E&H Family Group, Inc. Employees' 401(k) Profit Sharing Plan

Notes to Financial Statements (Modified Cash Basis)

Note 1. Description of the Plan

The following description of E&H Family Group, Inc. Employees' 401(k) Profit Sharing Plan (the Plan) is provided for general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established on June 30, 1959. It was amended and restated in its entirety effective January 1, 1991 to incorporate a cash or deferred arrangement as described in Section 401(k) of the Internal Revenue Code. Salary and hourly employees of E&H Family Group, Inc. and Subsidiaries (the Company) are eligible to become members of the Plan when they have attained age 21 years and completed at least one hour of service in six consecutive months or had completed one year of service as defined by the Plan document if part-time, temporary or seasonal employee.

On November 6, 2017, the Company sold a portion of its business to a newly formed entity, Styx Acquisition LLC (Styx), through an asset acquisition. Concurrent with this transaction, the Plan document was amended to define Styx as a participating employer in the Plan and allow those participants who became employees of Styx to continue their participation in the Plan through December 31, 2017. Effective December 31, 2017, the Plan was again amended to cease Styx's participation in the Plan.

In January 2018, 1,595 participant accounts and approximately \$38.4 million of net assets associated with the former participating employer, Styx, were transferred into the Buehler's Fresh Foods Employees' 401(k) Plan (Buehler's 401(k) Plan), sponsored by Styx, which constituted a spin-off of assets. The effective date of the spin-off, which is the date the Buehler's 401(k) Plan gained legal control of the related assets, was January 1, 2018.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may make contributions to the Plan not to exceed limits imposed by the Internal Revenue Code. Participants who attain age 50 before the end of the Plan year may be eligible for catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified plans. The Company's discretionary matching contribution for any given pay period is equal to each participant's contribution in such pay period (up to 6% of the participant's eligible compensation) multiplied by 25%. In addition, the Company may make an additional discretionary contribution at year end as determined by the Board of Directors. There was no year-end contribution made for the year ended December 31, 2018. Unless employees affirmatively elect not to participate, all eligible employees will be automatically enrolled in the Plan with participant contributions equal to 2% of eligible compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the employer contributions and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Amounts contributed by participants are immediately 100% vested and nonforfeitable. Vesting of the employer's matching contribution occurs upon completion of three years of eligible service in the Plan or upon death, disability or attainment of normal retirement age.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from one to five years, or a reasonable period in excess of five years, but not to exceed 15 years for the purchase of a primary residence. The notes are collateralized by the participant's account and bear interest at prime rate. Principal and interest is paid ratably through payroll deductions.

401(k) Profit Sharing Plan**

(Modified Cash Basis)**

Note 1. Description of the Plan (Continued)

Payment of benefits: A participant who has attained age 59-1/2 may elect to withdraw all or part of his or her vested account balance. A withdrawal of employee pretax contributions can also be made prior to this time if an employee encounters a severe financial hardship, as defined. When participants terminate their employment with the Company, the vested portion of their account balances are available to be distributed to the participants. Participants with a vested balance of \$5,000 or more may elect to receive either a lump-sum distribution or installment payments, or roll over the amount into another qualified plan. Participants with a vested balance greater than \$1,000 but not more than \$5,000 can elect either a lump-sum distribution or roll over the amount into another qualified plan. If such participants do not choose one of these options, the funds will be transferred into an individual retirement account (IRA) in the participant's name. For participants with a vested balance less than \$1,000 a lump sum payment is made.

Administrative expenses: Administrative expenses are paid by the Plan unless the Company elects to pay the amounts.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are used first to restore the Company accounts previously forfeited by participants returning to employment within one year and second to reduce Company contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$1 and \$0, respectively. The forfeitures used to reduce Company contributions totaled \$2,415 in 2018.

Plan termination: Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all rights and benefits would become fully vested and would not thereafter be subject to forfeiture.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan uses the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a settlement date basis. Interest and dividends are recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits to participants are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 27, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by BMO Harris Bank N.A.

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,781,812	\$ -	\$ -	\$ 9,781,812
Investments measured at net asset value ^(a)				1,104,066
Investments at fair value				\$ 10,885,878

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 45,910,901	\$ -	\$ -	\$ 45,910,901
Investments measured at net asset value ^(a)				4,569,779
Investments at fair value				\$ 50,480,680

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

During the years ended December 31, 2018 and 2017, there were no significant transfers in or out of Level 1, 2, or 3.

The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2018	2017			
Common/collective trust fund	\$ 1,104,066	\$ 4,569,779	None	Daily	None

Note 5. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 24, 2015, stating that the Plan is qualified under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore is exempt from income taxes. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 6. Party-in-Interest Transactions

BMO Harris Bank N.A. is the trustee, as defined by the Plan. Fees paid by the Plan for administrative and investment advisory services provided by the trustee or other related parties amounted to \$70,955 for the year ended December 31, 2018.

Note 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan has four investments that comprised 59% and 53% of the total Plan net assets at December 31, 2018 and 2017, respectively. This represents a concentration of credit risk.

Note 8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2018	2017
Net assets available for benefits per the financial statements	\$ 10,887,021	\$ 50,949,531
Accrued income	8,531	25,000
Net assets available for benefits per the Form 5500	<u>\$ 10,895,552</u>	<u>\$ 50,974,531</u>

The following is a reconciliation of the total increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2018:

Total decrease in net assets before spin-off per financial statements	\$ (1,712,026)
Change in accrued income	(16,469)
Total decrease in net assets before spin-off per the Form 5500	<u>\$ (1,728,495)</u>
