Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cathedral Hill Associates (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all eligible employees of the Company, CHA La Mirada, LLC, CHA Southcenter, LLC, and CHA Galleria, LLP who have completed three months of service and are age 21 or older. Collectively bargained employees and nonresident aliens are not eligible to participate in the Plan. The Plan Administrative Committee is responsible for oversight of the Plan. Management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a percentage of their pretax or after-tax (Roth) annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

The Company may make a discretionary matching contributions equal to a percentage of the participant's elective deferrals. All employees who are employed on the last day of the plan year and who have worked at least 1,000 hours during the plan year are eligible to receive the Company's discretionary matching contribution. There were no discretionary matching contributions for 2018.

The Company may also make a discretionary non-elective contribution. There were no discretionary non-elective contributions for 2018.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as defined. Allocations are based on participant earnings

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts (Continued)
account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, as follows:

0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

In the event of death or total and permanent disability or termination of the Plan, participants become 100% vested in their account balance.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. Loan terms range from one to five years, or more if for the purchase of a primary residence. The maximum number of loans a participant may have outstanding at any time is one.

Payment of Benefits
Upon termination of service, death or disability, participants or their beneficiaries may elect to receive a lump sum amount equal to the value of the participant's vested account balance or annual installments over a specified period not to exceed the life expectancy of the participant. Additionally, the Plan allows for in-service withdrawals upon attainment of age 59 ½, or at any time for financial hardship. At December 31, 2018 and 2017, the account balances of terminated participants with vested balances were approximately $311,000 and $416,000, and will be recorded as a reduction to net assets when paid.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts
At December 31, 2018 and 2017, forfeited non-vested accounts totaled $2,760 and $2,693. This account may be used at the discretion of the Plan sponsor to pay plan expenses, reduce future employer contributions, or reallocate as additional employer contributions. In 2018, no forfeitures were used.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 25, 2019, the date these financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares of the underlying assets (i.e. mutual funds) in each account held by the Plan at year end as determined by the Custodian.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2018			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts				
Mutual Funds	$ 1,359,009	$ -	$ 1,359,009	$ -

	December 31, 2017			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts				
Mutual Funds	$ 1,414,495	$ -	$ 1,414,495	$ -

NOTE 4 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with AXA Equitable Life Insurance Company (AXA) totaling $178,138 and $178,848 for 2018 and 2017. AXA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a monthly basis for resetting.

NOTE 4 - GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AXA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. However, no events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and income for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules which was prepared by or derived from information provided by AXA Equitable Life Insurance Company (custodian), and furnished to the Plan administrator.

The Plan administrator has obtained certification from the custodian that the information provided to the Plan administrator by the custodian, related to the following assets and related income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following:

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (Continued)

	2018	2017
Investments, at fair value	$ 1,359,009	$ 1,414,495
Investments, at contract value	$ 178,138	$ 178,848
Notes receivable from participants	$ 27,942	$ 15,653
Investment Income:		
Net depreciation in fair value of investments	$ (95,366)	
Interest and dividends	$ 4,356	
Interest income on notes receivable from participants	$ 1,009	

NOTE 6 - DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2018, the Plan sponsor inadvertently failed to deposit approximately $1,370 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor will take the necessary corrective action and restore participant accounts and deposit lost earnings in 2019. The corrections will be made from the Plan sponsor's assets and not from assets of the Plan.

NOTE 7 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined as a fiduciary or employee of the plan, any person who provides service to the plan, an employer whose employees are covered by the plan, employee organizations whose members are covered by the plan, a person who owns 50 percent or more of such an employer or employee organization, or a relative of such persons mentioned.

The Plan’s investment options are held in participant directed accounts at AXA Equitable Life Insurance Company. Therefore, any transaction executed with AXA Equitable Life Insurance Company qualifies as a party-in-interest transaction. Certain costs are incurred as transactions occur. These costs are included in the price of investments bought and/or sold and are not separately quantifiable.

The Plan’s records are maintained by AXA Equitable Life Insurance Company, the third-party administrator of the Plan (TPA); therefore, any transaction executed with the TPA qualifies as a party-in-interest transaction; however, there are no transactions with the TPA other

NOTE 7 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

than payment of its services. For the year ended December 31, 2018, TPA administrative fees were paid by the Plan.

The Plan sponsor is a party-in-interest. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. In addition, some administrative expenses of the Plan may be paid by the Company.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 9 - TAX STATUS

The Plan has adopted AXA Equitable Life Insurance Company sponsored Defined Contribution Volume Submitter Plan. The AXA Equitable Life Insurance Company sponsored plan received a favorable opinion letter dated March 31, 2014, which stated the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the code to maintain its qualification. Although the Plan has not received an opinion letter specific to the Plan, and has been amended since receiving the opinion letter, the Plan administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. For years prior to 2015, the Plan is no longer open for income tax examinations.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - RECLASSIFICATIONS

Certain amounts in the 2017 financial statements have been reclassified to conform to the 2018 presentation with no effect on net assets available for benefits.
