Note 1 - Plan Description

The following description of Sashco, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1995 and subsequently restated on March 1, 2017. The Plan is available to all employees age 18 years or older who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The management of Sashco, Inc. (the "Company") administers the Plan. Ascensus Trust Company (Ascensus) serves as trustee, manages plan assets, and maintains the Plan's records. Ascensus offers plan participants a variety of investment options through various mutual funds and money market funds. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 100 percent of their annual eligible compensation, as limited by the IRS, which is adjusted annually by the secretary of the treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Company may make a matching contribution equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals. During the year ended December 31, 2018, the Company made a matching contribution of 50 percent of participant's elective deferrals up to 6 percent of eligible participant compensation. Employees are eligible to receive employer contributions if they are participating in the Plan and have completed one month of service.

The Company may make a profit-sharing contribution equal to a discretionary pro rata formula based on the participant's eligible compensation for the plan year. Employees are eligible to receive the profit-sharing contributions if they are participating in the Plan and have completed 1,000 hours of service. There was no profit-sharing contribution made during the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, plan earnings or losses, forfeitures, and plan expenses. Allocations are based upon plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are immediately 100 percent vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Participants may have a maximum of two loans outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 3.25 to 5.25 percent, which are commensurate with local prevailing rates determined quarterly by the plan administrator at loan origination, and mature at various dates through October 2022. Loans have a maximum term of 5 years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 30 years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full.

Benefit Payments

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. Furthermore, the Plan allows for terminated participant vested account balances of $5,000 or less to be automatically distributed. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company. Benefits are recorded as distributions to participants when paid.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Administration

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation

The Plan's investments are stated at fair value.

The money market funds are valued at amortized cost, which approximates fair value. The valuation technique used to measure fair value of the mutual funds was based on quoted daily prices directly observable in the marketplace by market participants.

Investments are recorded at fair value as reported to the Plan by Ascensus. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected on the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date. See Note 4 for additional information.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

Various administrative costs are paid by the Company.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 16, 2019, which is the date the financial statements were available to be issued. In May 2019, the Company transferred all assets and participant balances to new a recordkeeper and trustee.

Note 3 - Unaudited Information

Ascensus holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Ascensus.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 3,019,435	$ -	$ -	$ 3,019,435
Money market funds	-	71,957	-	71,957
Total	$ 3,019,435	$ 71,957	$ -	$ 3,091,392

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 3,104,930	$ -	$ -	$ 3,104,930
Money market funds	-	54,889	-	54,889
Total	$ 3,104,930	$ 54,889	$ -	$ 3,159,819

The Plan's management reaffirms its understanding of the valuation techniques used at least annually. There were no changes to the valuation techniques used during the period.

Note 5 - Tax Status

The Plan did not obtain a plan-specific determination letter, as it operates with the Ascensus' opinion letter, which was issued on the basic plan document dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 6 - Related Party and Party-in-interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transactions rules.
