## 1. Description of the Plan

The following description of the Great Dane LLC Employees' Retirement Savings Plan (the "Plan"), a single employer plan, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan was established effective January 1, 1995, and is a defined contribution plan covering all salaried and hourly employees (except those who are covered by a collective bargaining agreement, non-resident aliens or leased employees) of Great Dane LLC (the "Company," "Plan Administrator," and "Plan Sponsor") and its subsidiaries. Employees become eligible to participate in the Plan on the first business day of the month coinciding with or immediately following the completion of 90 days of employment and there is no age requirement.

Effective January 1, 2014, the JTB Employees' Retirement Savings Plan ("JTB Plan") was merged into the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

### Contributions

The Plan provides for participating employees to elect to make, through payroll deductions, pre-tax salary deferral contributions of between 1% and a maximum of 50% of eligible compensation (not to exceed the annual contribution limit, as set by the Internal Revenue Service ("IRS")). For employees joining the Plan on or after January 1, 2014, they are automatically enrolled at 3% of eligible compensation, unless they make an election otherwise.

The Plan has an automatic escalation feature. For participants enrolled at less than 6%, their elective deferrals are increased 1% each January 1 until the elective deferral percentage reaches 6%, unless they elect to opt out of the automatic increase feature.

The Company may make a discretionary profit-sharing contribution to qualified participants, which is allocated to the participants' accounts based on eligible compensation. The Company continues to match 100% of the participant's first 1% of elective salary deferrals and 50% of the next 5% of elective salary deferrals.

### Vesting

A participant is immediately 100% vested in the Plan, including Company contributions. As such, there are no forfeitures associated with the Plan.

### Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and an allocation of Plan earnings or losses.

### Investment Options

Principal Trust Company ("Principal") is the trustee of the Plan. Principal Financial Group is the recordkeeper of the Plan.

Participants self direct the investment of their accounts into registered investment company funds offered by the Plan with the option to reallocate investment balances.

**Notes Receivable from Participants**
Participants may borrow from their vested account balance, a minimum of $1,000 up to a maximum equal to the lesser of 50% of their total vested account balance or $50,000. The money source for new loans includes employee contributions and employee rollover accounts. Interest on these notes is charged at prime plus 1% and the balance generally must be repaid over five years, or fifteen years if the note is used for the purchase of a primary residence. Interest rates on outstanding notes ranged from 4.25% to 6.50% at December 31, 2018 and 4.25% to 6.25% at December 31, 2017.

**Payment of Benefits**
On termination of service, a layoff exceeding 90 days, normal retirement (age 65) or disability, participants may elect to receive the value of his or her account as a lump-sum distribution or a direct rollover to an Individual Retirement Account ("IRA") or an IRS qualified plan. Participants with vested account balances exceeding $5,000, excluding rollover balances, can take a distribution or defer the distribution. Participants with a vested account balance, excluding rollover contributions, less than $5,000 but greater than $1,000 must make a distribution election within 60 days otherwise the balance is automatically rolled to an IRA. Balances less than $1,000 but greater than $100 require a distribution election within 60 days otherwise a check is issued for the balance. Balances less than $100 are issued a check. Under Federal law, benefit payments must begin on the April 1st following the later of the calendar year in which the participant reaches age 70 ½ or stops working for the Company. Benefit payments received before age 59 ½ may be subject to a 10% tax penalty. Participants with a transferred account balance may elect alternative forms of distribution. In the event of death, the participant's beneficiary receives a lump-sum distribution.

**Administrative Expenses**
Administrative expenses, such as legal, accounting, recordkeeping and trustee fees, are paid entirely by the Company. Loan processing fees and investment management fees are deducted from the participant's account balance.

**Plan Termination**
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be fully vested in their accounts and the trustee will distribute Plan assets to participants or their beneficiaries in accordance with the Plan agreement.

## 2. Summary of Significant Accounting Policies

**Basis of Accounting**
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Use of Estimates**
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Subsequent Events**
Events or transactions occurring after the period end through September 25, 2019, the date that the financial statements were available to be issued, have been evaluated in the preparation of the financial statements.

**Valuation of Investments and Income Recognition**
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Net Appreciation (Depreciation) in Fair Value of Investments**
Net realized and unrealized appreciation (depreciation), which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

**Notes Receivable from Participants**
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions.

**Payment of Benefits**
Benefits are recorded when paid.

**Recent Accounting Pronouncement**
In August, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement,* which includes additions, modifications and eliminations to existing disclosure requirements for fair value measurement. The prospective application of this guidance is effective for annual periods beginning in 2020. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

## 3. Investments

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

## 4. Fair Value

The Plan follows guidance defined in Accounting Standards Codification ("ASC"), *Fair Value Measurement (Topic 820)*, which provides a framework for measuring fair value under GAAP. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued at fair value using the following methodology:

- **Registered investment companies**: valued at net asset value ("NAV") per share using available inputs to measure fair value by such companies or funds, for shares held by the Plan at year-end. Generally, mutual funds have a quoted market price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's investment assets measured at fair value as of December 31, 2018:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Registered investment companies | $ 153,835,940 | $ - | $ - | $ 153,835,940 |
| Total assets at fair value | $ 153,835,940 | $ - | $ - | $ 153,835,940 |

For comparative purposes, the following table presents the Plan's investment assets measured at fair value as of December 31, 2017:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Registered investment companies | $ 154,019,717 | $ - | $ - | $ 154,019,717 |
| Total assets at fair value | $ 154,019,717 | $ - | $ - | $ 154,019,717 |

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments measured as Level 2 or 3.

## 5. Income Tax Status

The IRS has determined and informed the Company in a letter dated June 29, 2017, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2018 and 2017. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2015.

## 6. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedule of assets held at end of year is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

- Interest and dividend income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

- Net depreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 7. Related-Party Transactions

Certain Plan investments are managed by Principal. Principal is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan document provides for notes receivables from participants, which also qualify as party-in-interest transactions.
