(1) Description of Plan

The following description of the Dietzgen Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the plan administrator.

(a) General

The Plan is a defined contribution plan sponsored by Dietzgen Corporation (the "Company") for the benefit of its full-time employees who have completed two months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established effective January 1, 2016, at which time elective deferrals and matching contributions could be made to the Plan.

The Plan operates under an agreement with ADP, LLC ("ADP") to act as recordkeeper of the Plan. ADP enters into a trust agreement with a third party trustee to hold the investments and execute investment transactions of the Plan during the year. At year end, all investments and related investment activity are certified. Reliance Trust Company ("RTC") served as trustee at December 31, 2018 and 2017.

(b) Contributions

Participants may contribute up to 90% of annual compensation on pre-tax or after-tax basis, as defined in the Plan and subject to IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

At its discretion, the Company may elect to contribute an amount equal to a discretionary percentage of the participant's elective deferrals. No such discretionary contributions were made during the 2018 plan year.

(c) Investment Options

Participants may direct contributions to any of the investment options offered by the Plan. The investment options include registered investment companies and common/collective trusts. Fund allocation percentages may be changed by participants at any time.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan - Continued

(e) Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Company contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 2 years	0%
2-3 years	20%
3-4 years	40%
4-5 years	60%
5-6 years	80%
6 years or more	100%

(f) Notes Receivable from Participants

Eligible participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime + 2%. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability or retirement, a participant shall be 100% vested in their accounts under the Plan. Normal retirement age under the Plan is 65. The Plan provides for benefit distributions by lump-sum payment. The Plan also allows for in-service withdrawals for those 59 ½ or older.

The Plan allows participants to withdraw a portion of their elective deferral account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to Plan provisions.

(h) Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to reduce the Plan's ordinary and necessary administrative expenses for the Plan year and to reduce the Company's contribution in the following year. There were no forfeited non-vested accounts for the 2018 and 2017 plan years.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values of registered investment companies are based on quoted market prices in active markets.

The Invesco Stable Asset Trust ("Trust") is a collective trust of Invesco Trust Company ("Invesco"). The trust's primary investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Trust may invest in bank, insurance company and other financial institution investment contracts ("GIC's") and synthetic GIC's. The Trust offers four (4) classes of units, and each unit class holds separate net assets. The Trust is valued by Invesco by unit class based on the net assets within that class, which represents the fair value of the underlying investments, by it units outstanding at the valuation date. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value, which occurs on a daily basis. Net investment income is declared daily and paid monthly.

Certain events limit the ability of the Plan to transact at contract value in regards to the Trust. Such events include but are not limited to the following: (1) amendments to the plan documents (including complete or partial termination), (2) bankruptcy of the Company or Employers, (3) other Company or Employers' events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition - Continued

The State Street Russ Small Cap Index VIII, S&P 500 Index IX, and S&P Mid Cap Index NLJ Funds ("SSGA Funds") are managed by State Street Global Advisors and work to replicate applicable indexes such as the S&P 500 index by investing in underlying assets with similar objectives and investment strategies. Investments in the SSGA Funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units and participants earn appreciation/ (depreciation) on their units as the underlying investments in the trust are registered investment companies. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

The net depreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Administrative expenses of the Plan may be paid from the forfeiture account or directly by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities as stated in the Plan agreement. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Total investments at fair value and notes receivable from participants as of December 31, 2018 and 2017, as shown in the statements of net assets available for benefits;
- Total investment income, net depreciation in fair value of investments, and related investment activity for the year ended December 31, 2018, as shown in the statement of changes in net assets available for benefits;
- The Schedule of Assets (Held at End of Year) as of December 31, 2018 included in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC 820), are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: registered investment companies are valued at the closing price reported by the fund and are classified as Level 1 investments.

*Common Collective Trusts: v*alued at the net asset value of shares held by the plan at year end as determined by the trustees.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements at December 31, 2018 Using		
Description	Total	Observable Inputs (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 150,181	150,181	-	-
Common/collective trusts at NAV	49,036 **(a)**			
Total investments at fair value	$ 199,217			

		Fair Value Measurements at December 31, 2017 Using		
Description	Total	Observable Inputs (Level 1)	Significant Other Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 123,401	123,401	-	-
Common/collective trusts at NAV	41,754 **(a)**			
Total investments at fair value	$ 165,155			

(a) *In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.*

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(6) Tax Status

The Plan has adopted the ADP prototype plan which obtained a favorable opinion letter dated July 8, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan document has been amended; however, however the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Subsequent Events

The Plan has evaluated subsequent events through September 19, 2019, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
