NOTE 1: DESCRIPTION OF PLAN

The following description of the Laboratory Corporation of America Holdings Employees' Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Description

The Plan is a defined contribution salary deferral plan under Section 401(k) of the Internal Revenue Code (the "IRC"). All persons employed by Laboratory Corporation of America Holdings (the "Company" or "Plan Sponsor") and its participating affiliates are eligible to participate in the Plan except those with collective bargaining rights, unless negotiated. Participants may enroll in the Plan on the first day of any pay period. During 2018 and 2017, Fidelity Management Trust Company ("Fidelity") served as the Plan's trustee (the "Trustee"), and Fidelity Workplace Services LLC served as the Plan's recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Each year, participants may elect to contribute from 1% to 50% of their base pay on a pretax and/or after-tax basis up to an amount which will not violate provisions of the Plan or exceed the maximum contribution allowable under the IRC. Participants who are age 50 or older are eligible to make catch-up contributions. Rollover contributions from other qualified plans are allowed. Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers 25 investment fund options for participants.

NOTE 1: DESCRIPTION OF PLAN (continued)

The employer contribution consists of a 3% safe harbor nonelective contribution calculated based on the employee's eligible earnings for each payroll period. The Company may also make an additional discretionary nonelective employer contribution which, if elected to be made in a particular year, would be a pay-based contribution equal to a percentage of a participant's compensation and years of service as follows:

Years of Service	Percentage of Pay
Less than 10 years	0%
10 years, but less than 15 years	up to 1%
15 years, but less than 20 years	up to 2%
20 years or more	up to 3%

The discretionary nonelective employer contribution for the year ended December 31, 2018, totaled \$11,574. The Plan recorded a discretionary nonelective employer contribution receivable for this contribution in the amount of \$11,574 and \$10,841 as of December 31, 2018 and 2017.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Starting on January 1, 2010, participants were immediately vested in the Company's safe harbor nonelective 3% contributions and discretionary nonelective contributions plus actual earnings thereon. Prior to 2010, vesting occurred after one full year of continuous service, with participants vesting in the Company's matching contributions of 20% each year and becoming 100% vested after five years of service. Upon death or the attainment of normal retirement age, a participant shall also become 100% vested.

NOTE 1: DESCRIPTION OF PLAN (concluded)

Forfeited Accounts

As of December 31, 2018 and 2017, forfeited nonvested accounts totaled \$120 and \$677. These accounts represent nonvested matching contributions of participants who have terminated their employment with the Company and will be used to reduce future employer contributions. During 2018, forfeitures of \$1,992 were used to reduce employer safe harbor nonelective contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1 up to a maximum equal to the lesser of \$50 or 50% of their vested account balance. Loans range from one to five years for general purpose loans. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the Prime rate as reported in *The Wall Street Journal* at the time of the loan. A participant may have up to two loans outstanding at any time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination for any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interests in his or her account or payment of a specific dollar amount on a monthly, quarterly, or annual basis over a period of time not to exceed the life expectancy of the recipient.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The Fidelity Managed Income Portfolio II Fund Class 1 ("MIP II Fund") is valued using net asset value ("NAV") as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Trustee and recordkeeping fees incurred in connection with the general administration of the Plan that are paid by the Plan are included in administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Financial Instruments

The carrying amount of certain of the Plan's financial instruments, including contributions receivable and accrued expenses, approximates fair value due to their short maturities.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2018 and 2017, net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for 2018 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;

LABORATORY CORPORATION OF AMERICA HOLDINGS
EMPLOYEES' RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2018 and 2017

(Dollars in Thousands)

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Money market fund and mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The money market fund and mutual funds are required to publish their daily NAV and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued based on the underlying unit value as provided by the Trustee. Valuation of the funds' units is published daily and is the basis for current transactions. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities' liquidations will be carried out in an orderly business manner.

NOTE 4: FAIR VALUE MEASUREMENTS (concluded)

Investment Valued Using NAV as a Practical Expedient

As of December 31, 2018 and 2017, the fair value of the MIP II Fund, valued using NAV as a practical expedient, totaled \$102,470 and \$92,860. The fund provides for periodic redemptions ranging from daily to annually. There are no unfunded commitments. Were the Plan to initiate a full redemption of the MIP II Fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5: RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in certain funds managed by the Trustee. These transactions qualify as party in interest transactions that are exempt from the prohibited transactions rules under ERISA.

The Plan made direct payments to the Trustee of \$2,086 which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 6: INCOME TAX STATUS

The Plan obtained a determination letter dated May 24, 2017, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 7: SUBSEQUENT EVENTS

In July 2019, Plan participants who had previously transferred employment between the Company and one of its subsidiaries, Covance Inc., had their account balances transferred between the Laboratory Corporation of America Holdings Employees' Retirement Savings Plan and the Covance 401(k) Savings Plan. Account balances totaling approximately \$4,000 were transferred from the Covance 401(k) Savings Plan to the Laboratory Corporation of America Holdings Employees' Retirement Savings Plan and account balances totaling approximately \$20,000 were transferred from the Laboratory Corporation of America Holdings Employees' Retirement Savings Plan to the Covance 401(k) Savings Plan.

The plan administrator has evaluated subsequent events through September 23, 2019, the date these financial statements were available for issuance, and determined that there were no other events which have occurred that would require adjustment to or disclosure in these financial statements.
