Independent Auditor's Report

To the Administrative Committee
William H. Sadlier, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Voya Institutional Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the William H. Sadlier, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General: The Plan, which commenced in 1986 and was amended in October 2009, is a defined contribution plan covering all eligible employees of William H. Sadlier, Inc. (the Company and Plan Sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). At December 31, 2018 and 2017, the Plan's assets are in the custody of Voya Institutional Trust Company (Voya or the Trustee), who is the Trustee and recordkeeper of the Plan. The Plan has adopted the Voya Retirement Insurance and Annuity Company Non-Standardized 401(k) Profit Sharing Plan, which has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status.

Eligibility: The Plan covers all salaried employees who become eligible after the subsequent calendar quarter who have attained the age of 21 and who have completed three months of service. Any employee who was not eligible to participate in the Plan on its effective date will become eligible on the first day of the quarter nearest the time when such employee meets these requirements.

Contributions: The Plan, as amended, allows participants to contribute up to 70% of compensation on a pretax basis as limited by statutory regulations under the Internal Revenue Code of 1986 (the Code), as amended. Participants who reach age 50 during the plan year are allowed to make catch-up contributions subject to annual limitations. In 2018, the maximum catch-up contributions allowable under the Code amounted to $6,000. The annual pretax contribution limitation for each participant, adjusted each year for cost-of-living adjustments prescribed under Section 415(d) of the Code, was $18,500 in 2018.

The Plan Sponsor, as presently authorized by its Board of Directors, makes discretionary elective contributions on behalf of participants in amounts equal to 50% of the participants' contributions, subject to a maximum of 6% of each participant's compensation. These matching contributions are subject to the vesting schedule described below. Compensation includes all wages subject to tax under Section 3101(a) of the Code, without regard to the dollar limitation of Section 3121(1) but not including deferred compensation other than contributions through a salary reduction agreement to a cash or deferred plan under Section 401(k).

All eligible employees are automatically enrolled in the Plan at a contribution rate of 3% of compensation unless specifically opting out of the Plan.

Each plan year, the Plan Sponsor may also make an additional profit-sharing contribution, as declared by the Plan Sponsor's Board of Directors. This amount is allocated to each participant on the basis of actual compensation paid during the period. These amounts are recorded in the Plan Sponsor contribution accounts and are subject to the vesting schedule described below. In 2018 and 2017, the Plan Sponsor's Board of Directors did not declare an additional profit-sharing contribution.

A participant may make a rollover contribution to the Plan of amounts, which he or she has received from another qualified plan.

Participants' accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Upon termination of employment, the vesting in the Plan Sponsor's contribution is as follows: after two years of service, 20% vested; after three years of service, 40% vested; after four years of service, 60% vested; after five years of service, 80% vested; and after six years of service, 100% vested. If a participant leaves the Company prior to such time, the portion of the accrued benefit which has not vested is forfeited.

Upon termination of the Plan, the benefits of each participant shall become fully vested.

Payment of benefits: Upon a participant reaching retirement, or upon permanent disability, the initial amount to which the participant is entitled shall be paid as soon as practical. If a participant continues employment beyond the normal retirement age of 65, payment may be deferred until he or she terminates employment.

Unless an optional form of benefit is selected pursuant to a qualified election within the 90-day period ending on the day benefit payments would commence, a participant will be paid in the form of a lump-sum payment. If the participant is unmarried, benefits shall be paid in either a lump sum or in the form of monthly or annual installments over a period not to exceed the life or life expectancy of the participant or in the form of a combination of the above-mentioned options.

Upon a participant's death, all benefits payable shall be paid to a designated beneficiary in a lump-sum payment. If the beneficiary is the participant's surviving spouse, distributions shall begin no later than the date on which the participant would have attained age 70½.

Upon termination of service before retirement, disability or the participant's death, the Plan Administrator shall either distribute the vested portion of such participant's employer contribution account plus his or her participant account or defer distribution until the participant reaches normal retirement age.

Withdrawals: The Plan provides for hardship withdrawals where participants shall be permitted to withdraw a portion of their participant accounts. The amount of the withdrawals may not exceed the amount required to meet the immediate financial need created by such hardship, and participants must demonstrate that such amount is not reasonably available from other financial sources available to them.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or offset Plan expenses. Employer contributions were reduced by $27,000 and $0 from the forfeited non-vested account during 2018 and 2017, respectively. The Plan had approximately $51,000 and $55,000 in the forfeited non-vested account as of December 31, 2018 and 2017, respectively.

Notes receivable from participants: The Plan allows participants to borrow from the Plan provided that such a loan, when added to the outstanding balance of all loans to the participant, would not exceed the lesser of $50,000 or 50% of the value of the participant's total vested account balance under the Plan. Each participant shall be permitted to apply for no more than one loan per plan year with a maximum of three outstanding loans. Loans may be made only from the employee account. No loan shall be made in an amount less than $500. All terms of the loans are defined in the Plan. The loans bear interest equal to the prevailing commercial interest rate and are repayable up to a five-year period unless the loan is taken for the purchase of a primary residence.

Investment options: Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments into various investment options offered by the Plan. The Plan currently offers 32 pooled separate accounts and a fixed income account as investment options for participants.

Note 1. Plan Description (Continued)

Administrative expenses: Custodial fees and expenses incurred are charged directly to participant accounts. All other administrative costs are paid by the Plan Sponsor.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The Plan's financial statements have been prepared on the accrual basis of accounting.

Valuation of investments and income recognition: The Plan's investments are reported at fair value except for contract value investment. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are recorded as distributions based upon the terms of the Plan agreement.

Payment of benefits: Benefits are recorded when paid to the Plan's participants.

Subsequent events: The Plan's management has evaluated subsequent events through September 27, 2019, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share. Such investments recorded at NAV are not classified within this hierarchy. At December 31, 2018 and 2017, all fair value investments held by the Plan were measured at NAV, as determined by the Plan Sponsor based on the fair value of the underlying net assets.

Note 3. Fair Value Measurements (Continued)

The following table sets forth an additional disclosure of the Plan's investments where fair value is estimated using NAV per share (or its equivalent) as of December 31, 2018 and 2017.

(a) These funds are also known as LifeStyle or LifeCycle funds. They invest in a combination of assets, such as aggressive stocks, international stocks, large company stocks, government bonds, foreign bonds or money markets. The allocation percentage to each asset type may be fixed, bound by a range or determined at the discretion of the manager. Managers of these funds review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund. Different constructs can be based on risk tolerance or length of time to investment goal.

(b) There are three main types of funds in this category. International funds can have an investment style of foreign large value, foreign large blend, foreign large growth, foreign small/mid value or foreign small/mid growth. These funds invest in stocks of companies outside of the United States. Global funds have an investment style of world stock. These funds invest in stocks of companies in the United States and developed countries outside of the United States. Emerging Markets funds invest in securities of developing countries and demonstrate the greatest volatility of performance due to the unstable nature of their economies, political structures and currencies. International investing may provide greater diversification benefits to a U.S.-based portfolio than investing in domestic securities alone. However, foreign investing does involve additional risks not present in U.S. securities.

(c) Funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value and blend. Stocks are selected for price appreciation and for the value of the current income provided through dividends. These funds generally exhibit a lower level of price volatility due to the types of companies they favor, such as those able to pay dividends along with more older, mature companies.

(d) Large cap growth funds invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly. Growth companies tend to reinvest all or most of their profits for research and development rather than pay dividends. Growth funds are focused on generating capital gains rather than income. Funds emphasizing growth stocks will typically have higher price/earnings ratios and make little or no dividend payments. Large capitalization companies tend to be more established with lower relative volatility than more aggressive small and mid cap stock funds.

Note 3. Fair Value Measurements (Continued)

(e) Small cap, mid cap and specialty funds are in this category, employing investment styles of growth, value or a blend of growth and value. These funds seek capital appreciation by investing primarily in stocks of small- and medium-sized companies. Generally, these companies are striving to develop new products or markets and have above-average earnings growth potential. Because of their smaller size, these companies may face greater business risk, and investments in these funds generally carry much higher risk than other domestic equity funds. Specialty or sector funds invest in stocks of companies in a particular industry. This narrow focus can significantly increase the risk and volatility of such funds.

(f) Assets are invested in fixed income securities that have been determined to be appropriate for its investment goal. Investors here are primarily seeking income or growth of income with less emphasis on capital appreciation. Funds in this asset class vary greatly in their risk profiles. The issuer, credit quality of the underlying investments and the average duration of the portfolio play important roles in determining the risk profile of the fund. Fixed-income funds are those that have significant investments in below investment grade bonds (junk bonds) or bonds of foreign issuers that would be categorized as high yield or international bonds. Portfolios consisting of investment grade corporate bonds, mortgages, government bonds and, to a lesser degree, preferred stock, foreign or convertible bonds typically land in the intermediate term bond category. Shorter duration and high credit quality funds are typically categorized as short-term bond or short-term government funds.

(g) These funds seek to balance growth of principal and current income by investing in a combination of stocks and bonds (generally holding 60-70% equity and 30-40% fixed income). The investment style used here is either moderate allocation or conservative allocation. Some funds have fixed asset allocations and others allow managers discretion to allocate between equities and bonds depending on their view of return and risk.

(h) The investment seeks to provide investors with a high level of current income consistent with preservation of capital and liquidity. The fund invests at least 99.5% of its total assets in government securities, cash and repurchase agreements collateralized fully by government securities or cash. It normally invests at least 80% of its net assets (plus borrowings for investment purposes) in government securities and repurchase agreements that are collateralized by government securities.

Note 4. Investments Certified by Voya Institutional Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2018	2017
Investments at fair value	$ 17,932,758	$ 20,994,964
Fixed income account at contract value	3,731,594	2,661,430
Notes receivable from participants	507,489	506,881

Note 4. Investments Certified by Voya Institutional Trust Company (Trustee) (Continued)

Voya has also certified to the completeness and accuracy of $1,447,815 of net depreciation in fair value of investments and $68,998 (including $40,887 and $28,111 from the fixed income account and notes receivable from participants, respectively) of dividends and interest income for the year ended December 31, 2018.

Note 5. Fixed Income Account

The Plan invests in a benefit-responsive investment contract, Voya Fixed Income Account, with Voya. The investment is intended to be a long-term investment for participants seeking stability of principal. The contributions to this contract are maintained in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at contract value, as reported to the Plan by Voya.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. Given this, the contract will be reported at contract value. Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following (1) amendments to the plan documents (including complete or partial plan terminations or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

A guaranteed interest rate is an effective annual rate of interest credited at its equivalent daily rate to amounts in the guaranteed investment contract as of the close of business daily. The establishment of the guaranteed interest rate requires estimation of the future earnings rates, the rate at which existing investments mature, and future cash flow. The minimum guaranteed interest rate at December 31, 2018, was 1%. During the year Voya may credit interest at a rate greater than the floor rate.

The minimum guaranteed interest rate, the floor interest rate and the current credited interest rate are expressed as an annual effective yield. The current credited interest rate is based on plan-specific characteristics, plan-specific elections and other factors. If those change, corresponding adjustments to the current and floor interest rates may be made, as defined in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a fixed income account managed by Voya. Voya is the Trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan Sponsor for investment management and plan audit services amounted to approximately $12,000 for the year ended December 31, 2018.

Note 7. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Voya. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by action of its Board of Directors subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of those investment securities will occur in the near-term that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
