1. DESCRIPTION OF PLAN

The following description of the Sherwood Lumber Corp. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted on January 1, 1993 (amended on January 1, 2016), that covers all employees of Sherwood Lumber Corp. (the "Sponsor") who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees who have attained the age of 21 and 30 days of service are eligible to participate in the Plan, except union employees and nonresident aliens. Employees are eligible to receive employer matching and profit-sharing contributions after one year of service. Commission only sales associates are not eligible to receive profit-sharing contributions.

Participant Contributions

Participants may elect to defer up to 100% of their compensation (in increments of 1%), limited to the maximum amounts established under Internal Revenue Service ("IRS") regulations. Participants may elect to contribute pre-tax or post-tax (Roth) up to amounts established under IRS regulations. Contributions to the Plan include (a) voluntary employee contributions equal to the amount of total compensation that each participant has elected to defer (up to the maximum amount by law), (b) catch-up contributions for participants who have attained age 50, and (c) rollover contributions from other qualified defined benefit or defined contribution plans. The Sponsor may contribute a discretionary matching contribution or a discretionary employer profit-sharing contribution as management deems appropriate. Profit-sharing contributions are allocated to all eligible participants who are still employed on the last day of the Plan year, based on the participant's pro rata share of total compensation to all eligible participants. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trusts as investment options for participants.

Employer Contributions

The Sponsor matches 100% of the employee deferral that does not exceed 3% of the employee's total compensation, limited to a total match of $750 per plan year. The Sponsor may also make discretionary profit-sharing contributions to the Plan, to participants employed on the last day of the Plan year that have completed at least 1,000 hours of service during the Plan year and allocated based on the participants payroll as a percentage of the total payroll of all eligible participants. For the year ended December 31, 2018, the Sponsor elected to make discretionary profit-sharing contributions of $200,924, which are included in "Employer's contribution" in the accompanying statements of net assets available for benefits. The Sponsor paid the discretionary profit-sharing contribution on July 3, 2019. Contributions in any calendar year may not exceed the limits under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415.

1. DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of Sponsor matching contributions, Plan earnings and the Sponsor's discretionary profit-sharing contributions, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's matching and discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Forfeitures of contributions may be used to pay administrative expenses under the Plan or to reduce future discretionary contributions. As of December 31, 2018 and 2017, the amount of forfeited nonvested accounts was $6 and $-, respectively. For the year ended December 31, 2018, $6,710 of the forfeited amounts were used to reduce administrative expenses.

Notes Receivable from Participants

Participants may obtain loans against the value of their accounts. The maximum amount of the loan cannot exceed the lesser of a) $50,000 or b) 50% of the participant's vested account balance. Only two loans may be outstanding at any given time. The funds required to satisfy a loan request are paid not less frequently than quarterly from the participant's account in the various investment funds. The loans generally must be repaid within five years. Interest and principal repayments are credited directly to the borrower's respective account and are repaid by payroll deductions. The loans bear interest equal to one percentage point above the prime rate and will be fixed for the duration of the loans.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a deemed distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Participant Distributions

On termination of service due to death, disability or retirement, the Sponsor will allocate employer matching and discretionary profit-sharing contributions to employees. In addition, upon death or disability, participants become fully vested in all contributions. The normal retirement age for the Plan is 65. All participants leaving the Plan are paid their vested portion determined as of the end of the month in which termination occurs and are paid a lump-sum

amount. Benefits are paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable. In service distributions may be made to a participant who has not separated from service provided the participant has reached the normal retirement age. In addition, the Plan provides for participant withdrawals in the event of hardships, as defined in the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investments in common/collective trusts are valued at the net asset value ("NAV") per unit, as determined by the trustee at year end. The NAV is the practical expedient to estimate the fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed to participant accounts when they are incurred. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan Sponsor or directly from Plan assets, as provided by the Plan document. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts. Included in "Administrative expenses" in the accompanying statement of changes in net assets available for benefits are fees paid for professional fees and investment advisory and management fees.

Subsequent Events

In accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 855, *Subsequent Events*, the Plan has evaluated subsequent events through September 19, 2019, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2018, and for the year ended, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by Matrix Trust Company (the "Custodian,") and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Custodian that such information is complete and accurate.

	2018
Investments:	
Mutual funds	$ 4,685,793
Common/collective trusts	968,418
Total investments	$ 5,654,211

	2018
Dividends and interest	$ 278,639
Net depreciation in fair value of investments	$ (578,403)

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contributions.

6. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach*. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach*. Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach*. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

6. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2018 and 2017:

Description	Total at December 31, 2018	Level 1	Level 2	Level 3	Valuation Technique
Assets in fair value hierarchy:					
Mutual funds	$ 4,685,793	$ 4,685,793	$ -	$ -	(a)
Investments measured at net asset value*	968,418				
Total investments at fair value	$ 5,654,211				

Description	Total at December 31, 2017	Level 1	Level 2	Level 3	Valuation Technique
Assets in fair value hierarchy:					
Mutual funds	$ 4,667,912	$ 4,667,912	$ -	$ -	(a)
Investments measured at net asset value*	1,015,909				
Total investments at fair value	$ 5,683,821				

* Common/collective trusts. In accordance with FASB ASC Subtopic 820-10, the common/collective trust investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no changes in the methodology used at December 31, 2018 and 2017.

Mutual funds: Valued at quoted market prices, which represent the NAV of the securities held in such funds.

During the year ended December 31, 2018, there were no transfers between levels of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2018 and 2017:

	Fair Value Estimated Using Net Asset Value per Share December 31, 2018				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trusts	$ 968,418	$ -	Daily	None	None

	Fair Value Estimated Using Net Asset Value per Share December 31, 2017				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trusts	$ 1,015,909	$ -	Daily	None	None

8. TAX STATUS

The Plan uses a volume submitter plan document sponsored by Sentinel Benefits Group ("Sentinel"). Sentinel received an opinion letter from the IRS dated March 31, 2014, which states that the plan document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions of the Plan are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Plan Sponsor.
