NOTE 1 — DESCRIPTION OF PLAN

The following description of the Accella Performance Materials, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Accella Performance Materials, Inc. and adopting employers (the Company) who are exempt employees with 30 days of service or non-exempt employees with 60 days of service, and are twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was merged into the Carlisle, LLC Employee Incentive Savings Plan effective the close of business December 31, 2018. The funds held by T. Rowe Price were transferred as of December 31, 2018.

Contributions

Participants may contribute up to 100% of annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a safe harbor contribution, calculated each pay period, equal to 100% of participants' elective deferrals that do not exceed 3% of compensation, plus 50% of participants' elective deferrals in excess of 3% of compensation, not to exceed 5% of compensation.

Discretionary matching contributions are determined annually by the Company's Board of Directors. There was no discretionary matching contributions for the year ended December 31, 2018.

Discretionary profit sharing contributions are determined annually by the Company's Board of Directors. Profit sharing contributions are allocated to each participant based upon the ratio of the participant's compensation to the total compensation for the Company. There were no profit sharing contributions for the year ended December 31, 2018.

Contributions are subject to certain limitations. Participants may also transfer funds to the Plan from other qualified retirement plans.

Investment Options

Participants of the Plan elect investment accounts in which their contributions, as well as Company contributions, are invested. The investment account options comprise various degrees of risk and return.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions and investment earnings based on their selected investments. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company safe harbor contributions, plus earnings thereon. Vesting in the Company's remaining contribution portion of their accounts is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of the participant's vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate must be reasonable compared to similar business loans. Principal and interest is paid ratably through weekly, biweekly, monthly, or quarterly payroll deductions.

Payment of Benefits

On termination of service, a participant may receive the value of the vested interest in his or her account in a lump-sum distribution. The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements.

Forfeited Accounts

Forfeitures may be used to pay administrative expenses or to reduce Company contributions. Forfeitures of \$20,245 were used to reduce the Company contributions during the year ended December 31, 2018. Unallocated forfeitures were \$0 and \$10,843 at December 31, 2018 and 2017, respectively.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

Subsequent events were evaluated through September 20, 2019, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017:

Mutual funds: Valued at the daily closing price reported by the fund, which is the quoted net asset value (NAV) of shares.

Common/collective trust: Valued at the NAV of units of the fund, which is based on the estimated market value of the underlying investments less its liabilities. The stable value common/collective trust invests in a fund in which the underlying assets consist primarily of fully benefit-responsive investment contracts. The fund is valued at NAV, the practical expedient to estimate fair value.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

* Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table presents additional information for Plan investments that calculate net asset value per share (or its equivalent).

NOTE 4 — CERTIFIED INVESTMENTS

Information related to investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, disclosed in the accompanying financial statements, was obtained or derived from data provided to the plan administrator and certified to as complete and accurate by Reliance Trust Company, the trustee.

NOTE 5 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and interest in a collective trust managed by T. Rowe Price, custodian for the Plan. These transactions qualify as party-in-interest transactions. The Plan paid \$66,422 in fees to the custodian during the year ended December 31, 2018.

NOTE 6 — TAX STATUS

As this Plan is a volume submitter defined contribution plan, the Internal Revenue Service issued an advisory letter dated June 1, 2015, stating that while they do not issue a determination as to whether a specific employer's plan is qualified, any employer who adopts this Plan will be considered to have a plan qualified under code Section 401(a) provided all the terms are not more favorable for officers, owners, or highly compensated employees than for other employees. Management believes that the Plan has operated in compliance with all the terms provided in the nonstandardized plan agreement.

NOTE 7 — CONTRIBUTIONS FROM SETTLEMENT

Arnco, a subsidiary of Accella Performance Materials, Inc., received a settlement from a lawsuit. The settlement was awarded to shareholders, which included employees under the Arnco ESOP. Employees under the Arnco ESOP became participants in the Accella Performance Materials, Inc. 401(k) Plan after the acquisition of Arnco by Accella in 2016. From the settlement, the Plan received \$851,683, which was allocated to employees according to the terms of the settlement. This amount was included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 8 — CORRECTIVE CONTRIBUTIONS

In 2018, the Company discovered that there were operational errors related to automatic enrollment in 2017. As a result, the Company made corrective contributions to affected participants totaling \$106,736, which was included in other contributions in the statement of changes in net assets available for benefits.
