Note 1. Description of the Plan

The following description of the Ohio Nursing Home Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, which became effective January 1, 1986, is a defined contribution plan generally covering all qualifying employees of O'Neill Management, LLC. (the Company or Sponsor), Bradley Road Nursing Home, Inc., Bayview Hospice, LLC, Garnett Health Campus, LLC, Wellington Place, LLC, Center Ridge Nursing Home, Inc., and Lakewood Senior Campus, LLC. Employees of these entities are eligible to participate in the Plan if they are 21 years old and after completing one year of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA), as amended.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code. Participants who meet certain age requirements are eligible to make additional "catch-up contributions" also subject to certain dollar limits. The Plan also provides for employer discretionary matching contributions. The Company contributions are equal to 25 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company also has the option to make a discretionary profit sharing contribution to the Plan, on an annual basis. Profit sharing contributions are allocated to the accounts of the active participants at a rate of 0.6% of participants' eligible compensation as defined by the Plan. Discretionary profit sharing contributions of $109,076 were made for the year ended December 31, 2018.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation for (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Each participant is immediately and fully vested in all participant contributions and earnings thereon. Vesting in the remainder of the account balance is based on years of continuous service as follows:

Years of Service	Vesting
One but less than two	20%
Two but less than three	40%
Three but less than four	60%
Four but less than five	80%
Five or more	100%

Investment programs: Upon enrollment in the Plan, a participant may direct employer and employee contributions in any percentage increments into any of the available investment options. Participants may change their investment options in accordance with the rules established by the Plan Administrator.

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants are allowed to borrow a minimum of $1,000 and a maximum of 50% of their vested Plan account balance or $50,000, whichever is less. To be eligible, participants must be an active participant in the Plan and have a vested account balance of at least $2,000. Loan terms are up to five years or up to ten years if the loan is to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time of the loan as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deduction.

Benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Sponsor as determined by the Sponsor.

Forfeited accounts: At December 31, 2018 and 2017, unallocated forfeited accounts were not material to the financial statements.

Plan termination: Although it has not expressed any intent to do so, the plan sponsor has a right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Contributions receivable: Employer and participants contributions due to the Plan at year end are recorded as contributions receivable and are credited to the individual participant accounts.

Payment of benefits: Benefits to participants are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 24, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Standard Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017 and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

The following table presents the fair value of the Plan's assets as certified by the Standard Insurance Company.

	2018	2017
Pooled separate accounts	$ 10,767,346	$ 10,986,281
Notes receivable from participants	$ 178,865	$ 207,930

The custodian also certified to the completeness and accuracy the following for the year ended December 31, 2018:

Net depreciation in fair value of investments	$ (803,804)
Interest income on notes receivable from participants	$ 6,920

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the total of the net asset value per share of mutual funds and cash held by the account at year end. The Plan's interest in the pooled separate accounts are valued based on the information reported by the investment advisor.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The tables below present set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				10,767,346
Investments at fair value				$ 10,767,346

	2017			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value [(a)]				10,986,281
Investments at fair value				$ 10,986,281

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

For the years ended December 31, 2018 and 2017, there were no transfers in or out of Level 1, 2, or 3.

The following table sets forth additional disclosures for certain of the Plan's investments whose fair value is estimated using the net asset value per share (or its equivalent) as of December 31:

	Fair Value		Unfunded	Redemption	Redemption
Investment	2018	2017	Commitment	Frequency	Notice Period
Pooled separate accounts	$ 10,767,346	$ 10,986,281	None	Daily	None

Note 5. Tax Status

The Plan adopted a volume submitter plan sponsored by Standard Retirement Services Inc. The volume submitter plan has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by affiliates of Standard Insurance Company. Standard Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The administrative fees paid to either Standard Insurance Company or their affiliates amounted to $21,486 for the year ended December 31, 2018.

Note 7. Prohibited Transactions

During the years ended December 31, 2009 to 2018, the Sponsor failed to deposit a total of approximately $851,000 of participant deferrals (including loan repayments) within the required timeframe as prescribed by the United States Department of Labor (DOL). The DOL considers the late deposits to be prohibited transactions. For the years ended December. 31, 2009 – 2017, the Sponsor has remitted lost earnings, filed Form 5330 and paid the applicable excise tax. For the year ended December 31, 2018, the Sponsor is in the process of remitting the lost earnings, filing Form 5330 and paying the applicable excise tax. The excise tax payment will be made from the Sponsor's assets and not from the assets of the Plan.

Note 8. Subsequent Event

Effective March 1, 2019, the Plan changed its name to O'Neill Healthcare 401k Plan.
