1. DESCRIPTION OF THE PLAN

The following description of the First Trust Portfolios L.P. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan, amended and restated effective January 1, 2015 to comply with regulatory requirements, covering substantially all salaried and non-salaried employees of First Trust Portfolios L.P. (the "Partnership"), the sponsor of the Plan. BMO Harris Bank N.A. ("BMO" or the "Trustee") serves as trustee and custodian of the Plan. OneAmerica Retirement Services LLC provides recordkeeping and administrative services. The Plan, established on March 16, 1992, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility of Participants — Employees of the Partnership become eligible for participation in the Plan on the date of hire. The effective date of participation is the first day of the month following the hire date. If the first day of employment is the first day of the month, benefits are effective immediately. In addition, once eligibility requirements have been met, employees may enter the Plan monthly, on the first day of each month.

Contributions — The Plan is funded by participants' pre-tax voluntary contributions and may also be funded by Partnership contributions. Each year, participants may contribute up to 100% of their pre-tax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Effective July 1, 2012, the Plan was amended to exclude all fringe benefits, expense reimbursements, deferred compensation and welfare benefits from the definition of plan compensation for purposes of matching contributions. During the year ended December 31, 2018, the Partnership made matching contributions equal to 25% of a participant's contributions, up to 6% of a participant's eligible compensation. Participants need to be employed on the last day of each quarter to receive that quarter's match. The Plan also permits catch up contributions and rollovers.

Plan Amendments—Effective December 31, 2017, the Plan was amended to reflect Internal Revenue Service announced changes and to provide clarifying provisions related to other Plan provisions.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Partnership's matching contribution, and the participant's investment earnings, and charged with withdrawals, activity fees, and the participant's investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may direct their investments through a trustee sponsored brokerage account, which offers the option to invest in a variety of individual stocks, exchange traded funds, limited partnerships, mutual funds, collective trusts and money market funds.

Vesting — Participants are 100% vested at all times in the portion of their account attributable to their contributions and the earnings thereon. Partnership contributions and earnings thereon vest at a rate of 20% per year over a period of five years.

Notes Receivable from Participants — Participants may borrow from their Plan accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The maximum loan term is 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan. Interest rates are based on the prime rate plus 2% at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Distributions and Withdrawals — Participation in the Plan terminates upon retirement, death, or disability; such former participant or designated beneficiary will receive a lump-sum distribution. Upon termination of employment with the Partnership, for other than retirement, death, or disability, participants with vested account balances less than $1,000 will receive a lump-sum distribution, while the participants with vested account balances of $5,000 or more may elect to receive a lump-sum distribution or may elect to defer payment until reaching the age of 65. For participants with vested account balances between $1,000 and $5,000, the Plan document provides that this amount, if not otherwise directed by the employee, will be rolled over into an IRA. Participants of the Plan actively employed by the Partnership upon attainment of the normal retirement age of 65 may elect to defer distributions until the earlier of an actual retirement date or age 70½.

Participants may withdraw a portion of their vested account balance upon demonstrating a "financial hardship" as defined in the Plan document.

Forfeited Accounts — Amounts related to forfeited nonvested accounts are used to reduce Partnership contributions. For the year ended December 31, 2018, Partnership contributions were reduced by $19,431 from forfeited nonvested accounts. There were forfeitures outstanding of $8,250 and $14,717 as of December 31, 2018 and 2017, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The money market fund is represented by the net asset value ("NAV") of their shares. The limited partnerships are publicly listed and are valued at quoted market prices at year end. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Exchange Traded Funds are valued based on at the daily closing price as reported by the fund. The collective trusts are valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has a revenue-sharing agreement, whereby certain investment managers return a portion of the investment fees to the Plan. These fees or revenue sharing amounts are allocated to individual participant accounts based on their respective shares of each investment. For the current year, $112,203 was allocated from the revenue-sharing agreement and is included in Net appreciation. The Plan held undistributed revenues of $2,393 and $5,174 on December 31, 2018 and December 31, 2017, respectively.

Notes Receivable from Participants — Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Contributions — Contributions from participants are recorded when withheld from payroll. Employer matching contributions are recorded on a quarterly basis.

Administrative Expenses — Expenses recorded in the statement of changes in net assets available for benefits include loan activity charges and activity charges for other withdrawals. All other administrative expenses of the Plan are paid by the Partnership. Fees paid by the Plan for mutual fund and collective trust investment management services are included as a reduction of return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2018 and 2017.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. For the year ended December 31, 2018, there were no transfers in or out of Levels 1, 2, or 3.

The following tables set forth by level within the fair value hierarchy a summary of the Plan investments at December 31, 2018 and 2017, both of which are measured at fair value on a recurring basis.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of four collective trusts and one mutual fund managed by the Partnership and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on the collective trusts and mutual fund. Certain investment managers affiliated with the Plan return a portion of the investment fees to the plan under a revenue sharing agreement. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, any unallocated amounts will be allocated to participant accounts in accordance with the Plan document; all amounts in participant accounts will then become fully vested, and participants will be entitled to a distribution equal to their entire account balance.

7. FEDERAL INCOME TAX STATUS

The plan uses a prototype plan document sponsored by BMO. BMO received an opinion letter from the Internal Revenue Service ("IRS"), dated September 24, 2015, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. SUBSEQUENT EVENTS

Management has evaluated events subsequent to December 31, 2018, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through October 1, 2019, the date these financial statements were available to be issued. Based upon this evaluation, it was determined the only subsequent event requiring disclosure is as follows.

Effective March 1, 2019, the Plan was amended to provide Automatic Enrollment with a 6% deferral for those participants who contribute less than 6%. Employees who currently defer 6% or more are not subject to Automatic Enrollment. Employees may choose to opt out of the Automatic Enrollment with proper notice. The Plan will also implement an annual 1% auto-escalation of contributions up to 15% as of January 1, 2020.
