Star Savings Screw Co. Savings and Investment Plan

Notes to Financial Statements

Years Ended December 31, 2018 and 2017

Note 1 - Description of Plan

The following description of the Star Stainless Screw Co. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan designed to provide benefits to employees of Star Stainless Screw Co. (the "Company") who have at least six months of service and are age twenty and one-half (20.5) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. Contributions

Eligible employees may pay into the Plan as a salary reduction contribution up to 90% of their eligible compensation to the maximum allowed by the Internal Revenue Code (\$18,500 and \$18,000 for the years ended December 31, 2018 and 2017, respectively). Individuals aged 50 or older are eligible to make additional annual catch-up contributions to a maximum of \$6,000 for 2018 and 2017.

The employer makes a 50% matching contribution to a maximum of \$3,500 and \$3,125 for the years ended December 31, 2018 and 2017, respectively. In addition, the Plan allows for discretionary employer profit sharing contributions as determined by the plan sponsor, however, none were made during the years ended December 31, 2018 or 2017.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, and Plan earnings. Allocations of the underlying investments' performance are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately 100% vested in their own contributions and earnings thereon.

Vesting in the employer's contributions and earnings thereon will be based on years of service. The participant is 20% vested after two years of service, increasing by 20% per year to 100% in the next four subsequent years. Years of service before the Plan's effective date of January 1, 1995 are not included.

e. Forfeitures

A forfeiture is that portion of a participant's account which the participant loses upon termination of employment. It is equal to the non-vested portion of the account. The forfeitures will first be applied to offset administrative expenses and then to reduce future employer contributions to the Plan. Net assets available for plan benefits include forfeitures of \$16 at December 31, 2018 and 2017.

Note 1 - Description of Plan - Continued

f. Administrative Costs

The Plan sponsor pays all costs incurred to administer the Plan except for certain account level transaction based fees, which are charged by the custodians.

g. Loans to Participants

Loans to participants are not permitted.

h. Payment of Benefits

Upon termination of service, participants with vested balances under \$5,000 are required to receive a lump sum payment. Participants with vested balances over \$5,000 are required to take a lump sum payment, installments over a period of time not to exceed the more than assumed life expectancy, or partial withdrawals.

i. Risks and Uncertainties

The Plan's investment options allow participants to select, in any combination, from a portfolio of mutual funds and common/collective trusts with varying investment strategies and philosophies. Such investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting.

b. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Purchases and sale of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value (net investment gain/loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies - Continued

c. Payment of Benefits

Benefit payments to participants are recorded when paid.

d. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

e. Subsequent Events

Subsequent events have been evaluated through July 24, 2019 the date the financial statements were approved and authorized for issue by the plan administrator.

Note 3 - Investments Certified by the Trustee

The information regarding the Plan's investments was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information.

Investments as of December 31, 2018 and 2017 were comprised of the following:

	<u>2018</u>	<u>2017</u>
Registered investment companies (mutual funds)	\$ 20,108,241	\$ 21,878,311
Common/collective trusts	<u>1,550,844</u>	<u>457,286</u>

Note 3 - Investments Certified by the Trustee - Continued

For the years ended December 31, 2018 and 2017, the Plan experienced the following income, gains, and losses:

	2018	2017
Net appreciation (depreciation) in fair value	\$ (1,949,026)	\$ 1,879,628
Dividend income	\$ 1,131,406	\$ 932,656

Note 4 - Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the ("FASB") Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the Topic are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Registered investment companies (mutual funds) are valued at the daily closing quoted market prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded on open exchanges.

Note 4 - Fair Value Measurements - Continued

Common/collective trust funds are valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value collective trust fund (EB MaGIC Fund) includes fully benefit-responsive investment contracts and valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,108,241	\$ -	\$ -	\$ 20,108,241

Note 4 - Fair Value Measurements - Continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

Description	December 31,		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2018 Fair Value	2017 Fair Value			
Stable value collective trust fund:					
EB MaGIC Fund	\$ 1,141,635	\$ 192,486	N/A	Daily	12 Months
State Street S&P 500 Index Fund VI	\$ 409,209	\$ 264,800	N/A	Daily	N/A

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax Status

The Plan has not obtained its own determination letter from the Internal Revenue Service ("IRS"). The Plan has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008. The plan administrator believes that the Plan, as designed, is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that is more likely than not to be realized. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.
