative Service Agreement between the Company and Prudential, Prudential is required to make quarterly contributions to an ERISA Expense Account. The funds in the ERISA Expense Account may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants. During the year ended December 31, 2018, Prudential contributed $27,000 to the ERISA Expense Account, all of which was utilized to pay Plan administrative expenses. The net appreciation of investments is net of these contributions. As of December 31, 2018, there was $325 available in the ERISA Expense Account.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value:

As of December 31,		**2018**		**2017**
Mutual funds	$	18,143,514	$	16,302,608
Total investments at fair value	$	18,143,514	$	16,302,608

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Prudential totaling $6,314,846 for 2018 and $4,418,193 for 2017. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Prudential. Such interest rates are reset on a semi-annual basis.

The Prudential Guaranteed Income Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on Prudential’s ability to meet its financial obligations. Prudential’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Prudential; however, Prudential has indicated that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Prudential and that would also limit the Plan’s ability to transact at contract value with participants.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Prudential. Transactions with Prudential are party-in-interest transactions for which exemptions exist. Prudential received $43,401 for loan administration and transaction fees during 2018, all of which was paid by participants through the Plan. In addition, Prudential received indirect compensation from certain funds based on a formula. The Plan also paid $27,000 to the Plan's investment advisor, all of which was paid from the ERISA Expense Account.

6. PLAN TERMINATION

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable.

7. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated April 29, 2014. The Company routinely self-reviews the administration of the Plan and self corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the year ended December 31,		2018
Net increase in net assets available for benefits per the financial statements	$	932,022
Deemed distribution of participant loan		(1,414)
Net increase in net assets available for benefits per the Form 5500	$	930,608

The following is a reconciliation of the transfer of assets into the Plan per the financial statements to the Form 5500:

For the year ended December 31,		2018
Transfer of assets into the Plan per the financial statements	$	2,765,134
Deemed distribution of participant loan		1,414
Transfer of assets into the Plan per the Form 5500	$	2,766,548

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 3, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

1. PLAN DESCRIPTION

The following description of the SolAero Technologies Corp. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who have been employed for at least 60 days by SolAero Technologies Corp. and participating employer (collectively the "Company" and the "Plan Sponsor"). For discretionary Company nonelective contributions, participants must complete 1,000 hours of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 1, 2018, the Vanguard Space Technologies, Inc. 401(k) Retirement Savings Plan was merged into the Plan and accordingly, assets of $2,765,134 were transferred into the Plan.

Contributions - Participants may contribute pre-tax and Roth deferrals from one percent to 75 percent of annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision that all eligible employees are automatically enrolled at a deferral rate of three percent of eligible compensation, increasing by one percent each year thereafter up to a maximum of six percent. Effective December 1, 2018, participant deferrals will automatically increase by one percent each year up to maximum of 10 percent. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a discretionary matching contribution of 50 percent of the first six percent of compensation that a participant contributes to the Plan. During the year ended December 31, 2018, the Company made discretionary matching contributions of $818,342. The Company may also at its discretion choose to make a nonelective contribution, of which none was made for the year ended December 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 20 percent after one year of service and 20 percent for each year thereafter until 100 percent vested after five years of service. While still employed by the Company, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested. Certain classes of participants, as defined in the Plan, are immediately vested in Company contributions.

Forfeitures - Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce Company contributions. No forfeitures were utilized during the year ended December 31, 2018. As of December 31, 2018, $100,415 of forfeitures are available for future use.

Payment of Benefits - On termination of service due to any reason, a participant may elect to receive either a lump-sum distribution for the value of the participant's vested interest in his or her account, installment payments, or partial withdrawals as permitted by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Prudential Bank & Trust, F.S.B (the "Trustee") and Prudential Retirement Insurance and Annuity Company (the "Custodian") (collectively "Prudential").

Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

All of the Plan's investments measured at fair value are Level 1 and the following table sets forth the Plan's investments at fair value:

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Investments, fully benefit-responsive investment contract, and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Prudential totaling $6,314,846 for 2018 and $4,418,193 for 2017. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Prudential and that would also limit the Plan’s ability to transact at contract value with participants.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Prudential. Transactions with Prudential are party-in-interest transactions for which exemptions exist. Prudential received $43,401 for loan administration and transaction fees during 2018, all of which was paid by participants through the Plan. In addition, Prudential received indirect compensation from certain funds based on a formula. The Plan also paid $27,000 to the Plan's investment advisor, all of which was paid from the ERISA Expense Account.

6. PLAN TERMINATION

The Company may amend or terminate the Plan at any time, subject to provisions of ERISA. If the Plan is terminated, the rights of all participants to Company contributions in the Plan will become fully vested and nonforfeitable.

7. FEDERAL INCOME TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated April 29, 2014. The Company routinely self-reviews the administration of the Plan and self corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loan interest rate is set at one percent above the prime rate, as defined in the Plan.
