Notes to Financial Statements

December 31, 2018 and 2017

(1) Description of the Plan

The following description of the Samaritan Regional Health System Employees' Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a noncontributory defined contribution plan sponsored by University Hospitals Health System, Inc. (the Plan Sponsor) covering all eligible employees of Samaritan Regional Health System (the Company) who have completed 12 months of service and are age 18 years or older as defined in the plan agreement. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The terms of the plan document are intended to comply with Internal Revenue Code Section 401(a) and the Treasury regulations issued thereunder in order that the Plan may qualify as a tax-exempt profit-sharing plan under Internal Revenue Code Section 501(a). The assets reported in the Plan qualify under Internal Revenue Code Section 401(a).

Effective January 1, 2017, the Plan was frozen for further participation and contributions.

(b) Contributions

Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. Prior to January 1, 2017, the Plan Sponsor contributed an amount equal to 6% of the first \$30,000 of compensation plus an additional 9% of the amount, if any, of compensation that exceeds \$30,000 for all participants up to the maximum allowed, as adjusted pursuant to Section 401(a) (17) (B) of the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

(c) Participant Accounts

T.D. Ameritrade Trust Company maintains an individual account for each participant for the deposit of contributions and earnings thereon. Earnings on plan assets are distributed based upon the participant's pro-rata share of total account balances. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

A participant becomes 100% vested in employer contributions and earnings thereon after six years of credited service or upon reaching the normal retirement age, early retirement, disability, retirement, or death as defined in the plan agreement. Full vesting applies to all participants who are employed by University Hospitals Health System, Inc. on January 1, 2017.

**SAMARITAN REGIONAL HEALTH SYSTEM
EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

(e) *Payment of Benefits*

Participants in the Plan may withdraw their vested account balances from the Plan upon termination of employment if their balances are less than \$5,000, or upon the attainment of normal retirement age or the attainment of early retirement, demonstration of total and permanent disability, or death. Benefits are recorded when paid.

(f) *Forfeited Accounts*

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions.

(g) *Administrative Expenses*

Various administrative costs are paid by the Plan. Other costs, such as audit fees, are paid by the Plan Administrator.

(h) *Plan Termination*

Although it has not expressed its intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(2) *Summary of Accounting Policies*

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) *Use of Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

EMPLOYEES' PENSION PLAN**

Notes to Financial Statements

December 31, 2018 and 2017

(3) Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2018 and 2017

Common/Collective Trust: The common collective trust (CCT) is a commingled pool and its investments may be comprised of conventional and synthetic investment contracts issued by insurance companies, banks and other financial institutions, short-term bonds and other fixed income securities, including U.S. Treasury bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities and derivative instruments such as futures, swaps and options. The CCT is valued at net asset value (NAV) of the units of the fund. The NAV is based on the underlying investments less liabilities. There are no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		December 31, 2018

Notes to Financial Statements

December 31, 2018 and 2017

(5) Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee of the Plan, TD Ameritrade Trust Company, or its affiliates. Therefore, these transactions qualify as party-in-interest transactions.

The Plan has also engaged a third party to provide investment advisory services to participants. Fees paid by participants to the third party totaling \$4,570 and \$10,291 are included in administrative expenses for the years ended December 31, 2018 and 2017, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) Income Tax Status

Effective October 31, 2011, the Plan adopted a standardized form of a prototype plan sponsored by Findley Davies, Inc. The prototype Plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service as to the prototype Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of the years ended December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Subsequent Events

All activity of the Plan has been evaluated through October 1, 2019, the date the financial statements were available to be issued. The Compensation Committee under the Board of Directors of University Hospitals, as permitted by the plan document, adopted and approved a resolution of merger to transfer the assets of the Plan into the comparable University Hospitals Health System, Inc. benefit plan. The Plan's assets were transferred into the University Hospitals Health System, Inc. 401(k) Retirement Savings Plan, on August 1, 2019. There were no additional reportable events identified.
