SRS ACQUIOM HOLDINGS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2018

Note 1 - Description of Plan:

The following description of the SRS Acquiom Holdings LLC (formerly Shareholder Representative Services LLC) (the "Company" or "Plan sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 2008, amended and restated on March 18, 2016 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2018, the Plan's custodian was Great West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"). The third party administrator of the Plan is The Ryding Company.

Effective January 1, 2018, the Plan was amended to change its name from "Shareholder Representative Services 401(k) PSP" to "SRS Acquiom Holdings LLC 401(k) Plan" to reflect the Plan sponsor's change in name.

Eligibility - Except for excluded employees, all employees are eligible to participate in the Plan. Employees may enter the Plan on the first day of the month following the date of hire. An employee may elect not to participate in the Plan.

Participant contributions - Each year, participants may elect to contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans, even if they are not yet a participant in the Plan. Participants direct the allocation of their contributions to various investment options offered by the Plan.

Employer contributions - The Company may, at their sole discretion, make employer matching contributions at the option of the Company's Board of Directors. The Company elected to make safe harbor matching contributions during 2018 dollar for dollar on the first 4% of compensation. Matching contributions of approximately $631,000 were made during 2018. The Company may, at their sole discretion, make employer profit sharing contributions at the option of the Company's Board of Directors. The Company has not made profit sharing contributions to the Plan during 2018.

Note 1 - Description of Plan (continued):

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan sponsor's matching contribution, and (b) Plan earnings and losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Some Plan investments are units of funds managed by the custodian, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund. Participants may invest in Plan offerings including mutual funds, common collective trusts, and an insurance contract.

Vesting - Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earning thereon. Safe harbor matching contributions are vested immediately. Employer profit sharing contributions vest on a five year schedule at 20% per year.

Notes receivable from participants - Participants may borrow from their vested account balance a minimum of $1,000. The maximum amount is 50% of their vested account balance, up to $50,000. Loan terms range from 1-5 years, but may not exceed 5 years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period but not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 65). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of $5,000 or less upon separation will receive a lump sum cash payout.

Forfeitures - Forfeitures are retained in the Plan and are used to pay administrative expenses or used to reduce employer contributions. Forfeitures remaining in the Plan as of December 31, 2018 and 2017, and forfeitures applied during the year ended December 31, 2018, were immaterial.

Note 1 - Description of Plan (continued):

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Investment valuation and income recognition - Investments in all of the funds, except the investment contract account, are presented at fair value, based on the quoted market prices or the net asset value ("NAV") of the underlying securities within each fund as of December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment contract account is fully benefit-responsive and is reported at contract value, which approximates fair value.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net depreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2018.

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,643,366	$ -	$ -	$ 7,643,366
Total investments in the fair value hierarchy	$ 7,643,366	$ -	$ -	7,643,366
Investments measured at net asset value ("NAV")				158,475
				$ 7,801,841

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Plan Benefits.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2017.

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,103,676	$ -	$ -	$ 7,103,676
Total investments in the fair value hierarchy	$ 7,103,676	$ -	$ -	$ 7,103,676
Investments measured at net asset value ("NAV")				59,215
				$ 7,162,891

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform any auditing procedures with respect to this information certified Great-West, the custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information, included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments, at fair value as shown in the Statement of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017.

- Fully benefit-responsive insurance contract, at contract value as shown in the Statement of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017.

- Investment income (loss) and other income, as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2018.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

Note 5 - Investment contract with insurance company:

During 2017, the Plan entered into a benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Investment contract with insurance company (continued):

As of December 31, 2018 and 2017, there were no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events.

Note 6 - Party-in-interest transactions:

At December 31, 2018 and 2017, the Plan held investments with Great-West, the Plan's investment broker, custodian, and trustee, of approximately $70,000 and $34,000, respectively.

Note 7 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Note 8 - Income tax status:

The prototype plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this determination letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits and participant account balances.
