DONALD MARTENS AND SONS AMBULANCE SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Donald Martens and Sons Ambulance Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established January 1, 2013 as a voluntary defined contribution plan available to the employees of Donald Martens and Sons Ambulance Services, Inc., (the Employer or the Company). The Plan was amended and restated on January 1, 2017 covering all eligible employees of the Company who have reached 21 years of age and completed one year of full-time employment with the Company as defined in the Plan Document. Prior to January 1, 2017, the Company was a Participating Employer in the Axiom Multiple Employer 401(k) Savings Plan (Axiom Plan). The provisions of the Axiom Plan as applicable to the Participating Employer and its employees were based on the selections of the Participating Employer with respect to the variable features provided by the Axiom Plan and related adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute any amount of pre-tax and after tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. For the year ended December 31, 2018, individual participants' contributions were limited to \$18,500. Participants who are age 50 and older may also contribute an additional \$6,000 catch up contribution as permitted by the IRC for the year ended December 31, 2018.

The Plan provides for Employer matching and discretionary contributions. The Employer matching contribution is an amount equal to a matching percentage, which the Employer from time to time deems advisable, of the participant's eligible contributions for the plan year. For the year ended December 31, 2018, the Employer contributed an amount up to 6% of a participant's compensation. Such matching contributions amounted to \$49,232 for the year ended December 31, 2018.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of: (a) the Employer's discretionary matching contribution and discretionary contribution (if any) and (b) Plan earnings or losses, including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan Document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon.

DONALD MARTENS AND SONS AMBULANCE SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits, continued

Vesting in any Employer's contribution, plus any earnings or losses thereon, is based upon the number of years of continuous service as listed in the following table:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	-
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Forfeitures

Forfeitures are used to reduce the Employer's elective contribution and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as Employer matching contributions. Unallocated forfeitures included in net assets available for benefits as of December 31, 2018 and 2017 totaled \$31,304 and \$24,191, respectively.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$1,000 must elect a lump-sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with Internal Revenue Service (IRS) guidelines.

Participant notes receivable

Plan participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request, ranging from 4.25% - 6.25% at December 31, 2018. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

DONALD MARTENS AND SONS AMBULANCE SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Plan administration and expenses

The Plan is administered by the Company pursuant to the terms and conditions of the Plan. The Company contracted with Transamerica Financial Life Insurance Company (Transamerica or Custodian) under a group variable annuity contract to act as the Custodian. Transamerica invests each participant's account balance in pooled separate accounts. The Company contracted with 3(16) Fiduciary Services Corporation to act as the Plan's fiduciary. The Plan allows certain administrative expenses to be paid from Plan assets.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan Document.

Administrative expenses

Administrative expenses for the year ended December 31, 2018 were \$15,525.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

DONALD MARTENS AND SONS AMBULANCE SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

DONALD MARTENS AND SONS AMBULANCE SERVICES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Certified by the Custodian, Continued

Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;

- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2018 and 2017. During the years ended December 31, 2018 and 2017, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed fund - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Fair Value Measurements as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 2,310,571	\$ -	\$ 2,310,571

Pooled separate accounts and total in the fair value hierarchy	\$ -	\$ 2,558,264	\$ -	\$ 2,558,264

Investments, at fair value	<u>\$ -</u>	<u>\$ 2,558,264</u>	<u>\$ -</u>	<u>\$ 2,605,367</u>

* In accordance with subtopic 820-10, certain investments that were measured at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Note 5 – Fair Value of Investments in Entities that use Contract Value

The following table summarizes investments measured at fair value based on contract value as of December 31:

	2018	2017
Transamerica Stable Value Focus	<u>\$ 37,327</u>	<u>\$ 47,103</u>

The Transamerica Stable Value Focus, Managed Principal Protection Portfolio is composed primarily of fully benefit-responsive investment contracts and is reported at contract value in the accompanying financial statements. The guaranteed fund has no unfunded commitments and can be redeemed daily.

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and guaranteed fund administered by Transamerica. Therefore, transactions in these investments qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 8 – Tax Status

The Company adopted a Volume Submitter Profit Sharing Plan with CODA (VSPS Plan) sponsored by Pinnacle Financial Services, Inc. The IRS has determined and informed the VSPS Plan sponsor by a favorable determination letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the IRC. The VSPS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 9 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through September 20, 2019, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
