Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Contractors Retirement Plan, which comprise the statements of net assets available for benefits at December 31, 2018 and 2017 and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Pentegra Retirement Services, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Nationwide Financial Services, Inc., the custodian of the Plan, holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Note 1 - Description of Plan

The following description of The Contractors Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2014, is a defined contribution plan covering all eligible employees of The LandTek Group, Inc. (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated on January 1, 2015.

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. Investments of the Plan are held by Nationwide Financial Services Inc. (the "Custodian"). The trustee of the Plan and of the Master Trust is Pentegra Retirement Services (the "Trustee"). The recordkeeper of the Plan is Fringe Benefit Group, Inc.

Master Trust

The Plan invests in a Master Trust. The Trustee is responsible for managing, holding and controlling the assets of the Master Trust for the Plan's benefit, among other fiduciary responsibilities. The Master Trust reports as a 103-12 Investment Entity, as defined under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's investments reported in these financial statements are the underlying assets of the Master Trust, which consists of pooled separate accounts and collective trusts.

The purpose of the Master Trust is the collective investment of the assets of participating employee benefit plans. The Trust's assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified and allocating among the plans (in proportion to the fair value of the assets assigned to each plan) the income and expenses resulting from the collective investment of the assets.

Contributions

All employees are eligible to participate in the Plan immediately upon the date of hire. An employer contribution will be made for each eligible participant while performing work covered by prevailing wage laws. The Plan allows discretionary employer profit sharing contributions, employer prevailing wage contributions and employee rollover contributions.

Contributions into the Plan are based on the prevailing wage rate based on the jurisdictions the participant is working in.

The employer may make contributions in amounts to help satisfy the fringe benefit requirements of the prevailing wage laws.

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

The law imposes a maximum limit on the amount of contributions that may be made to a participant's account and any other amounts allocated to any of the accounts during the Plan year, excluding earnings. Beginning in 2015, this total cannot exceed the lesser of $53,000 or 100% of the participant's annual compensation. After 2015, the dollar limit may increase for cost-of-living adjustments.

Participant Accounts

Each participant's account is credited with the employer's contributions and profit sharing contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in the Sponsor's contributions and actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid monthly directly by the participants over a period not to exceed five years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Interest rates on loans outstanding at December 31, 2018 range from 3.25% to 5.25%.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

New Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. This standard will require certain changes in how a plan presents its interest in a master trust. For example, it will require presentation of its interest in each master trust and changes in each trust in separate line items on the financial statements, remove the requirement to disclose the percentage interest in the master trust for plans with divided interests, and require disclosure of the dollar amount of the plan's interest in each of the general types of investments held by the master trust. The ASU is effective for fiscal years beginning after December 15, 2018 and should be applied retrospectively to all periods presented, with early application permitted. Management of the Plan has not determined whether implementing this ASU will have a material impact on the Plan's financial statements.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Pentegra Retirement Services, as trustee of the Plan, at December 31, 2018 and 2017 and for the year ended December 31, 2018. This information has not been audited by the independent auditors.

	2018	2017
Cash - participant loan line	$ 204,074	$ 104,177
Investments held by Master Trust, at fair value:		
Pooled separate accounts	$ 9,321,899	$ 9,034,910
Stable value collective trust fund	183,597	158,660
	$ 9,505,496	$ 9,193,570
Notes receivable from participants	$ 490,179	$ 379,913
Net depreciation in fair value of investments	$ (786,287)	
Interest income on notes receivable from participants	$ 17,833	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Included in Level 2 are pooled separate accounts that invest in mutual funds. The fair value of the underlying mutual funds are publicly quoted pricing inputs and are used in determining the net asset value ("NAV") of the pooled separate accounts, which are not publicly quoted.

Stable value collective trust fund: Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 - Fair Value Measurements (cont'd.)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018 and 2017. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 9,321,899	$ -	$ 9,321,899
Stable value collective trust fund [(a)]				183,597
Total Assets at Fair Value				$ 9,505,496

	Investments at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 9,034,910	$ -	$ 9,034,910
Stable value collective trust fund [(a)]				158,660
Total Assets at Fair Value				$ 9,193,570

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 - Cash - Participant Loan Line

The Plan allows participants to allocate a portion of their account balances into a participant loan line. Participants can allocate a minimum of $1,000 up to the same maximum prescribed for notes receivable. The allocated funds are held in a separate account to be used as a loan line of credit that participants may borrow against by use of a dedicated debit card or other funding options. Each funding request by a participant becomes a participant loan receivable. These funds are shown as cash - participant loan line on the statements of net assets available for benefits. Loans are not collected by payroll deduction, as they are repaid directly by the participants, who receive a monthly bill. The interest charged on these loans is the same as that charged for notes receivable.

Note 6 - Related Party Transactions and Party-In-Interest Transactions

The Trustee of the Plan is Pentegra Retirement Services. Fringe Benefit Group, Inc. is the recordkeeper of the trust. The master trust pays Fringe Benefit Group, Inc. for various administrative and recordkeeping fees. Therefore, the transactions related to these investments qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax Status

The Plan has adopted the Plan Benefit Services Inc. Prototype Non-standardized Profit Sharing Plan with CODA. Accordingly, the Plan is permitted to rely on the Plan Benefit Services Inc.'s opinion letters. The Internal Revenue Service has determined and informed Plan Benefit Services Inc. by a letter dated April 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 10 - Plan Interest in Contractors Retirement Plan Master Trust

In 2015, the The LandTek Group, Inc. entered into the Contractors Retirement Plan Master Trust (the "Trust"). The Trust was established to hold the investments of money purchase pension plans for participating employers.

The investments in the Trust consist of pooled separate accounts and collective trusts and are valued as described in Note 4.

The Trust's assets are allocated among participating plans by assigning to each plan those transactions (primarily contributions and benefit payments) which can be specifically identified and allocating among the plans (in proportion to the fair value of the assets assigned to each plan) the income and expenses resulting from the collective investment of the assets.

The proportionate interest of the Plan in the Trust at December 31, 2018 and 2017 was approximately 1.0% and 0.9%, respectively. The following table presents the fair values of investments for the Trust at December 31, 2018 and 2017 and investment income for the year ended December 31, 2018:

	2018	2017
Assets		
Investments, at fair value		
Insurance company general account	$ 21,858,015	$ 20,884,329
Pooled separate accounts	937,849,196	980,700,783
Collective trusts	20,835,772	46,495,403
	$ 980,542,983	$ 1,048,080,515
Investment loss:		
Net depreciation of investments	$ (70,184,484)
