Notes to Financial Statements

Note 1: Plan Description

The following description of South Denver Cardiology Associates, P.C. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of South Denver Cardiology Associates, P.C. (the "Company" or "Employer") who have completed one year and 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and is responsible for oversight of the Plan. John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the custodian of investments held in pooled separate accounts. Self-directed brokerage accounts are primarily held in accounts with Charles Schwab & Co. and other registered broker-dealers and banks. First Western Trust is the third-party administrator. The Plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan document, up to the maximum annual contribution permitted by law ($18,500 in 2018). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2018). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan allows for Roth deferral contributions subject to the same contributions limitations as stated above.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes 3% each year as a safe harbor non-elective contribution. A 3% top-heavy contribution is also required for certain newly eligible participants who entered the Plan during the year and did not receive the safe harbor contribution based on full-year compensation. For the year ended December 31, 2018, the Company funded an additional discretionary contribution based upon a cross-tested formula as defined in the Plan agreement. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of the Company's contributions, Plan earnings (losses), and administrative expenses paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee contributions and the employer Safe Harbor contribution, plus actual earnings thereon. Vesting in the Company discretionary contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and participant self-directed brokerage accounts as investment options for participants.

Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of $1,000, up to 50 percent of their vested account balance, not to exceed $50,000. The notes are secured by the balance in the participant's account and bear interest at 2% over the prime rate. At December 31, 2018, the interest rate on outstanding notes ranged from 5.25% to 7.25%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless the loan is for the purchase of a home, in which case the loan term is 15 years.

Payment of Benefits

Upon a participant's retirement, disability, death, or termination of employment, a participant may receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Under certain circumstances, an employee may withdraw his or her vested account balance prior to the occurrence of these events.

Forfeitures

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $1,667 and $3,361, respectively. These amounts were used to reduce the 2018 and 2017 employer discretionary contribution paid in the following year.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

The purchase and sale of securities is recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the participant's notes receivable, distributions, or other administrative functions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) of fair value of investments. Administrative expenses paid out of Plan assets for the year ended December 31, 2018, were $117,212.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events have been evaluated through September 20, 2019, which is the date the financial statements were available to be issued. No additional items requiring disclosure came to our attention.

Note 3: Information Prepared and Certified by John Hancock (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, as custodian of certain of the Plan's investments, has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments in pooled separate accounts and notes receivable from participants, as reported in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, and as reported in the Schedule of Assets Held at End of Year as of December 31, 2018, included as supplemental information.

- Net (depreciation) in fair value of investments held in pooled separate accounts and interest on notes receivable from participants, as reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the unit value, determined at the close of business each day, based on the market value of the total assets held in the pooled separate account. The market value of the total assets held in the pooled separate account is based on the net asset value (NAV) of the underlying investments. The NAV is used as the practical expedient to measure fair value. As of December 31, 2018 and 2017, there were no unfunded commitments and the funds generally permitted redemptions daily.

Self-Directed Brokerage Accounts: Consists primarily of common stocks, mutual funds, exchange traded funds, life insurance, managed futures, fixed income, cash and cash equivalents, which are valued as follows:

Mutual and Exchange Traded Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds and exchange traded funds held by the Plan are deemed to be actively traded.

Common Stocks, Managed Futures, and Fixed Income: Valued at the closing price reported on the active market on which the individual securities are traded.

Life Insurance: Valued at the net cash surrender value, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Accounts and Cash Surrender Value of Life Insurance	$ 11,251,342	$ -	$ 201,678	$ 11,453,020
Total Investment Assets in the Fair Value Hierarchy	$ 11,251,342	$ -	$ 201,678	11,453,020
Investments Measured at NAV: Pooled Separate Accounts (a):				17,496,728
Total Investments at Fair Value				$ 28,949,748

Note 4: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Self-Directed Brokerage Accounts and Cash Surrender Value of Life Insurance	$ 11,663,038	$ -	$ 206,220	$ 11,869,258
Total Investment Assets in the Fair Value Hierarchy	$ 11,663,038	$ -	$ 206,220	11,869,258
Investments Measured at NAV: Pooled Separate Accounts (a):				17,592,244
Total Investments at Fair Value				$ 29,461,502

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers in and /or out of Levels 1,2, or 3 for financial instruments measured at fair value on a recurring basis for the year ended December 31, 2018. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

The following table reconciles the beginning and ending fair value balances of the Plan's Level 3 investments for the year ended December 31, 2018 and 2017:

	Cash Surrender Value of Life Insurance
Beginning Fair Value - December 31, 2017	$ 206,220
Net (Decrease)	(10,542)
Transfers In	6,000
Ending Fair Value - December 31, 2018	$ 201,678

Note 4: Fair Value Measurements (Continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2018 and 2017, respectively.

December 31, 2018	Fair Value	Valuation Technique	Unobservable Inputs	Rate Range (Weighted Average)
Cash Surrender Value of Life Insurance	$ 201,678	Proprietary Models	Historical Interest Credit Rates, Life Expectancy, Other Vendor Data	Not Applicable

December 31, 2017	Fair Value	Valuation Technique	Unobservable Inputs	Rate Range (Weighted Average)
Cash Surrender Value of Life Insurance	$ 206,220	Proprietary Models	Historical Interest Credit Rates, Life Expectancy, Other Vendor Data	Not Applicable

Note 5: Related-Party Transactions and Party-in-Interest Transactions

John Hancock, as custodian of the investments in pooled separate accounts, is the issuer of the Plan's group funding agreement and recordkeeper to the Plan. First Western Trust is the third-party administrator. Transactions with John Hancock and First Western Trust qualify as party-in-interest transactions. Fees paid by the Plan to these parties for services amounted to $74,514, for the year ended December 31, 2018. These parties also charge fees that are included in net (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Certain Plan investments included in the self-directed brokerage accounts are managed by various investment firms other than John Hancock. Transactions with these firms qualify as party-in-interest transactions. Fees paid for their investment management services totaled $42,698 for the year ended December 31, 2018. These firms may also charge fees that are included in net (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7: Tax Status

The Plan utilizes a prototype plan which obtained a favorable determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the prototype plan is qualified under the applicable sections of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
