LORAIN COUNTY PRINTING AND PUBLISHING COMPANY 401(K) PLAN

Notes to Financial Statements
December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE A - DESCRIPTION OF PLAN

The following description of the Lorain County Printing and Publishing Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of the Lorain County Printing and Publishing Company (the Company, Plan Sponsor, and Plan Administrator) and Elyria Lorain Broadcasting who have completed 90 days of service, are at least 21 years old, and who are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated effective June 1, 2018 to exclude interns from contributing to the Plan.

Contributions
Participants may contribute up to 100 percent of their compensation, as defined by the Plan, on a pre-tax or after-tax basis. The Plan provides for discretionary Company matching and discretionary nonelective contributions. There were no Company contributions for the year ended December 31, 2018. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of fifty by the end of the plan year. Participants direct the investment of their elective contributions into the various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employees who become eligible to participate but do not enroll or opt out of the Plan are automatically enrolled at a deferral rate of 3% of pre-tax compensation as defined by the Plan. Contributions are invested in a designated fund until otherwise elected by the participants.

Participant Accounts
Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service at a rate of 20% per year. A participant is 100% vested after five years of credited service, or upon death or disability of the participant.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. Participants invested in the Great-West SecureFoundation Balanced Svc fund can elect to take lump-sum distributions at retirement or receive a lifetime annuity based upon the highest market value of their investment in the fund as reported by the trustees. Prior to June 1, 2018, if the value of the vested benefits credited to a participant's account is $1,000 or less at the time of termination, the entire amount will be distributed without the participant's consent. Subsequent to June 1, 2018, if the value of the vested benefits credited to a participant's account is $5,000 or less at the time of termination, the entire amount will be distributed without the participant's consent. In-service distributions are permitted for participants who have attained age 59½.

Active participants may request hardship withdrawals from their account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeitures

Forfeitures, if any, may be used to reduce employer contributions or to pay plan expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies using information provided by the trustee and custodian. See Note D for discussion of fair value measurements.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Sharing
Revenue sharing income represents the portion of investment management fees provided to the Plan from the investment fund manager to offset the cost of services provided to the Plan. Revenue sharing, which is included as a component of investment income (expenses) on the statement of changes in net assets available for benefits, was $13,658 for the year ended December 31, 2018.

Contributions
Participant contributions are recorded and credited to each participant's account as received by the custodian and trustee from the Company. Any contributions attributable to the plan year but not received by the trust by the last day of the plan year are recorded as a receivable.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the $530 of excess contributions as of December 31, 2017 to the applicable participant prior to March 15, 2018.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income (expenses) on the accompanying statement of changes in net assets available for benefits.

Participants invested in the Great-West SecureFoundation Balanced Svc fund pay additional investment fees up to a maximum of 1.5% of their asset balance annually for the option to receive a lifetime annuity upon retirement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferred arrangement which received a favorable opinion letter from the IRS dated March 31, 2014, stating that the form of the underlying prototype plan document, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2019, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net depreciation in the fair value of investments and interest for the year ended December 31, 2018 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the trustee and custodian.

NOTE D - FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used to measure assets at fair value as of December 31, 2018 and 2017. There have been no changes in the methodology used as of December 31, 2018. The Plan's variable annuities accounted for at fair value as of December 31, 2018 and 2017 were $3,151,634 and $3,420,749, respectively.

> Variable annuities are valued at the net asset values of units held by the Plan at year end. The net asset values, as provided by the trustee, are used as a practical expedient to estimate fair values. Net asset values are based on the quoted market prices of the underlying investments, net of insurance company fees and expenses. This practical expedient is not used when it is determined to be probable that a funds will sell the investments for amounts different than the reported net asset values.

The method described above may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair values of the financial instruments could result in different fair value measurements as of the reporting date.

NOTE E - VARIABLE ANNUITIES

The Plan has investments in Great-West Life & Annuity Insurance Company variable annuities, which are collective investment funds. Participants may ordinarily direct withdrawals or transfers of all or a portion of their account balance without restriction.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (GW) of $5,495 and $4,358 at December 31, 2018 and 2017, respectively. Contributions from the Plan are maintained in GW's general account. Under the contract, the Plan owns a promise by the issuer to pay interest at crediting rates, which are set based on the earnings of the underlying assets of the entire medium-long term new portfolio compared to the contractual minimum interest crediting rate and prevailing market conditions. Participant principal and interest are fully guaranteed by the entire general account assets of GW. The minimum annual crediting rate under the contract cannot be less than zero. Interest crediting rates are reset quarterly. The contract includes a benefit payment option, the Guaranteed Lifetime Withdrawal Benefit (GLWB) option, which can be elected by a participant to receive periodic installments over the participant's life.

NOTE F - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

This contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GW, represents contributions made under the contract; plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at contract value.

The repayment of principal and interest credited to participants in the Plan is a financial obligation of GW. The Plan's ability to receive amounts due is dependent on GW's ability to meet its financial obligations. GW's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of GW or otherwise.

The contract may be terminated by either the Plan Sponsor or GW with 75 days written notice. If the Plan Sponsor terminates the contract, all benefits, rights, and privileges provided by the contract would terminate, including the right to receive payments under the GLWB option. The Plan Sponsor may not apply for a new contract for 90 days. Management believes a Plan-initiated termination of the contract is not probable of occurring.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net income (loss) per the Form 5500	($ 267,975)

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE J - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the custodian and trustee and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.
