The accompanying notes are an integral part of these financial statements.

1. DESCRIPTION OF THE PLAN

The following brief description of SIFCO Industries, Inc. Employees' 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by SIFCO Industries, Inc., T & W Forge, LLC and Quality Aluminum Forge, LLC, (collectively the Company and Plan Sponsor), covering all eligible non-collectively bargaining employees residing in the United States. Effective February 28, 2019, T&W Forge, LLC was dissolved and all affected participants were fully vested. A non-collectively bargaining U.S. employee is eligible to participate in the Plan on the first day of any month immediately following 60 days after his or her hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may elect to make tax-deferred contributions (deferral contributions) of 1% to 100% of their eligible compensation per the Plan agreement subject to maximum limitations set by the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified plans, commonly referred to as rollover contributions. Participants who will attain age 50 or older by the end of the respective Plan year may make catch-up deferral contributions not to exceed the catch-up limitations set by the Code. Participants are able to direct contributions into a variety of investment options offered by the Plan.

Employees are automatically enrolled in the Plan at a participant tax deferral contribution rate of 3% of the participant's eligible compensation unless they elected not to contribute to the Plan or to contribute at a different contribution rate within a prescribed period of time (as defined by the Plan). The Plan operates under a Qualified Automatic Contribution Arrangement (QACA). Under such an arrangement, participants who were automatically enrolled in the Plan at a 3% deferral contribution have their deferral contribution rate increased 1% annually after the initial Plan year up to a total of 6% of eligible compensation.

The Company may make a matching contribution to each participant's account as a percentage of the participant's deferral contribution made during the Plan year. The Company currently matches 100% of a participant's deferral contribution up to 1% of compensation plus 80% of a participant's deferral contribution that is greater than 1% up to 6% of eligible compensation. Company matching contributions were $445,824 for the year ended December 31, 2018.

Each year the Company may make an additional discretionary profit sharing contribution to each participant's account based on the participant's annual deferral contribution. Under QACA, the discretionary profit sharing amount is subject to certain limitations. There was no discretionary profit sharing contribution for the year ended December 31, 2018.

1. DESCRIPTION OF THE PLAN – (continued)

Participant Accounts

Participant accounts are credited with participant deferral contributions, allocations of the Company's matching and discretionary contributions, if any, and investment earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participants' account balances or compensation, as provided by the Plan document. The benefit to which a participant is entitled is the vested participant account balance.

Vesting

Participants are 100% vested in their deferral contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service according to the following schedule:

Completed Years of Service	% Vested in Employer Contributions
Less than two	0%
Two or more	100%

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, subject to a minimum of $1,000 and up to a maximum of $50,000. Loan repayment terms are specified by the participant but shall not exceed five years, unless the purpose of the loan is to purchase a primary residence, in which case the loan shall not exceed fifteen years. Loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan originated. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2018, interest income of $15,297 has been recorded as other income in the accompanying Statement of Changes in Net Assets Available for Benefits.

Forfeiture Accounts

Forfeitures occur when participants terminate employment prior to becoming vested in their account balances. At December 31, 2018 and 2017, forfeitures totaled $4,422 and $93,280, respectively. Forfeitures can be used by the Company to pay Plan expenses or reduce future Company contributions. In 2018, the Company used $105,444 of the forfeiture balance to reduce Company contributions and $15,774 to reduce plan expenses.

1. DESCRIPTION OF THE PLAN – (continued)

Payment of Benefits

The full value of a participant account, excluding any non-vested Company contributions, is payable to the participant upon retirement, death or total disability. If a participant terminates employment with the Company, a distribution of the participant's vested account balance may be made according to Plan provisions. The Plan requires mandatory distributions for terminated employees with balances under $5,000. Distributions are normally made in cash, unless a participant's account balance contains units of the Company's common stock fund, in which case distributions may be made in cash or shares of Company common stock, subject to Plan provisions. Participants may also be permitted to receive a distribution from their account prior to termination of employment if they experience financial hardship. Any hardship would be limited to actual participant contributions not previously withdrawn.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fund that holds a group annuity contract. This fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the custodians of the Plan, represents contributions, plus earnings, less participant withdrawals, wrapper fees, and administrative expenses.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

Group Annuity Contract

The Plan has a group annuity contract that is fully benefit-responsive and is recorded at contract value. Earnings on the contract are based on interest calculated at a specified rate. There are no events that may limit the ability of the Plan to transact at contract value. The investment advisor or the contract owner may terminate the group annuity contract with 60 days advance written notice to the other party.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions in compliance with the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid out of Plan assets to the extent not paid by the Company. During 2018, the Plan paid custodian, investment advisory and other administrative expenses of $58,755. The Plan's other administrative expenses were paid by the Company.

3. FAIR VALUE MEASUREMENTS

The Plan provides disclosures consistent with the Financial Accounting Standards Board (FASB) fair value guidance which establishes a framework. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. This hierarchy gives the highest priority to observable inputs (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 – Observable inputs such as quoted prices in an active market for identical assets or liabilities.

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 – Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level of assets and liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 from the methodologies used at December 31, 2017.

Registered investment companies – are valued at quoted market prices on the last business day of the Plan year.

Company common stock fund – is valued at the closing price reported on the New York Stock Exchange American.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement result at the reporting date.

3. FAIR VALUE MEASUREMENTS – (continued)

The following table sets forth by measurement level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Total
Registered investment companies	$ 12,385,945	$ 12,385,945
Company common stock fund	22,962	22,962
Total assets at fair value	$ 12,408,907	$ 12,408,907

The following table sets forth by measurement level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Total
Registered investment companies	$ 12,519,493	$ 12,519,493
Company common stock fund	43,529	43,529
Total assets at fair value	$ 12,563,022	$ 12,563,022

4. INFORMATION CERTIFIED BY THE CUSTODIANS

The following table presents investments, investment activity, and notes receivable from participants, which have been certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the custodians of the Plan, as of December 31, 2018 and 2017 and for the year ended December 31, 2018, and have not been audited by the independent auditors.

	2018	2017
Registered investment companies	$ 12,385,945	$ 12,519,493
Company common stock fund	22,962	43,529
Group annuity contract*	2,603,441	2,779,476
Notes receivable from participants	318,759	305,348
	$ 15,331,107	$ 15,647,846

*This amount represents contract value for this investment, which approximates fair value.

4. INFORMATION CERTIFIED BY THE CUSTODIANS – (continued)

During 2018, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) depreciated in value as follows:

Registered investment companies	$ (1,366,181)
Company common stock fund	(18,556)
Net depreciation	$ (1,384,737)

Participants have the option of retaining or liquidating their holdings of the Company common stock fund. Proceeds from such liquidations will be invested according to each individual participant's investment direction.

5. TAX STATUS

The Plan obtained its latest determination letter on January 27, 2017, in which the Internal Revenue Service (IRS) determined that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of Plan termination, all participants will become fully vested in the balance in their accounts.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include shares of the Company's common stock and, therefore, transactions involving the Company common stock are considered to be party-in-interest transactions. Certain Plan investments are invested in funds issued by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC, the custodians of the Plan, and therefore these transactions are considered party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. SUBSEQUENT EVENTS

The Company evaluated subsequent events through July 26, 2019, the date these financial statements were available to be issued. Other than the matter described in Note 10 and Note 1, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

10. EMPLOYER CONTRIBUTIONS CORRECTIONS

In order to correct missed participants' contributions and the corresponding Company's contributions, the Plan administrator elected to remit one-half of the missed participants' contributions and the full amount of the missed Company's contributions to the affected participants. For the Plan year ended December 31, 2018, the Company funded $163 relating to the missed participants' contributions and $1,410 relating to the Company's matching contributions.

The total correction amounts of $1,573 and $867 have been included in the participants' contributions receivable and the Company's contributions receivable in the accompanying 2018 and 2017 Statements of Net Assets Available for Benefits, respectively. The lost earnings were remitted during the 2018 and 2019 Plan years.

11. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2018	2017
Net assets available for benefits per financial statements	$ 15,332,680	$ 15,676,165
Less: Deemed distributions for participant loans	(10,023)	(28,949)
Net assets available for benefits per Form 5500	$ 15,322,657	$ 15,647,216

11. RECONCILIATION TO THE FORM 5500 – (continued)

The following is a reconciliation of total deductions per the financial statements to the Form 5500 for the year ended December 31, 2018:

Total deductions per the financial statements	$ 2,709,704
Less: Net depreciation in fair value of investments	(1,384,737)
Less: Change in deemed distributions for participant loans	18,926
Total expenses per the Form 5500	$ 1,306,041

Deemed distributions relate to defaulted loan payments for participants where the loan repayments have ceased but distribution of account balances have not occurred.
