EAG, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the EAG, Inc. 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

During 2017, EAG, Inc. ("the Company" or "Plan Administrator") was acquired by Eurofins Scientific. The Company decided to merge the Plan into the Eurofins Scientific, Inc. 401(k) Incentive Savings Plan in accordance with the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As of December 31, 2018, all plan assets were merged into the Eurofins Scientific, Inc. 401(k) Incentive Savings Plan. The blackout period related to the merger was from December 28, 2018 to January 7, 2019.

General - The Plan is a defined contribution plan that was established on November 1, 2005 by the Company covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of ERISA.

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Great-West Trust Company, LLC to act as trustee and custodian, and with Great-West Life & Annuity Insurance Company (collectively referred to as "Great-West") to hold the assets of the Key Guaranteed Portfolio Fund. Great-West acts as record-keeper to process and maintain the records of participant data.

Contributions - Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for automatic enrollment for eligible new hires with a deferral rate of 6% which is increased by 1% each year until it reaches a maximum of 15% of eligible compensation, unless the eligible employee elects differently. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer discretionary matching and/or an employer discretionary nonelective contribution subject to certain eligibility requirements. For 2018, the Company matched 100% of an employee's contribution up to an annual

limit of \$1,800. The total employer discretionary matching contribution for 2018 was \$1,036,016. No employer discretionary nonelective contribution was made for 2018.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, an allocation of the employer discretionary nonelective contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the employer discretionary nonelective contribution are based on participant compensation. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The self-directed brokerage accounts option in the Plan was frozen for new contributions and does not allow new accounts to be opened. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting - Participants are 100% vested in their contributions, rollover amounts, and discretionary matching contributions plus actual earnings thereon. Vesting in the employer discretionary nonelective contributions and earnings is based on years of credited service based on 25% per year with full vesting after four years. Participants become fully vested in the event of retirement age or plan termination. In connection with the merger, participants received credit for years of service at EAG, Inc. and are subject to the vesting schedule in the Eurofins Scientific, Inc. 401(k) Incentive Savings Plan.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2018 were transferred to the Eurofins Scientific, Inc. 401(k) Incentive Savings Plan. Outstanding notes receivable from participants as of December 31, 2017 carry interest rates which range from 3.25% to 5.25%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used

for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits - Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions.

Forfeited Accounts - Forfeited non-vested employer accounts may be used to pay plan expenses or reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investments which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Great-West. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2018 and 2017, there were no material excess contributions payable.

Plan Expenses - In 2018, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Investment advisory fees and plan audit fees are paid by the Plan through a plan expense account or through the Plan's forfeiture account. Investment/fund fees, certain participant transactions fees and annual administration fees are charged to participant accounts as applicable.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events through September 9, 2019, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.
- Interest, dividends, and interest income from notes receivable from participants, and net depreciation in fair value of investments reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds, stocks, and cash. Mutual funds are valued per the above. Stocks are valued on the basis of readily determinable market prices reported on the active market on

NOTES TO FINANCIAL STATEMENTS (Continued) DECEMBER 31, 2018 AND 2017 (See Independent Auditors' Report)

which the individual securities are traded. Cash is valued on a cash equivalency basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017. There were no assets as of December 31, 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	<u>Assets at Fair Value as of December 31, 2017</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$70,777,550	\$ -	\$ -	\$70,777,550
Self-Directed Brokerage Accounts	784,547	-	-	784,547
Investments at fair value	<u>\$71,562,097</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$71,562,097</u>

NOTE 6 - KEY GUARANTEED PORTFOLIO FUND

The Plan entered into a fixed annuity contract for the Key Guaranteed Portfolio Fund ("KGPF") with Great-West which maintains the contributions in a general account. Interest is earned and compounded daily to the effective annual interest rate as determined by Great-West. The KGPF is considered fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the KGPF. Contract value approximates fair value as of December 31, 2017.

For the KGPF, there are no unfunded commitments and the units can be redeemed daily. There is a twelve month redemption notice for this fund which can be enforced by Great-West. Either party to the Group Annuity Contract may terminate the contract with at least 60 days advance written notice to the other party. The contract termination date shall be any business day on or after the expiration of the 60-day notification period. Events that limit the ability of the Plan to transact at contract value with the issuer are premature termination of the

contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. There were no events probable of occurring that might limit the ability of the Plan to transact at contract value with Great-West and that also would limit the ability of the Plan to transact at contract value with the participants. There are no reserves against contract value as of December 31, 2017. The fund transferred to the Eurofins Scientific, Inc. 401(k) Incentive Savings Plan on December 31, 2018.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held by Great-West, the trustee and custodian of the Plan. Any purchases and sales of these investments are performed in the open market at fair or contract value. Various plan fees are paid to Great-West. An investment advisory firm, a consultant company and the Plan's auditor were paid by the Plan. A brokerage firm receives fees related to the Plan's self-directed brokerage accounts. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
