To the Plan Sponsor and Administrator
Logic PD 401(k) Retirement Savings Plan
6201 Bury Drive
Eden Prairie, Minnesota 55346

Except as discussed in the following paragraph, in planning and performing our Department of Labor ("DOL") limited scope audit of the financial statements of the Logic PD 401(k) Retirement Savings Plan (the "plan") as of and for the year ended December 31, 2018 in accordance with auditing standards generally accepted in the United States of America, we considered the plan's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 8 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified a deficiency in internal control that we consider a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, detected, or corrected by the plan's internal control on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the plan's internal control to be a significant deficiency:

- > The internal control system, as defined by auditing standards, includes the system in place to prepare the financial statements, including applicable disclosures, in accordance with generally accepted accounting principles. The plan sponsor and administrator relies on us to prepare the financial statements for the plan.

This communication is intended solely for the information and use of management, the plan sponsor and administrator, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

To the Plan Sponsor and Administrator
Logic PD 401(k) Retirement Savings Plan
6201 Bury Drive
Eden Prairie, Minnesota 55346

Thank you for using Baker Tilly Virchow Krause, LLP ("Baker Tilly") as your independent auditor.

We have completed a Department of Labor ("DOL") limited-scope audit of the financial statements of the Logic PD 401(k) Retirement Savings Plan (the "plan") as of and for the year ended December 31, 2018, and have issued our report thereon dated October 1, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. This letter presents communications required by our professional standards.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As communicated in our engagement letter dated March 28, 2019, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS") except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the Trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by the Fidelity Management Trust Company, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on June 13, 2019.

Significant Findings

Qualitative Aspect of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Logic PD 401(k) Retirement Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2018.

We noted no transactions entered into by the plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements identified.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Management Representations

We have requested certain representations from management that are included in the management representation letter. This letter has been provided to you.

Independence

We are not aware of any relationships between Baker Tilly and the plan that, in our professional judgment, may reasonably be thought to bear on our independence.

Relating to our audit of the financial statements of the plan as of and for the year ended December 31, 2018, Baker Tilly Virchow Krause, LLP hereby confirms in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, that we, in our professional judgment, are independent with respect to the plan. During the year ended December 31, 2018, Baker Tilly Virchow Krause, LLP provided the following services to the plan:

- > Preparation of financial statements
- > Preparation of adjusting journal entries, if necessary.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

In July 2019, the AICPA Auditing Standards Board (ASB) issued Statement on Auditing Standards (SAS) No.136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA. The SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), and changes the form and content of the related auditor's report, including when management elects to have an audit performed pursuant to ERISA Section 103(a)(3)(C). The SAS is effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2020.

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 1 - Description of the Plan

The following description of the Logic PD 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) whereby contributions to the Plan consist of participant salary reduction deferrals, discretionary matching Company contributions, and discretionary non-elective Company contributions. The Plan sponsor, administrator, and employer is Logic PD, Inc. (the Company). The Plan sponsor and administrator appointed Fidelity Management Trust Company, as the Trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Substantially all employees who have completed one month of service and are at least 18 years of age are eligible to participate in the Plan.

Contributions

Participants may contribute up to the maximum allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). In addition, participants are also able to make Roth (after-tax) contributions to the Plan. If the participant is 50 years of age or older, they may elect to defer additional amounts that are not to exceed \$6,000 (catch-up contributions) for the year ended December 31, 2018.

The Company's matching contribution for the year end December 31, 2018 was equal to 50% of the first 6% of the participant's salary, with a maximum match of 3% of the participant's salary.

Each Plan year, the Company will determine whether to make a separate profit sharing contribution. The Company did not make a separate profit sharing contribution to the Plan for the year ended December 31, 2018.

Participant Accounts

Participants can designate the investment of their accounts from various funds with pre-selected investment objectives.

Each participant's account is credited with the participant's salary reduction deferral, Roth, catch-up contributions, rollover contributions and an allocation of the Company's contributions, if any, and Plan earnings. Individual accounts are charged with an allocation of administrative expenses. Earnings from the fund are allocated on the basis of participant account balances invested in the respective funds.

Investment Options

All investments in the Plan are participant directed. The Plan offers various investment options consisting of mutual funds and a self-directed brokerage account.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction deferrals, Roth, catch-up contributions, rollover contributions, safe harbor matching contributions, and the earnings thereon.

Vesting in the Company's matching contributions is based on years of continuous service as follows: 20% after one year, 40% after two years, 60% after three years, 80% after four years, and 100% after five years. Vesting in the Company's discretionary profit sharing contributions, if any, is based on years of continuous service as follows: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. Each participant also becomes 100% vested on termination of service due to death, disability, termination of the Plan, or upon normal retirement age as defined by the Plan. For purposes of determining the extent to which a participant is vested, a year of service is defined as the completion of at least 1,000 hours of service during any year of employment with the employer.

Forfeited Non-Vested Accounts

As of December 31, 2018 and 2017, forfeited nonvested accounts totaled \$42,953 and \$40,098, respectively. These accounts are used to reduce Company matching contributions or to pay expenses in future Plan years. During the year ended December 31, 2018, the Plan used \$91,183 from forfeited nonvested accounts to reduce Company contributions and used \$30,166 to pay Plan expenses.

Payment of Benefits

On termination of service, a participant (or in case of death, the participant's beneficiary) will receive a single lump sum equal to the value of his or her vested account balance if this balance does not exceed \$1,000 or may choose a) lump sum payment, b) a rollover to another IRA or qualified plan, c) part lump sum, and part installments or d) installment payments if this balance exceeds \$1,000. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested salary reduction deferral account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the administrator. The interest rate the administrator determines must be commercially reasonable and once determined, will remain constant throughout the term of the loan. Interest rates ranged from 5.25% to 7.25% and 5.25% to 6.5% as of December 31, 2018 and 2017, respectively. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are recorded at amortized cost plus accrued interest.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 Fair Value of Financial Instruments for details on inputs, valuation techniques, and fair value measurement level within the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust funds: The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient for the year ended December 31, 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 4 - Risks and Uncertainties

The Plan provides for investments in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2018, the Plan's net assets available for benefits were invested in three funds that individually were more than 10% of the net assets and aggregated approximately 65% of net assets available for benefits.

As of December 31, 2017, the Plan's net assets available for benefits were invested in four funds that individually were more than 10% of the net assets and aggregated approximately 82% of net assets available for benefits.

NOTE 5 - Plan Tax Status

The Plan is placing reliance on an opinion letter dated May 21, 2015, received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 8 - Information Certified by Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

NOTE 9 - Reconciliation of Financial Statements to Schedule H Form 5500

The reconciliation between the financial statements and form 5500 as of December 31, 2018 and 2017 for the year ended December 31, 2018 is as follows:
