Effective January 1, 2016, participants who have met the eligibility requirements are automatically enrolled in the Plan on a quarterly basis. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Ragland, Nick Ragland, Jr. and Peter Ragland are the trustees of the Plan. The Guardian Insurance & Annuity Company, Inc. served as Plan custodian, and Jacob Haxton & Boord, LLC served as the third-party administrator for the Plan through July 14, 2017. Effective July 15, 2017, Fidelity Management Trust Company serves as the Plan custodian and third-party administrator.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. The Company makes matching contributions of 100% of employees' salary deferral amounts that do not exceed 3% of the employees' compensation and 50% of the employees' salary deferral amounts that exceed 3% but do not exceed 5% of the employees' compensation. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. There were no profit-sharing contributions in 2018 or 2017. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing contributions into any of the separate investment accounts and may change the allocation daily. Effective January 1, 2016, the Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage (3% prior to October 2018, 5% subsequent to October 2018) of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions as well as the Company's safe harbor contributions plus earnings thereon. Vesting in the Company's matching contributions not already fully vested when made plus earnings thereon is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The nonvested balance is forfeited upon termination of service. Forfeitures are first used as a restoration of re-entering participant's forfeitures, then to reduce the Company's profit-sharing contributions, then to reduce the Company's matching contributions, and finally to reduce Plan expenses.

Payment of Benefits

Upon termination of service, participants receive a lump-sum amount equal to the value of their vested account. Prior to January 1, 2016, participants could also elect to receive partial payments (minimum of \$5,500). At December 31, 2018 and 2017, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2017, forfeitures totaled \$1,504 (none at December 31, 2018).

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to certain active eligible participants. Prior to January 2018, a participant loan may be for the following reasons: (1) the purchase, construction, or improvement of a residence or other real estate; (2) tuition and other educational expenses; (3) medical and dental expenses; or (4) eviction or foreclosure. Beginning in January 2018, participants are allowed to take general purpose loans. The minimum amount of the loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the present value of the participant's vested benefit under the Plan. All loans are covered by a promissory note and security agreement and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Gorilla Glue Company Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Guardian Insurance & Annuity Company, Inc., the custodian of the Plan through July 14, 2017, and Fidelity Management Trust Company, the custodian of the Plan since July 15, 2017, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017
- Investment (loss) income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	\$ 16,850,371	\$ 16,850,371	\$ -	\$ -

Mutual funds	\$ 14,592,651	\$ 14,592,651	\$ -	\$ -

The Gorilla Glue Company Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2018 and 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 3 securities identified.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$23,768 of fees through July 14, 2017 to Stadion Money Management, Inc., the investment advisor of the qualified default investment alternative. The Plan paid \$14,844 of fees from July 15, 2017 through December 31, 2017, and \$83,011 of fees for the year ended December 31, 2018, to Fidelity Management Trust Company, the Plan custodian. The Company provides certain administrative services at no cost to the Plan.

The Gorilla Glue Company Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Note 6: Tax Status

The Plan operates under a standardized adoption agreement in connection with a volume submitter 401(k) profit-sharing plan and trust sponsored by Fidelity Management and Research Company. This volume submitter document has been filed with the appropriate agency and has obtained a determination letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter constitutes a qualified plan under Section 401 of the Internal Revenue Code. The Plan has been amended since the volume submitter plan received the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 15, 2019, which is the date the financial statements were available to be issued.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There were no Level 3 securities identified.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$23,768 of fees through July 14, 2017 to Stadion Money Management, Inc., the investment advisor of the qualified default investment alternative. The Plan paid \$14,844 of fees from July 15, 2017 through December 31, 2017, and \$83,011 of fees for the year ended December 31, 2018, to Fidelity Management Trust Company, the Plan custodian. Notes to Financial Statements December 31, 2018 and 2017

Note 6: Tax Status

The Plan operates under a standardized adoption agreement in connection with a volume submitter 401(k) profit-sharing plan and trust sponsored by Fidelity Management and Research Company. This volume submitter document has been filed with the appropriate agency and has obtained a determination letter dated March 31, 2014, from the Internal Revenue Service stating that the volume submitter constitutes a qualified plan under Section 401 of the Internal Revenue Code. The Plan has been amended since the volume submitter plan received the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 15, 2019, which is the date the financial statements were available to be issued.
