**NOTE 1 - Description of Plan and Summary of Significant Accounting Policies**

The following description of the First Defiance Financial Corp. 401(k) Employee Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows for employee pretax deferrals, safe-harbor employer matching and non-elective ("discretionary") employer contributions. The Plan also allows for Roth deferrals effective July 1, 2012. Employees of First Defiance Financial Corp. ("Company") are generally eligible to participate in the Plan to make salary deferral contributions and Roth deferral contributions after one hour of service provided they are at least 21 years of age. To be eligible for Company safe-harbor or discretionary contributions, employees are generally eligible if they are at least 21 years of age and have worked for two months during the first year of employment. In years subsequent to the first year of employment, any employee eligible to participate in the Plan is eligible to receive the safe-harbor match regardless of the number of hours worked during that year and any participant that has worked 1,000 hours during a Plan year and who is an active employee on the last day of the Plan year would also be eligible for a discretionary contribution. Plan entry dates are defined by the Plan as being January 1, April 1, July 1 and October 1.

**Contributions**

Each year, participants may elect to defer up to 100% of pretax annual compensation and bonus compensation, up to the IRS maximum contribution limits, as defined by the Plan. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also complete In-Plan Roth rollover contribution transactions, effective July 1, 2012. For 2018, the Company contributed for each participant a safe-harbor matching contribution equal to 100% of the participant's contributions up to 3% of eligible compensation and then 50% of the participants' contributions for the next 2% of eligible compensation. Additional discretionary Company contribution amounts may be contributed at the option of the Company's Board of Directors. There was \$0 of discretionary contributions in 2018.

**Participant Accounts**

Each participant's account is credited with the participant's contribution, employer safe-harbor matching contributions, and employer discretionary contributions as accrued and charged with his or her withdrawals and an allocation of administrative expenses. Plan earnings are allocated to participant accounts based on units or shares in the participant's account.

---

**NOTE 1 - Description of Plan and Summary of Significant Accounting Policies *(continued)***

Employer safe-harbor matching contributions are paid bi-weekly. The Company's discretionary contribution is paid after the completion of the plan year and is allocated to eligible participants. Participants who have less than 1,000 hours of service during the plan year and participants whose employment is terminated before the last day of the plan year, except for participants who retire, die or become disabled, do not receive an allocation of the Company's discretionary contribution. The benefit to which a participant is entitled is the vested value of the participant's account.

**Vesting**

Participants are immediately vested in their elective deferral contributions and the Company's safe-harbor match, plus actual earnings thereon. Vesting in the Company's employer matching and discretionary contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant with more than three years of service is 100% vested. Participants with less than three years of service have no vesting in the Company's matching or discretionary contributions. Participants who die or become disabled while still employees of the Company become vested 100% even if they otherwise would not meet the years of service requirements.

**Investment Options**

Upon enrollment in the Plan, participants direct contributions in 1% increments in any of the investment options offered by the Plan. Participants may change their investment options at any time.

**Notes Receivable from Participants**

Participants may borrow up to one-half the vested value of their account under the Plan provided such loan does not exceed \$50,000. The minimum loan amount is \$1,000. Loans made bear a fixed rate of interest equal to prime plus one percent at the time the loan is granted. Effective May 1, 2012 no more than two loans may be outstanding at a time and loans will not be refinanced.

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

The Plan allows for lump sum distributions as well as any distribution method provided in an investment vehicle that is permitted by the Plan. Also, effective July 1, 2012, the Plan allows for in-service distributions from all accounts upon attainment of age 59 ½. Participants may also elect to receive a distribution for reasons of proven financial hardship from their employee deferral account.

Benefit payments are recognized when paid.

**Forfeited Accounts**

Forfeited nonvested accounts, to the extent they relate to employer discretionary contributions, are used first to reduce the Plan's administrative expenses then to reduce employer discretionary contributions in the plan year in which the forfeiture occurs.

There was \$2,277 and \$3,545 in forfeited nonvested accounts available to reduce future employer matching contributions at December 31, 2018 and December 31, 2017 respectively.

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Expenses**

All significant administrative expenses of the Plan are borne by the Plan. Certain investment fees are deducted from Plan assets and are reflected in the net appreciation (depreciation) of Plan investments (see Note 3).

**NOTE 2 – Fair Value Measurements**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

*Pooled separate accounts* – The Plan's investments in pooled separate accounts are through direct investments in the John Hancock Life Insurance Company (U.S.A.) Separate Account B (Separate Account B). The fair values of participation units held in sub-accounts of the Separate Account B, other than stable value sub-accounts, are based on their net asset values, as reported by the managers of the sub-accounts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Each of the non-stable value sub-accounts invests in single or multiple mutual funds and provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset values per unit. The investment strategies of these sub-accounts are consistent with each of the mutual funds identified in the name of the fund.

*Stable value fund* – The Plan's investment in a pooled separate account stable value fund is through direct investment in Separate Account B. The fair values of participation units in the stable value sub-account are based upon the net asset values of such fund reported by the fund manager as of the financial statement dates and recent transaction prices. The fund invests in diversified fixed income mutual funds, separately managed bond accounts, and in book value stabilizing agreements offered by high quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. The fund provides for daily redemptions by the Plan at reported net asset value per share,

**NOTE 3 – Investments – Unaudited Information**

John Hancock Life Insurance Company (U.S.A.) (“JH”) holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan’s investments included in the financial statements has been certified by them. This certified investment information has not been audited by independent accountants. JH is the issuer of all of the investments held by the Plan as of December 31, 2018 and 2017.

**NOTE 4 – Rights Upon Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100 percent vested in their accounts.

**NOTE 5 – Risks and Uncertainties**

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is possible that changes in values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 6 – Tax Status**

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (the “Code”). Although the Plan has been amended from the original prototype document, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018 and 2017 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and other regulatory bodies (such as the Department of Labor); however, there are currently no audits for any tax years in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

**NOTE 7 – Parties-In-Interest**

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan is administered by the Plan Trustees, First Federal Bank Trust Department. The Plan receives fees from JH which amounts are used by the Trustee to pay qualified Plan expenses or if these amounts are not fully utilized by year-end, any remaining balance will be redistributed as earnings to Plan participants.

Notes receivable from participants totaled \$644,476 and \$603,686 at December 31, 2018 and 2017, respectively and are considered to be party-in-interest transactions.

All investments at December 31, 2018 and 2017 are managed by JH, who is also record keeper of the JH Separate Account B and sub-accounts. The sundry expenses presented on the statement of changes in net assets consist of fees paid to JH for certain services provided as record keeper of the Plan.

**NOTE 8 - Subsequent Events**

Plan management has evaluated subsequent events for recognition and disclosure through September 16, 2019, which is the date the financial statements were available to be issued.
