We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Atrium Health System 401(k) Savings Plan

Notes to Financial Statements December 31, 2018 and 2017

Note 1 - Plan Description

The following description of Atrium Health System 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering certain employees of Atrium Health System (the Plan Sponsor) and several organizations that are affiliated with The Plan Sponsor (collectively, the Company or Employer). Employees who have attained the age of 21 and have completed at least 12 months and 1,000 hours of service are eligible to participate in the Plan, subject to certain exclusions as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, employees who were not employed and were not a participant in the Plan at December 31, 2015 and employees who are not entitled to benefits under an affiliated defined benefit plan under the Atrium legacy formula, as defined, are ineligible to participate in this Plan effective January 1, 2016.

The Plan was restated effective December 31, 2017 to freeze the Plan. No further contributions are permitted in the Plan.

Contributions – Prior to December 31, 2017, participants could contribute a portion of their compensation as a pretax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code (IRC). Additionally, highly compensated employees could not contribute more than 4 percent of their compensation. Participants could also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants who reach age 50 could elect to make up catch-up contributions.

The Company made matching contributions equal to 50 percent of the participant's pretax contributions for the first 2 percent of compensation deferred, and 25 percent of the participant's pretax contributions for the next 4 percent of compensation deferred.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's matching contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant directed.

Vesting – Participants' contributions and Company matching contributions and related earnings thereon are fully vested at all times.

Benefit Payments – Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than \$1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balances and avoid any premature distribution penalties. Additionally, the Plan allows withdrawals of vested account balances prior to termination upon attainment of age 59 ½.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses – Certain administrative costs are paid by the Company and are excluded from these financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events – The financial statements and related disclosures include evaluation of events up through and including September 12, 2019, which is the date the financial statements were available to be issued.

Note 3 – Information Prepared and Certified by Trustee

Bank of America, N.A., the trustee of the Plan, holds the Plan's investments and executes all related transactions as of and for the years ended December 31, 2018 and 2017. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets (held at end of year) are based solely on information provided by the trustee.

Note 4 – Tax Status

The Plan has adopted a volume submitter plan. The volume submitter plan has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014 indicating that the Plan, as designed, is qualified for tax-exempt status. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 – Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. Following are the three levels of the fair value hierarchy:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund is deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) which is based on the value of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The investment objective of the fund is to achieve stable income.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

December 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Investments</u> <u>at NAV</u>	<u>Total</u>

December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Investments</u> <u>at NAV</u>	<u>Total</u>
Asset in fair value hierarchy:					
Mutual funds	\$ 22,335,502	\$ -	\$ -	\$ -	\$ 22,335,502
Money market fund	242,346	-	-	-	242,346
Investments measured at NAV:					
Common collective trust	-	-	-	3,425,543	3,425,543

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2018 and 2017.
