Tarkett 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Tarkett 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a safe harbor, defined contribution plan covering substantially all employees of Tarkett Enterprises Inc. (the Company and Plan sponsor) or employees of any of the following companies (the Participating Employers):

Tarkett Alabama Inc.
Tarkett USA Inc.
Diamond W. Supply Co.
Tandus Centiva Inc.
Lexmark Carpet Mills, Inc. (effective October 1, 2018)

An employee becomes eligible to participate in the Plan upon achieving certain service requirements with the Company or the Participating Employers, as defined in the Plan agreement. Employees covered by a collective bargaining agreement are subject to eligibility rules based on the Plan agreement. The Pension Administration Committee is responsible for oversight of the Plan. The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments: Effective January 1, 2017, the Plan agreement was amended to increase the employer matching contribution percentage for certain classes of employees. Effective April 1, 2017, the Plan agreement was further amended to change the employer matching contribution percentage for certain classes of employees covered by a collective bargaining agreement.

Contributions: Participants may elect to make salary-deferral contributions ranging from 1% to 80% of their annual compensation, as defined in the Plan agreement. Certain employees are subject to automatic enrollment in the Plan upon achieving certain service requirements, as defined in the Plan agreement, unless the employee elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

The Company will make a safe harbor matching contribution to the Plan equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee to all participants who are not covered by a collective bargaining agreement.

For participants who are members of the Johnsonite Bargaining Union represented by Local 507 of International Brotherhood of Teamsters (Local 507), the Company will match contributions each year, at a rate of 50% per each dollar contributed by the employee, up to a maximum of 6% of eligible compensation contributed. Effective April 1, 2017, the Company will match contributions each year, at a rate of 100% of the first 3% of eligible compensation contributed and 50% of the next 3% of eligible compensation. For the year ended December 31, 2018, the Company match for Local 507 was \$290,987.

For participants who are members of the Tarkett Alabama Bargaining Unit Employees Local No. 481 (Local No. 481), under the non-contributory portion of the Plan, the Company contributes an amount equal to \$0.70 for each hour worked by the participants. The Company funds this contribution subsequent to each Plan year for the immediately preceding Plan year. For the years ended December 31, 2018 and 2017, the Company contributed \$148,549 and \$125,544, which was funded by the Company in April 2019 and January 2018, respectively.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

For participating members of Local No. 481, the Company also matches contributions each year. If hired prior to October 1, 2012, matching contributions are at a rate of 40% per each dollar contributed by an employee, up to a maximum of 6% of eligible compensation contributed to the Plan. If hired after October 1, 2012, matching contributions are equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee. For the year ended December 31, 2018, the Company match for Local No. 481 was \$269,539.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of (a) the Company's discretionary contribution, and (b) Plan earnings, and charged with Plan losses, distributions and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In addition, participants are also 100% vested in their rollover contributions, employer matching contributions, qualified non-elective contributions, regular contributions and any earnings thereon.

For matching employer contributions under the contributory portion of the Plan, participants who are members of the Local No. 481 hired prior to October 1, 2012 are entitled to 20% of their account balance after two years of service and continue vesting ratably until 100% is attained after six years of service.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate, which is commensurate with local prevailing rates, as determined by the Plan Administrator. These rates range from 4.25% to 9.25% on loans outstanding at December 31, 2018, and mature through 2041. Principal and interest are repaid ratably through payroll deductions or alternative methods.

Payment of benefits: On termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may request a distribution equal to the value of the participant's vested interest in his or her account upon proper direction delivered to the trustee. Distributions may only be made in the form of a lump sum payable to the participant or beneficiary or a rollover into another qualified retirement plan. A participant may also elect to receive in-service distributions under the Plan upon the attainment of age 59½. Hardship withdrawals of elective contributions are permitted.

Former participants in the Tarkett Alabama Inc. Retirement and Savings Plan who had pension assets transferred into the Tarkett 401(k) Plan may elect to receive pension benefits in the form of a single life annuity or joint and 50% or 75% survivor annuity.

Forfeitures: Forfeited nonvested accounts totaled \$187 and \$134,417 at December 31, 2018 and 2017, respectively. The accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures in the amount of \$43,395 were used to pay Plan administrative expenses during 2018 and \$95,734 were used to reduce employer matching contributions.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Administration Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through September 24, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments, at fair value:		
Registered investment companies	\$ 139,631,729	\$ 152,973,806
Common/collective trust fund	20,576,104	18,480,455
Self-directed brokerage accounts	1,517,246	1,188,926
	<u>\$ 161,725,079</u>	<u>\$ 172,643,187</u>
Cash	<u>\$ 763</u>	<u>\$ -</u>
Notes receivable from participants	<u>\$ 4,929,025</u>	<u>\$ 4,741,725</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of net depreciation in fair value of investments of \$18,655,920, interest and dividend income of \$10,187,530 and interest income on notes receivable from participants of \$236,019 for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Consists of various registered investment companies, which are valued in a similar manner to registered investment companies described above, as well as interest-bearing cash, which is valued at the closing price reported on the active market on which the fund is traded, generally at \$1 per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$139,631,729	\$ -	\$ -	\$139,631,729
Self-directed brokerage accounts	1,517,246	-	-	1,517,246
Total assets in the fair value hierarchy	<u>\$141,148,975</u>	<u>\$ -</u>	<u>\$ -</u>	<u>141,148,975</u>
Investments measured at net asset value ^(a)				20,576,104
Investments, at fair value				<u>\$161,725,079</u>

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$152,973,806	\$ -	\$ -	\$152,973,806
Self-directed brokerage accounts	1,188,926	-	-	1,188,926
Total assets in the fair value hierarchy	<u>\$154,162,732</u>	<u>\$ -</u>	<u>\$ -</u>	<u>154,162,732</u>
Investments measured at net asset value ^(a)				18,480,455
Investments, at fair value				<u>\$172,643,187</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31.

<u>Investment</u>	<u>Fair Value</u>		<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2018</u>	<u>2017</u>			
Common/collective trust fund	\$ 20,576,104	\$ 18,480,455	\$ -	Daily	None

Note 5. Risks and Uncertainties

The Plan's assets are exposed to various risks such as credit, interest rate and market risks.

Credit risk: Arises from the potential for an issuer or other counterparty to default on its contractual obligations to the Plan. Investments are recorded at fair value. This represents the maximum credit risk exposure of the Plan.

Interest rate risk: Refers to the impact of interest rate changes on the Plan's financial position. Interest rate changes directly impact the fair value of fixed income securities held by the Plan. Interest rate changes will also have an indirect impact on the other assets in the Plan.

Market risk: Risk that the market value of an investment will fluctuate as a result of changes in market price.

Due to the level of risk associated with certain investment transactions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2018 and 2017, the Plan's investment in the common/collective trust fund comprised 12% and 10%, respectively, of the overall Plan assets, and the investment in two registered investment companies comprised 22% and 23%, respectively, of the overall Plan assets. These represent concentrations of credit risk.

Note 6. Income Tax Status

Effective January 1, 2012, the Plan adopted a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management Trust Company with a cash or deferral arrangement. The prototype plan received an opinion letter from the IRS as to the prototype plan's qualified status, dated March 31, 2014, and updated August 3, 2017. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 7. Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to the trustee, its affiliates and other parties-in-interest amounted to \$213,062 for the year ended December 31, 2018. Certain administrative expenses of maintaining the Plan are paid by the Company.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, discontinue or terminate the Plan at any time subject to the provisions under ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Subsequent Events

As a result of certain Company reorganizations, effective January 1, 2019, the named Plan sponsor became Tarkett Finance, Inc. In addition, participating employer, Tandus Centiva Inc., merged with another participating employer, Tarkett USA Inc.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Tarkett 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a safe harbor, defined contribution plan covering substantially all employees of Tarkett Enterprises Inc. (the Company and Plan sponsor) or employees of any of the following companies (the Participating Employers):

Tarkett Alabama Inc.
Tarkett USA Inc.
Diamond W. Supply Co.
Tandus Centiva Inc.
Lexmark Carpet Mills, Inc. (effective October 1, 2018)

An employee becomes eligible to participate in the Plan upon achieving certain service requirements with the Company or the Participating Employers, as defined in the Plan agreement. Employees covered by a collective bargaining agreement are subject to eligibility rules based on the Plan agreement. The Pension Administration Committee is responsible for oversight of the Plan. The Pension Administration Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments: Effective January 1, 2017, the Plan agreement was amended to increase the employer matching contribution percentage for certain classes of employees. Effective April 1, 2017, the Plan agreement was further amended to change the employer matching contribution percentage for certain classes of employees covered by a collective bargaining agreement.

Contributions: Participants may elect to make salary-deferral contributions ranging from 1% to 80% of their annual compensation, as defined in the Plan agreement. Certain employees are subject to automatic enrollment in the Plan upon achieving certain service requirements, as defined in the Plan agreement, unless the employee elects otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

The Company will make a safe harbor matching contribution to the Plan equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee to all participants who are not covered by a collective bargaining agreement.

For participants who are members of the Johnsonite Bargaining Union represented by Local 507 of International Brotherhood of Teamsters (Local 507), the Company will match contributions each year, at a rate of 50% per each dollar contributed by the employee, up to a maximum of 6% of eligible compensation contributed. Effective April 1, 2017, the Company will match contributions each year, at a rate of 100% of the first 3% of eligible compensation contributed and 50% of the next 3% of eligible compensation. For the year ended December 31, 2018, the Company match for Local 507 was \$290,987.

For participants who are members of the Tarkett Alabama Bargaining Unit Employees Local No. 481 (Local No. 481), under the non-contributory portion of the Plan, the Company contributes an amount equal to \$0.70 for each hour worked by the participants. The Company funds this contribution subsequent to each Plan year for the immediately preceding Plan year. For the years ended December 31, 2018 and 2017, the Company contributed \$148,549 and \$125,544, which was funded by the Company in April 2019 and January 2018, respectively.

Note 1. Description of the Plan (Continued)

For participating members of Local No. 481, the Company also matches contributions each year. If hired prior to October 1, 2012, matching contributions are at a rate of 40% per each dollar contributed by an employee, up to a maximum of 6% of eligible compensation contributed to the Plan. If hired after October 1, 2012, matching contributions are equal to 100% up to the first 3% of eligible compensation and 50% up to the next 3% of eligible compensation contributed by the employee. For the year ended December 31, 2018, the Company match for Local No. 481 was \$269,539.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of (a) the Company's discretionary contribution, and (b) Plan earnings, and charged with Plan losses, distributions and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. In addition, participants are also 100% vested in their rollover contributions, employer matching contributions, qualified non-elective contributions, regular contributions and any earnings thereon.

For matching employer contributions under the contributory portion of the Plan, participants who are members of the Local No. 481 hired prior to October 1, 2012 are entitled to 20% of their account balance after two years of service and continue vesting ratably until 100% is attained after six years of service.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years, or longer for the purchase of a primary residence. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate, which is commensurate with local prevailing rates, as determined by the Plan Administrator. These rates range from 4.25% to 9.25% on loans outstanding at December 31, 2018, and mature through 2041. Principal and interest are repaid ratably through payroll deductions or alternative methods.

Payment of benefits: On termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may request a distribution equal to the value of the participant's vested interest in his or her account upon proper direction delivered to the trustee. Distributions may only be made in the form of a lump sum payable to the participant or beneficiary or a rollover into another qualified retirement plan. A participant may also elect to receive in-service distributions under the Plan upon the attainment of age 59½. Hardship withdrawals of elective contributions are permitted.

Former participants in the Tarkett Alabama Inc. Retirement and Savings Plan who had pension assets transferred into the Tarkett 401(k) Plan may elect to receive pension benefits in the form of a single life annuity or joint and 50% or 75% survivor annuity.

Forfeitures: Forfeited nonvested accounts totaled \$187 and \$134,417 at December 31, 2018 and 2017, respectively. The accounts will be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures in the amount of \$43,395 were used to pay Plan administrative expenses during 2018 and \$95,734 were used to reduce employer matching contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Administration Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the participant contributions are withheld from amounts paid. Profit sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through September 24, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments, at fair value:		
Registered investment companies	\$ 139,631,729	\$ 152,973,806
Common/collective trust fund	20,576,104	18,480,455
Self-directed brokerage accounts	1,517,246	1,188,926
	<u>\$ 161,725,079</u>	<u>\$ 172,643,187</u>
Cash	<u>\$ 763</u>	<u>\$ -</u>
Notes receivable from participants	<u>\$ 4,929,025</u>	<u>\$ 4,741,725</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of net depreciation in fair value of investments of \$18,655,920, interest and dividend income of \$10,187,530 and interest income on notes receivable from participants of \$236,019 for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Tarkett 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Consists of various registered investment companies, which are valued in a similar manner to registered investment companies described above, as well as interest-bearing cash, which is valued at the closing price reported on the active market on which the fund is traded, generally at \$1 per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$139,631,729	\$ -	\$ -	\$139,631,729
Self-directed brokerage accounts	1,517,246	-	-	1,517,246

Investments measured at net asset value ^(a)				20,576,104
Investments, at fair value				<u>\$161,725,079</u>

	2017			
	Level 1	Level 2	Level 3	Total

Self-directed brokerage accounts	1,188,926	-	-	1,188,926

Investments measured at net asset value ^(a)				18,480,455
Investments, at fair value				<u>\$172,643,187</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31.

<u>Investment</u>	<u>Fair Value</u>		<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2018</u>	<u>2017</u>			
Common/collective trust fund	\$ 20,576,104	\$ 18,480,455	\$ -	Daily	None

Note 5. Risks and Uncertainties

The Plan's assets are exposed to various risks such as credit, interest rate and market risks.

Credit risk: Arises from the potential for an issuer or other counterparty to default on its contractual obligations to the Plan. Investments are recorded at fair value. This represents the maximum credit risk exposure of the Plan.

Interest rate risk: Refers to the impact of interest rate changes on the Plan's financial position. Interest rate changes directly impact the fair value of fixed income securities held by the Plan. Interest rate changes will also have an indirect impact on the other assets in the Plan.

Market risk: Risk that the market value of an investment will fluctuate as a result of changes in market price.

Due to the level of risk associated with certain investment transactions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2018 and 2017, the Plan's investment in the common/collective trust fund comprised 12% and 10%, respectively, of the overall Plan assets, and the investment in two registered investment companies comprised 22% and 23%, respectively, of the overall Plan assets. These represent concentrations of credit risk.

Note 6. Income Tax Status

Effective January 1, 2012, the Plan adopted a Volume Submitter Defined Contribution Plan sponsored by Fidelity Management Trust Company with a cash or deferral arrangement. The prototype plan received an opinion letter from the IRS as to the prototype plan's qualified status, dated March 31, 2014, and updated August 3, 2017. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to the trustee, its affiliates and other parties-in-interest amounted to \$213,062 for the year ended December 31, 2018. Certain administrative expenses of maintaining the Plan are paid by the Company.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, discontinue or terminate the Plan at any time subject to the provisions under ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Subsequent Events

As a result of certain Company reorganizations, effective January 1, 2019, the named Plan sponsor became Tarkett Finance, Inc. In addition, participating employer, Tandus Centiva Inc., merged with another participating employer, Tarkett USA Inc.
