Note 1: Description of the Plan

General

The following description of the Baker Companies 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan is a defined-contribution plan sponsored by Baker Construction Enterprises Inc. (Company) for the benefit of its employees who have met certain age and service requirements and are not represented by a collective bargaining agreement. Related employers who also participate in the Plan include Baker Concrete Construction, Inc., Baker DC, LLC, Baker Group Enterprises, LLC, Baker Equipment and Materials, LTD (BEAM), Baker International GP, Inc., Baker Pacific, LLC, Baker Construction International L.P., Baker Canada Holdings ULC, DL Baker Construction Canada ULC, Dugan and Meyers, LLC, Baker Concrete Structures, LLC, Briegan Concrete, LLC, Miller Builders, LLC, and Lithko Restoration Technologies, LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). BMO Harris Bank, N.A. is the trustee of the Plan, and OneAmerica Financial Partners, Inc. is the recordkeeper of the Plan.

In January 2017, Baker Concrete Construction, Inc. became the wholly-owned subsidiary of a newly formed holding company named Baker Construction Enterprises Inc. As part of the Company re-organization, Baker Construction Enterprises Inc. purchased all of the outstanding membership interest of Baker Equipment and Material, Ltd. (BEAM). The Baker Equipment and Material, Ltd. Retirement Savings Plan merged into the Baker Companies 401(k) Plan and is included as a transfer in on the statement of changes in net assets available for benefits.

In January 2017, a newly formed, wholly-owned subsidiary of Baker Construction Enterprises Inc. named Dugan & Meyers LLC purchased substantially all of the assets of Dugan & Meyers Interest, Inc. As part of this acquisition, certain participants in the Dugan & Meyers Construction Co. Profit Sharing Plan elected to roll their balances into the Baker Companies 401(k) Plan. These balances totaled \$6,892,729 and are included in the rollover contributions on the statement of changes in net assets available for benefits.

Effective January 2017, the Plan was amended to include BEAM, Baker International GP, Inc., Baker Pacific, LLC, Baker Construction International L.P., Baker Canada Holdings ULC, DL Baker Construction Canada ULC and Dugan & Meyers, LLC, in addition to other companies already covered by the Plan.

During 2018, the Company purchased substantially all of the assets of Miller Builders, LLC and Briegan Concrete, LLC, and purchased 90% of the equity ownership in Lithko Restoration Technologies, LLC. As part of these acquisitions, employees of Miller Builders, LLC and Briegan Concrete, LLC were considered eligible employees on the date of acquisition. Employees of Lithko Restoration Technologies, LLC were permitted to roll their existing balances into the Baker Companies 401(k) Plan. These balances totaled \$834,803 and are included in the rollover contributions on the statement of changes in net assets available for benefits.

Baker Companies 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to the maximum permitted by law (\$18,500 for 2018 and \$18,000 for 2017). Employee rollover contributions are also permitted. The Company made matching contributions of 100% of employees' salary deferral amounts of the first 3%, plus 50% of the next 2% in 2018 and 2017. Company profit-sharing contributions are discretionary as determined by the Company's Board of Directors. No such discretionary contributions were made for the years ended December 31, 2018 and 2017. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses.

Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor and discretionary matching contributions plus earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested in the Company's discretionary contributions after five years of continuous service. The nonvested balance is forfeited upon termination of service. The Company will designate how forfeitures occurring during a Plan year will be treated (either reducing employer contribution or offsetting Plan expenses).

Payment of Benefits

Upon termination of service due to death, disability or retirement, an employee may elect to receive either a lump-sum amount equal to the value of his or her account or annual installments over a 5 to 15 year period. For termination of services for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum.

Baker Companies 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Stable Value Fund is solely invested in the Wells Fargo Stable Return Fund J. This fund is a commingled pool of the Wells Fargo Trust for Employee Benefit Plans. The fund may invest in fixed-interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed-income securities.

The Plan's interests in this fund is valued based on information reported by the investment advisor using the audited financial statements of the stable value fund at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Baker Companies 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Tax Status

The Plan was created and operates in connection with a volume submitter 401(k) profit-sharing plan and trust sponsored by OneAmerica Financial Partners, Inc. This volume submitter plan document has been filed with the appropriate agency and obtained a determination letter dated September 24, 2015 from the Internal Revenue Service stating that the volume submitter plan constituted a qualified plan under Section 401 of the Internal Revenue Code. The Plan Document has been amended since the volume submitter plan received the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. BMO Harris Bank N.A., the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statement of net assets available for benefits as of December 31, 2018 and 2017
- Investment (loss) income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

December 31, 2018 and 2017

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the Plan trustee and affiliated companies and at times maintains a cash reserve account with this trustee. These transactions qualify as party-in-interest transactions. The Plan paid \$222,565 and \$192,108 to BMO Retirement Services during 2018 and 2017, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

Baker Companies 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2018 and 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and a money market fund. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include the stable value fund, which is valued based upon the quoted market prices of the underlying investments.

Money market fund: Valued at quoted market prices in active markets.

Mutual funds: Valued at quoted market prices in active markets.

Stable value fund: Valued at the net asset value (NAV) as reported by the fund daily. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$26,881 were not remitted within the required time period for the year ended December 31, 2017.
