Notes to Financial Statements
December 31, 2018 and 2017

Note 1 - Plan Description

The following description of The Employer Retirement Savings Plan - Premier Health Partners (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan, established January 1, 2008, is a defined contribution plan covering certain eligible employees of Premier Health Partners (the Plan Sponsor) and several organizations that are affiliated with the Plan Sponsor (collectively, the Company or Employer). Eligible employees who have attained the age of 18 and one year of service, as defined, are eligible to participate in the Plan, subject to certain exclusions, as defined. A plan restatement effective January 1, 2018 lowered the age at which employees are eligible to participate from 21 to 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2011, the Plan was amended and restated to include only nonprofit participating companies. Accordingly, all for-profit companies' (MVHE and Health Specialists of Dayton) balances were transferred to the MedAmerica Health Systems Corporation 401(k) Plan. In addition, effective January 1, 2011, employees may no longer make contributions to this Plan.

Effective January 1, 2019, Fidelity Management Trust Company (Fidelity) became the trustee and custodian of the Plan and the Plan was restated on a volume submitter plan document. No significant changes to the Plan's provisions were made with the restatement. All Plan assets were transferred to Fidelity beginning on December 31, 2018. At December 31, 2018, Fidelity had received the participant directed brokerage accounts and the participant notes receivable assets. The non-interest bearing cash related to this transfer was reinvested in other investment vehicles in January 2019 with Fidelity.

Contributions – The Company makes matching contributions equal to 25 percent of the participants' pre-tax contributions into the Employee Retirement Savings Plan – Premier Health Partners (the EE RS Plan) up to 6 percent of compensation deferred into the Plan.

The EE RS Plan was restated effective January 1, 2018 to add an automatic enrollment feature. Newly eligible employees are automatically enrolled in the plan at a deferral rate of 3 percent of compensation. Employees may opt out of the automatic enrollment at any time. All eligible employees not contributing to the Plan or contributing less than 3 percent as of January 3, 2018 were automatically set to defer at 3 percent in January 2018, unless they made an alternative affirmative election between October 31, 2017 and January 3, 2018.

Certain participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts – Each participant's account is credited with contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant directed.

Vesting – Participants are immediately 100 percent vested in previously allowed employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in the Company's contributions after three years of service.

Note 1 - Plan Description (Continued)

Benefits Payments – Upon termination of service or upon death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than $1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balances into a qualified account and avoid any premature distribution penalties. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½ or in the event of financial hardship, as defined by the Plan.

Forfeitures – If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce Company contributions, pay administrative expenses of the Plan or allocated to eligible participants in proportion to account balances. At December 31, 2018 and 2017, forfeited account balances totaled $41,531 and $307,390, respectively. During 2018, $60,000 and $131,209, respectively, was used to reduce Company contributions and allocated to eligible participants. No forfeitures were used to reduce Company contributions or allocated to eligible participants during 2017. During the years ended December 31, 2018 and 2017, $270,491 and $49,093, respectively, were used to pay administrative expenses.

Party-in-interest Transactions – Certain plan assets are in investments managed by Metropolitan Life Insurance Company (MetLife) or their affiliates. MetLife was the trustee and custodian for the Plan throughout 2018 and 2017. Fidelity Management Trust Company replaced MetLife as custodian beginning on December 31, 2018. Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination – While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable – Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable – Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectable.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain administrative costs are paid by the Company and are excluded from these financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events – The financial statements and related disclosures include evaluation of events up through and including September 12, 2019, which is the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee

Reliance Trust Company, the trustee and custodian of the Plan, holds certain of the Plan's investment assets and participant notes receivable and executes certain investment transactions as of and for the years ended December 31, 2018 and 2017. The investment balances, participant notes receivable balances and related investment income and losses included in the accompanying financial statements and schedule of assets held at end of year are based solely on information certified by MetLife, acting as agent for Reliance Trust Compan**y**, except the participant notes receivable and participant directed brokerage account balances at December 31, 2018 held by Fidelity and the non-interest bearing cash at December 31, 2018 related to the transfer of plan assets to Fidelity.

Note 4 - Tax Status

During 2018 and 2017, the Plan was a prototype plan. The prototype plan received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, was qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. Following are the three levels of the fair value hierarchy:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: The accounts hold primarily cash, common stocks, and mutual funds which are valued at daily closing prices and are deemed to be actively traded.

Guaranteed investment contract: The guaranteed investment contract is not considered benefit responsive and is reported at fair value. The contract invests in the general assets of MetLife; however, since there are no specific securities in MetLife's general account related to this contract and due to contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

December 31, 2018

	Level 1	Level 2	Level 3	Total
Asset in fair value hierarchy:				
Participant directed brokerage accounts	$ 173,237	$ -	$ -	$ 173,237

December 31, 2017

	Level 1	Level 2	Level 3	Total
Asset in fair value hierarchy:				
Mutual funds	$ 43,232,543	$ -	$ -	$ 43,232,543
Participant directed brokerage accounts	193,375	-	-	193,375
Guaranteed investment contract	-	2,056,892	-	2,056,892
Investments at fair value	$ 43,425,918	$ 2,056,892	$ -	$ 45,482,810

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2018 or 2017.

Total assets transferred into the Plan as a result of the merger were $22,517,571. No other significant changes to Plan provisions were noted in the restatement.
