We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2018 and 2017 and for the years then ended that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. NOTE 1 – PLAN DESCRIPTION

The following description of the Plan provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General – The Plan is a defined contribution plan covering all employees of the Company who have at least three months of service. The Plan is subject to the provisions of ERISA.

(b) Employer Contributions – The Plan provides for both discretionary and matching contributions by the employer. The amounts of discretionary employer contributions, if any, are determined by the Board of Directors of the Company. The employer matching contributions are based upon amounts contributed by the employees. The employer matching contributions for 2018 and 2017 were made in an amount equal to 25% of a participant's contributions up to 8%, or 2% of gross compensation if the participant elects to contribute more than 8%, subject to certain Internal Revenue Code (IRC) limitations. No discretionary contributions were made by the Company in 2018 or 2017.

(c) Participant Contributions – Each plan participant may elect to make pretax and Roth contributions to the Plan as a percentage of the participant's compensation for such fiscal year in amounts up to the maximum permissible by the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

(d) Participant Accounts – Participants direct the investment of their contributions, as well as the Company's contribution, into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting – Employees are immediately vested in all of their accounts under the Plan.

(f) Notes Receivable From Participants – Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in that participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

(g) Distributions – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account, installments over a period not more than the participant's assumed life expectancy, or partial withdrawals of any portion of the participant's vested balance. For termination of service due to other reasons, a participant may receive the value in his or her account in a lump-sum distribution, rollover distribution, installment distributions, or partial withdrawals of the participant balance.

(h) Costs of Plan Administration – Certain administrative expenses of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for plan benefits and changes in those assets. The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts. Actual results could differ from those estimates.

(b) Trust Fund Administered by the Trustee – Under the terms of a trust agreement between the Trustee and the Company, the Trustee administers a trust fund on behalf of the Plan. Participants may elect to have a portion of their account balances invested in any combination of mutual funds investing in debt and equity instruments and a loan account, which accounts for all principal and interest outstanding on loans to plan participants.

(c) Trustee Certifications – The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator has obtained certifications from the Trustee that all of the information provided by the Trustee and included in the accompanying financial statements and schedule is complete and accurate. Information as to general investments, notes receivable from participants, earnings from investments, and related information in the accompanying schedule is presented in reliance solely upon these certifications.

(d) Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, as described more fully in note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Notes Receivable From Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. If a participant ceases to make

loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Subsequent Events – The Plan has evaluated subsequent events through September 6, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets and have the highest priority.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Mutual funds – valued at the daily closing price as reported by the fund (Level 1 inputs). Mutual funds held by the Plan are open-end mutual funds which are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – valued at the NAV of the units of the collective trust fund. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The collective trust fund has no unfunded commitments, has a daily redemption frequency, and has a one-day redemption notice period.

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

2018	Quoted market prices in active market for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Mutual funds	$ 16,381,730	—	—	16,381,730
Measured at net asset value – stable value collective trust fund				844,348
				$ 17,226,078

2017	Quoted market prices in active market for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Mutual funds	$ 17,718,874	—	—	17,718,874
Measured at net asset value – stable value collective trust fund				695,884
				$ 18,414,758

NOTE 4 – RELATED PARTY TRANSACTIONS

The Plan invests in various mutual funds offered by Fidelity Management Trust Company, the Trustee for the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and recordkeeping services amounted to $78,191 and $19,508 for the years ended December 31, 2018 and 2017, respectively.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for plan benefits.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants become 100% vested in their accounts. The Company may elect to have all assets transferred to another qualified plan in which all participants who would have otherwise received a distribution will have an interest, and each person's interest will be nonforfeitable as to amounts attributable to assets transferred on his or her behalf.

NOTE 7 – FEDERAL INCOME TAXES

The Plan was adopted by the Company using a standardized volume submitter plan sponsored by a third party. This third-party sponsor has provided the Company with a copy of the March 31, 2014

favorable opinion letter received from the Internal Revenue Service for the standardized volume submitter plan. The Plan has been subsequently amended and the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
