To the Plan Administrator
Spectra Logic 401(k) Profit Sharing Plan

We have audited the financial statements of Spectra Logic 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2018 and have issued our report thereon dated September 18, 2019. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 26, 2019, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on July 26, 2019.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Spectra Logic 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2018.

PRAXITY™
Empowering Business Globally

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was related to the valuation of the investments.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 18, 2019.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

This information is intended solely for the use of plan management, the plan administrator, and management of Spectra Logic 401(k) Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Plante & Moran, PLLC

The plan administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2018 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note 1 - Plan Description

The following description of Spectra Logic 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1994, and the adoption agreement was amended and restated effective January 1, 2016. The Plan is available to employees age 18 years or older on the first day of the month following employment, except for certain employees subject to collective bargaining agreements, interns, and nonresident aliens. All eligible employees are automatically enrolled in the Plan unless the employee opts out. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The management of Spectra Logic Corporation (the "Company") administers the Plan. Executives of the Company serve as trustees for the Plan. Great-West Trust Company, LLC (GW Trust) and Great-West Life & Annuity Insurance Company (GW Life) serve as custodian, manage plan assets, and maintain the Plan's records. GW Trust and GW Life offer plan participants a variety of investment options through various mutual funds, collective investment trusts, self-directed funds, and a guaranteed insurance contract. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax or after-tax Roth 401(k) contributions of up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Automatic enrollment in the Plan sets the pretax deferrals at 6 percent. Participants have the right to elect a different deferral percentage or to opt out of the automatic enrollment.

The Company may elect, at its sole discretion, to make matching contributions funded on a pay-period basis to the Plan. For 2018, the Company approved a matching contribution of 50 percent of employee deferrals for the first 6 percent of contributions to the Plan, with a $3,000 annual cap on matching contributions. The Plan further allows for a discretionary annual contribution to be made to participants who are employed on the last day of the plan year or who are deceased or disabled during the plan year. No such contribution was made during the plan year ended December 31, 2018. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon.

Any employer contributions (including forfeitures) and earnings or losses thereon made prior to January 1, 2016 shall be 100 percent vested. Participants with at least three years of service as of January 1, 2016 shall be 100 percent vested at all times. Participants with less than three years of service as of January 1, 2016, for employer contributions made after January 1, 2016, will vest as follows:

Years of Service	Vesting Percentage
Less than 1	- %
1	25
2	50
3	75
4	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age (the age of 59½) while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and, as of December 31, 2018, bear interest at rates that range from 4.25 percent to 6.25 percent, which are commensurate with local prevailing rates, as determined periodically by the plan administrator. The notes receivable mature at various dates through April 2032. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be lump-sum distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan to an individual retirement account, so long as the participant has not made an election to the contrary. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2018 and 2017, forfeited account balances totaled $4,130 and $17,010, respectively.

The Plan used $42,173 for the year ended December 31, 2018 to reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The common collective trust funds are valued at net asset value per share (NAV) (or its equivalent) of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 18, 2019, which is the date the financial statements were available to be issued.

Note 3 - Assets Certified by the Custodian

GW Life and GW Trust have certified in writing to the plan administrator that the stated amounts for investments and notes receivable from participants as of December 31, 2018 and 2017 and the income earned or losses incurred thereon for the year ended December 31, 2018, as reflected in the accompanying financial statements and the supplemental schedule of assets held at end of year, are complete and accurate.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the custodians, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Investment Contracts

The Plan has a benefit-responsive investment contract with GW Life. GW Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate are based on formulas agreed upon with the issuer. Under the terms of the contract, the effective interest rate will never be less than 0 percent.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 75 days or over time.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Note 5 - Fair Value Measurements (Continued)

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018

Investments measured at NAV - Common collective trusts	5,655,893	
Total investments at fair value	$ 29,386,566	

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017

Investments measured at NAV - Common collective trusts	5,479,542	
Total investments at fair value	$ 30,797,606	

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the IRS. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Administration of Plan Assets

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

The Plan also has expense offset arrangements that consist of fees being paid to third-party service providers directly through the use of investment fee rebates made available by the Plan's third-party investment manager. Investment rebates of approximately $108,000 were received by the Plan and utilized to reduce plan expenses during the year ended December 31, 2018.

Note 8 - Related Party and Party-in-interest Transactions

Certain plan investments are insurance company general accounts and mutual funds, which are managed by GW Life and GW Trust. GW Life and GW Trust are the asset custodians, as defined by the Plan; therefore, these transactions qualify as party in interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.
