B. Plan Amendment - The Plan was amended several times during 2018 as a result of new participating employers being merged into the Plan. The latest merger became effective on September 26, 2018 and all account balances transferred into the Plan shall operate as if fully set forth within the Plan.

C. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended December 31, 2018 is \$18,500 with an additional \$6,000 catch-up provision for participants age fifty or older. The Sponsor may make matching contributions equal to a discretionary percentage, as determined by the Sponsor, of pretax employee contributions. The participants direct the investment of the employee deferrals and the Sponsor matching contributions to the various investment options offered by the Plan.

D. Expenses of Administering the Plan - Administrative expenses recorded in the financial statements represent expenses that were absorbed by participants related to the administration of the Plan.

E. Participants' Accounts - Each participant's account is credited with the participant's contributions, the Sponsor's matching and discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined within the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Eligibility and Vesting - Employees of the Sponsor become eligible to participate in the Plan and receive matching contributions once they have been employed by the Sponsor.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Sponsor contributions plus earnings thereon is based upon three full years of credited service allowing for various severance periods as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	50%
3	100%

A participant is 100% vested upon termination by reason of retirement, death, or disability. Upon termination, any amount in which the participant is not vested shall be forfeited.

G. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans bear interest at variable rates and are secured by the balance in the participant's account. Principal and interest payments are redeposited in the participants' accounts based on their current allocation elections within the Plan. Participants may have no more than two loans outstanding at any one time.

1 - Description of Plan (continued)

H. Payment of Benefits - Upon termination of service or retirement, participants entitled to payment under the Plan will have the option of receiving a lump sum distribution equal to their vested account balance or rolling their distribution over to an IRA or other qualified retirement plan.

I. Forfeited Accounts - Forfeitures may be applied to reduce future Sponsor contributions or to pay Plan expenses. Non-vested accounts in the amount of \$411,952 were forfeited during the year ended December 31, 2018, of which \$197,258 were used to reduce sponsor contributions. At December 31, 2018, accumulated forfeitures in the amount of \$243,050 were available to reduce future sponsor contributions or to pay Plan expenses.

2 - Summary of Significant Accounting Policies

A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recorded when the obligation is incurred.

B. Valuation of Investments - Interests in registered investment companies are stated at fair value as determined and certified by the Lincoln Financial Group Trust Company (the "Trustee"). Funds held in insurance company general account are stated at contract value as determined and certified by the Trustee. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

D. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were \$23,872 in corrective distributions for the year ended December 31, 2018.

E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

F. Subsequent Events - The Sponsor has evaluated subsequent events through September 13, 2019, the date the financial statements were available to be issued.

Notes to Financial Statements

3 - Information Certified by the Trustee

The Sponsor elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.

Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

4 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

5 - Income Tax Status

The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

7 - Fair Value Measurements (continued)

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level I	Level II	Level III	Total
Interest in registered investment companies	\$ 146,000,606	\$ -	\$ -	\$ 146,000,606

Assets at Fair Value as of December 31, 2017				
	Level I	Level II	Level III	Total
Interest in registered investment companies	\$ 149,612,775	\$ -	\$ -	\$ 149,612,775

Interest in registered investment companies includes money market funds and marketable securities that are valued using quoted prices on nationally recognized securities exchanges.

The preceding methods described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8 - Funds Held in Insurance Company General Account

The Plan has entered into a fully benefit-responsive investment contract with the Trustee. The Trustee maintains the contributions in a general account where they are invested in accordance with the Trustee's general account investment policy. The objective of the investment policy is to maximize long-term, risk-adjusted returns. The Trustee's general account assets are predominately fixed-income investments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

9 - Parties-in-Interest Transactions

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the year ended December 31, 2018 for these services totaled \$269,869. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.
