The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Company may contribute a discretionary Employer matching contribution. During 2018, the Company elected to contribute 50% of a participant's elective deferrals that do not exceed 6% of compensation, as defined in the Plan. Additional discretionary nonelective Employer contribution amounts may be contributed at the option of the Company's Board of Directors for employees who have completed one year (1,000 hours) of service. During 2018, the Company did not elect to make an additional discretionary nonelective Employer contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants may elect to contribute up to 100% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution, allocations of the Company's discretionary contributions, if any, and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after one year of credited service, 20% for each additional year and is fully vested after five years.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50.00% of their vested account balance. Notes receivable must be repaid within five years unless for the purchase of a primary residence, in which case the notes receivable must be repaid within 30 years. Notes receivable are collateralized by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Interest rates on outstanding notes receivable ranged from 4.25% to 7.00% at December 31, 2018. Principal and interest are collected through monthly payroll deductions and notes are due in various amounts through April 2032. A participant may have one outstanding note at a time.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed $5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that exceeds $1,000, but does not exceed $5,000, is paid as a direct rollover to an individual retirement account designated by the Plan Administrator, and any balance that does not exceed $1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Hardship withdrawals are also available, subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future Employer contributions. At December 31, 2018 and 2017, unallocated forfeitures totaled $52,771 and $29,492, respectively. During 2018, $32,621 of forfeitures were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as an asset on the statements of net assets available for benefits and continue to accrue interest until they are considered to be in default. Loans are considered to be in default and canceled according to the terms of the loan policy. Loans in default are classified as benefits paid to participants on the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed are recorded as a liability with a corresponding reduction of contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants prior to March 15, 2019 and 2018, respectively.

Note 2. Significant Accounting Policies (Continued)

Administrative expenses: Administrative expenses are paid by the Company or the Plan. Administrative expenses that are paid by the Company are excluded from these financial statements. Certain Plan expenses, such as transaction fees from receiving a loan, withdrawal or distribution from the Plan, are deducted from individual participants' accounts or investment income. Certain administrative functions are performed by employees of the Company. However, such employees receive no compensation from the Plan.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU No. 2018-13 is not expected to have a material impact on the Plan's financial statements.

Subsequent events: The Plan has evaluated subsequent events through September 24, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Plan's custodians that the information provided to the Plan Administrator by the Plan's custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	December 31	
	2018	2017
Investments at fair value	$ 19,524,315	$ 18,840,699
Investments at contract value	2,684,812	2,508,408
Notes receivable from participants	986,802	809,362
	$ 23,195,929	$ 22,158,469

The custodians also certified the completeness and accuracy of $2,413,599 of net depreciation in fair value of investments, $983,524 of interest and dividends related to the aforementioned assets and $35,752 of interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual funds: Mutual funds are valued based on quoted market prices in the active market in which they are traded and are classified within Level 1 of the valuation hierarchy.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,524,315	$ -	$ -	$ 19,524,315
	Fair Value as of December 31, 2017			
Mutual funds	$ 18,840,699	$ -	$ -	$ 18,840,699

Note 5. Investment Contract With Insurance Company

The Plan has entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable.

Note 6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and a guaranteed portfolio fund managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC are the custodians, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan Sponsor paid certain administrative expenses related to the Plan for the year ended December 31, 2018.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Plan Sponsor contributions.

Note 8. Income Tax Status

The Plan adopted a prototype nonstandardized plan. The Plan has received a determination letter from the IRS, dated March 31, 2014, as to the prototype plan's qualification status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's determination letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 8. Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

During 2017, the Plan Sponsor inadvertently failed to deposit $667 of participant deferrals within the required time frame, as stated by the DOL's regulations. The Plan Sponsor reimbursed the Plan for lost interest during 2018. The correction was made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
