1. DESCRIPTION OF PLAN:

The following description of the Pfaudler U.S. Employees 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering employees of Pfaulder (United States), Inc. (the "Company" or "Employer"). Employees must complete 30 days of service in order to be eligible for all contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Corporate Benefits Committee is responsible for oversight of the Plan. The Plan allows other employers to adopt its provisions. Another employer who has adopted the provisions of the Plan is Edlon, Inc.

Contributions

Subject to certain Internal Revenue Code ("IRC") limitations, participants may contribute a portion of their pre-tax and post-tax compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Unless electing otherwise, once an employee becomes eligible they are automatically enrolled into the Plan at a 4 percent deferral rate.

The Company makes matching contributions equal to 100 percent of the first 4 percent of eligible compensation that an employee (Non-Union) contributes to the Plan. Collective Bargaining Employees (Union) who are represented by Local No. 1498, United Steelworkers of America receive a fixed matching contribution equal to 50 percent of elective deferrals not to exceed 7 percent of eligible compensation each payroll period.

Union employees also receive a contribution equal to 3 percent of eligible compensation each pay period. Additional profit sharing amounts may be contributed at the option of the Company. During the period ended December 31, 2018, the Company also made profit sharing contributions equal to 3 percent of eligible compensation during each pay period for non-union employees.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contribution, as well as the Company's discretionary contribution (if any), and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100 percent vested immediately in their contributions and Employer contributions, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The interest rate on the loan is determined by the current prime lending rate of plus 1 percent.

Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions.

Excess contributions payable
Contributions received in error during 2017 were distributed in January 2018.

Payment of benefits
Participants are entitled to benefits beginning at normal retirement age (65). Upon termination of service, participants with a balance of $1,000 or less receive a lump sum distribution, no later than sixty days after the end of the Plan year in which they retire or terminate their employment. Account balances greater than $1,000 will receive a lump sum distribution or may elect to take installments of a period not to exceed the participants assumed life expectancy.

In-service distributions are permissible within the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment.

In conditions of “financial hardship”, a participant may apply to the plan administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are included as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., and Lincoln Financial Group Trust Company, Inc., have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018. Wells Fargo Bank, N.A. was a trustee of the Plan as of December 31, 2017 and from January 1, 2018 through July 31, 2018.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts. It is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The investment objective of the fund is to achieve stable income.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value at December 31, 2018

	Level 1	Level 2	Level 3	Assets at NAV	Total
Mutual funds	$ 23,685,491	-	-	-	23,685,491
Stable value fund	-	-	-	2,139,251	2,139,251
Total investments at fair value	$ 23,685,491	-	-	2,139,251	25,824,742

Assets at Fair Value at December 31, 2017

	Level 1	Level 2	Level 3	Assets at NAV	Total
Mutual funds	$ 23,262,663	-	-	-	23,262,663
Stable value fund	-	-	-	1,879,203	1,879,203
Total investments at fair value	$ 23,262,633	-	-	1,879,203	25,141,866

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$2,139,251	n/a	Daily	12 months

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$1,879,203	n/a	Daily	12 months

5. TAX STATUS:

The Company adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The IRS stated in the letter that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has since been amended. While the Company has not obtained its own determination letter on the Plan, management believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RELATED PARTY TRANSACTIONS:

Certain Plan investments are investments in money market and mutual funds managed by companies affiliated with Wells Fargo Bank, N.A. and Lincoln Financial Group Trust Company, Inc., the trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Several employees of the Company provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for the services of the employees to the Plan.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
