INDEPENDENT AUDITOR'S REPORT

Plan Trustee and Participants
MCC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MCC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note E, which was certified or provided by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

This page left blank intentionally.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – Description of Plan

The following description of MCC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* - The Plan is a defined contribution plan established January 1, 2009, covering all employees of Metal Coatings Corporation (the Company) (except union employees, nonresident aliens, or leased employees) that have completed three consecutive months of service with at least 160 hours of service per month. Through December 31, 2016, eligible participants could choose to enter the Plan on the first day of the month coincident with or following the date such requirements were satisfied. Effective January 1, 2017, the plan was amended to include a Qualified Automatic Contribution Arrangement (QACA). Under the QACA, all employees are automatically enrolled upon meeting eligibility requirements. The initial election begins at 3% of eligible compensation and increases by 1% each year until reaching a maximum of 10%. The Plan operates as a Safe Harbor 401(k) Plan in order to satisfy certain non-discrimination testing requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. The Plan's trustee is Voya Retirement Insurance and Annuity Company (Voya).

2. *Contributions* - Qualified participants may elect to defer a percent of their salary at each pay period. A participant's contribution may not exceed an amount determined by the Internal Revenue Service each calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investing of the contributions in any of the Plan's available investment options. Matching contributions are made at 100% of a participant's contribution up to 1% of compensation, and a 50% matching contribution for deferrals above 1% and up to 6% of compensation. For the year ended December 31, 2018, the Company made $110,299 in matching contributions.

3. *Participant Accounts* - Each participant's account is credited with the participant's contribution, the Company's safe harbor contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting* - Participants are vested immediately in their voluntary contributions, including rollover contributions plus actual earnings thereon. Participants are vested immediately in the Company's safe harbor contribution through December 31, 2016. Under the QACA agreement adopted for 2017, matching contributions vest at 100% based on a two year cliff.

NOTE A – Description of Plan – continued

5. *Payment of Benefits* - Subsequent to termination of service, a participant may request to receive payment either in a lump sum amount equal to the value of his or her vested account balance or to continue in the Plan in such a manner as though the employee had not terminated his eligibility, if the participant's account balance is greater than $5,000. If the participant's account balance is above $1,000 but less than $5,000, the participant will either receive payment in a lump sum amount or the funds will be placed in an Individual Retirement Account (IRA) for the participant in an amount equal to the value of his or her vested account balance. If the participant's account balance does not exceed $1,000, the participant's vested account balance will be distributed directly to the participant in cash. In addition to benefit payments made due to termination of service, the Plan also allows for hardship distributions from any account in which the participant is 100% vested. In-service distributions are permitted from all fully-vested participant accounts for participants who have attained age fifty nine and one-half.

6. *Notes Receivable From Participants* - The Plan does not allow for participant loans.

7. *Forfeiture Accounts* – There were no forfeitures as of December 31, 2018 and 2017.

NOTE B – Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan offers investments in pooled separate accounts (PSA's) and a guaranteed investment contract (GIC's). Pooled separate accounts are valued based on the daily Net Asset Value ("NAV") per unit of the fund which is determined using quoted market prices of the underlying investments.

NOTE B – Summary of Accounting Policies - continued

The Voya Fixed Account is reported at contract value and is equal to participant deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connection with contract holder directed withdrawals or under limited circumstances for certain in-service participant withdrawals. The fair value of the Voya Fixed Account which consists of an underlying GIC owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Expenses

Investment related expenses are included in net appreciation of fair value of investments. Fees related to certain distributions are charged directly to the participant's account. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Recently Issued Accounting Standards

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE C – Guaranteed Investment Contract with Voya Retirement Insurance and Annuity Company

The Plan invests in a fully-benefit responsive guaranteed investment contract through the Voya Fixed Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses and is reported by Voya Retirement Insurance and Annuity Company (VRIAC) to the Plan at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2018 and 2017, the contract value of the investment in the Voya Fixed Account was $873,894 and $815,219, respectively.

NOTE C – Guaranteed Investment Contract with Voya Retirement Insurance and Annuity Company – continued

Withdrawals from the account are adjusted by a market value adjustment (MVA) as defined in the contract, and is calculated based on the rate of a 7-year Treasury bond for the week prior to surrender and the median declared interest rate communicated monthly for their class of contract, as of the date of surrender. To determine the payment amount, the total Fixed Account balance of the participant is multiplied by the MVA.

Stability of principal is the primary objective of this investment option. The Voya Fixed Account guarantees principal and a minimum guaranteed interest rate of 3% for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to your account daily yields the then current credited rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE D – Fair Value Measurements

FASB ASC Codification 820, Fair *Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – Fair Value Measurements - continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts (PSA): PSA's are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The accumulated unit value ("AUV") of a PSA is based on the market value of its underlying investments but the PSA AUV is not a publicly quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31,

	2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,500,942	$ -	$ 2,500,942

	2017			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,553,880	$ -	$ 2,553,880

NOTE E – Investments

The investments presented as of December 31, 2018 and 2017 were certified as complete and accurate by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of $(120,050) of net (depreciation) in the fair value of investments and $11,177 of interest and dividends for the year ended December 31, 2018.

NOTE F – Transactions with Parties-In-Interest

Certain plan investments are units of pooled separate accounts managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses and all audit fees of the Plan are paid by the Company. The Plan is not responsible for reimbursing the Company for any of these fees.

NOTE G – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the internal revenue service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE J – Subsequent Events

Subsequent events have been evaluated through July 24, 2019, the date the financial statements were available to be issued. The Plan did not have any recognized or non-recognized subsequent events after December 31, 2018 that would require disclosure in the notes to the financial statements.
