EVANS LANDSCAPING, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of Evans Landscaping, Inc. Retirement Savings Plan (the "Plan") are prepared under the accrual basis using accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments, except for guaranteed investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. The guaranteed investment contract is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. The cost of investments sold is computed on an average cost basis for all realized gains and losses. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefit Payments to Participants

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain Plan expenses are paid by Evans Landscaping Inc., Evans Transport Inc., Evans Gravel Inc., and Ivy Hills Golf Course (collectively "the Plan Sponsor" and "the Company"), and accordingly, are not reflected in the Plan's financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Event Evaluation

The Plan Sponsor has evaluated all events subsequent to the balance sheet date through August 29, 2019, which is the date the financial statements were available to be issued.

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1997, for the purpose of providing retirement benefits to non-union employees of the Company who have attained the age of 18 and completed one year of service with 1,000 hours. Prevailing wage employees are eligible to participate in the Plan immediately after reaching the age of 18. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute no less than 1% and up to 100% of their pre-tax compensation, as defined in the Plan document. However, contributions may not exceed limits established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$18,500 for 2018). The Plan permits catch-up elective deferrals for participants over 50 years of age subject to Internal Revenue Code ("IRC") limitations. Participants designate the percentage of their total contributions invested in each account and may make transfers between accounts anytime during the year. The Plan Sponsor may, at its discretion, make matching contributions or profit sharing contributions for its employees. During 2018, the Plan Sponsor made matching contribution of 50% of each participant's deferral up to 6% of the participant's compensation.

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and Plan Sponsor's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based upon the proportion of individual account balances to total participants' account balances in the respective investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Plan Sponsor's matching or profit sharing contribution is based on years of continuous service as noted in the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

EVANS LANDSCAPING, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (Continued)

The non-vested portion of the employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination.

Forfeitures

Forfeitures are retained in the Plan and are invested in the Hartford Fixed Account and may be used to reduce future Plan Sponsor contributions. At December 31, 2018 and 2017, the balance in the forfeiture account was \$14,256 and \$9,894, respectively.

Payment of Benefits

Upon a participant's retirement after age 65, death, total and permanent disability, other termination of employment with the Plan Sponsor, or termination of the Plan, the participant's account is distributed under several options. The Plan also allows the same for participants attaining early retirement age of 55 and five years of service. If the participant's vested interest is greater than \$5,000, the participant may choose to receive either a cash or annuity distribution or to have the distribution paid directly to an eligible retirement plan. If the vested interest is \$5,000 or less, the payment will be in the form of a lump sum payment, payable at termination.

In-service distributions are permissible for participants that have attained the age of 59 1/2. Participants electing in-service distribution may elect to receive all or a portion of their vested benefit in a lump sum payment.

In conditions of "financial hardship" a participant may apply to the Plan administrator for approval to withdraw that portion of his or her 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the IRC.

Upon termination of the Plan, the assets will be distributed to participants in accordance with the Plan's provisions and existing laws and regulations.

NOTE 3 TAX STATUS

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the IRS dated March 31, 2008, which states that the provider's prototype, as then designed, was in compliance with the applicable requirements of the IRC. Furthermore, the Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements.

EVANS LANDSCAPING, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 4 INFORMATION CERTIFIED BY CUSTODIAN

The following information provided by Massachusetts Mutual Life Insurance Company (Mass Mutual) for the period ended December 31, 2018 and 2017 was certified by them to be accurate and complete:

- (a) The assets held by Mass Mutual at December 31, 2018 and 2017, as well as the transactions involving these assets for the year ended December 31, 2018.
- (b) The amount of investment income for the year ended December 31, 2018.
- (c) The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2018.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan participates in a benefit-responsive investment contract with The Hartford Life Insurance Company. The Hartford Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by The Hartford Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed throughout the year and are reset annually.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 7 FAIR VALUE MEASUREMENTS

GAAP provisions for accounting for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP provisions for accounting for Fair Value Measurements are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value.

Mutual Funds: Valued at the quoted daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
