1. DESCRIPTION OF PLAN

The following description of Kellogg Supply, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established July 1, 1966 and most recently amended and restated January 1, 2017, is a defined contribution plan established by Kellogg Supply, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company become eligible to participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute a certain amount of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Effective January 1, 2017, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation. The Plan agreement requires the Company to make a matching contribution for each participant equal to a percentage of the participant's elective deferrals. For 2018, the Company matched 100 percent of salary deferral contributions up to the first 3 percent of eligible compensation and matched 50 percent of salary deferral contributions up to the next 2 percent of eligible compensation, same as in prior year. This matching contribution qualifies as a safe harbor employer contribution. Additional profit sharing amounts may be contributed at the option of the Board of Directors, which are allocated to all participants, who have completed at least 1,000 hours of service during the year and are employed on the last day of the Plan year. In addition, the Company may make qualified nonelective contributions in any year, subject to the applicable provisions of the IRC. Contributions are subject to certain limitations under the IRC.

Participant Accounts

Participants direct the investment of contributions to investment funds offered under the Plan. Individual participant accounts are maintained by the Plan for each participant. These accounts reflect the participant's contributions and related employer's matching contributions and an allocation of (a) the employer's profit sharing contributions, if any, based on participant compensation, and (b) the Plan's income and any administrative expenses based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully and immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their investment fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. All loans must have a definite repayment period, over a period not to exceed five years, except in the case of a loan to acquire a principal residence, which may be repaid over a longer time period. The loans are secured by the balance of the participant's account and bear interest rates between 4.25 percent to 6.25 percent at December 31, 2018. Principal and interest are normally repaid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or in regularly scheduled installment payments. In-service withdrawals are permitted under certain circumstances.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $7,208 and $2, respectively. Forfeitures are used to reduce future employer contributions or pay Plan administrative expenses. In 2018, there were no forfeitures used.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures regarding fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance. Interest income associated with the notes receivable is recorded as earned as per the related loan amortization schedules. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Expenses

Administrative expenses paid by the Plan are fees for the recordkeeping, third-party administration and auditing services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, which include investments and notes receivable from participants at December 31, 2018 and 2017, and net appreciation in fair value of investments, dividends and interest income from investments, and interest income from notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

Level 1 Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund

The Plan's stable value fund is a common/collective trust which invests solely in the Vanguard Retirement Saving Trust Master Trust, which is composed primarily of fully benefit-responsive investment contracts, and is valued at the net asset value of the units of the common/collective trust. The net asset value ("NAV") is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The stable value common/collective trust fund measured at fair value using the net asset value practical expedient as of December 31, 2018 and 2017, respectively, has no unfunded commitments, and has daily redemption frequency, however the Plan is required to provide a one-year redemption notice to liquidate its entire interest in this common/collective trust.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017:

	As of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$ 14,010,488	$ -	$ -	$ 14,010,488
Investments measured at NAV (a) - Common/collective trust fund				1,774,948
Total investments, at fair value				$ 15,785,436

	As of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$ 14,872,778	$ -	$ -	$ 14,872,778
Investments measured at NAV (a) - Common/collective trust fund				1,684,527
Total investments, at fair value				$ 16,557,305

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 28, 2014 that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. TAX STATUS (Continued)

Accounting principles generally accepted in the require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and in units of a common/collective trust managed by an affiliate of Vanguard Fiduciary Trust Company, the trustee of the Plan. Investment management fees are paid to this affiliate and are included in net appreciation in fair value of investments. In addition, certain administrative services are provided by another affiliate of the trustee and totaled $14,581 for 2018. Additionally, the Plan paid certain other 2018 administrative expenses totaling $8,400 related to third party administration and other service providers. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. SUBSEQUENT EVENTS

The Plan Administrator made a determination to transition the Plan's trustee to Great-West Life and Annuity Insurance Company (referred to as "Empower") in 2019.

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through September 30, 2019, the date the financial statements were available to be issued.
