SERVER TECHNOLOGY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Server Technology, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on October 1, 1998, to provide retirement benefits for employees of Server Technology, Inc. (“STI”) and employees of its former wholly owned subsidiary, PDUs Direct, LLC (“PDUs”), collectively referred to herein as the “Company”. The Plan is a defined contribution plan covering all eligible employees meeting certain eligibility criteria who have completed three months of service and who have attained twenty-one years of age. Employees are eligible to participate if they are not nonresident aliens, part-time employees or union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

During January 2019, the Plan was merged with the Legrand Savings Plan, which is a defined contribution plan established by Legrand Holdings. The sponsor of the Legrand Savings Plan is Legrand, North and Central America, the Company’s immediate parent company. As a result of the merger, all participant account balances and Plan assets were transferred to the Legrand Savings Plan and participants in the Plan became eligible to participate in the Legrand Savings Plan in January 2019.

Participant Contributions – Participants may voluntarily contribute an amount up to 90% of pretax annual compensation as defined by the Plan agreement, up to a maximum permitted contribution in a calendar year. For the 2018 calendar year, the maximum permitted contribution was \$18,500. Participants may also make after-tax contributions subject to certain limitations. Participants who have attained at least 50 years of age may make an additional catch-up contribution up to \$6,000 annually. A participant may increase or decrease the amount of contributions at the beginning of each payroll period.

The Plan has an automatic enrollment feature. Participants subject to the automatic enrollment will have 5% of eligible compensation deducted on a pretax basis as a salary deferral contribution to the Plan. The deferral contribution rate will increase 1% per year until it reaches a maximum of 10% unless the participant elects otherwise. Participants may stop or change this automatic contribution at any time. If the participant has not selected an investment option, the participant’s contributions will be invested in a target retirement date fund which corresponds to the expected retirement age of the participant.

SERVER TECHNOLOGY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company matches participant contributions by contributing 100% of participant’s elective deferrals that do not exceed 3% of the participant’s compensation, plus 50% of the amount of the participant’s elective deferrals that exceed 3% of the participant’s compensation but do not exceed 5% of the participant’s compensation. The Company may, at its discretion, make a profit sharing contribution or an additional matching contribution.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant’s contributions and the Company’s matching contributions, and allocations of (a) the Company’s profit sharing contributions and (b) Plan investment earnings or losses, and is charged with an allocation of investment expenses. Allocations are based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

Vesting – Participants are immediately 100% vested in their voluntary contributions as well as 100% of basic matching “safe harbor” employer contributions, plus actual earnings thereon. Vesting in the Company’s discretionary contributions, if any, and related earnings thereon is in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various investment funds offered by the trustee of the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan’s eligibility requirements. The minimum loan amount is \$500 and the maximum loan amount is the lesser of one-half of the participant’s vested account balance or \$50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant’s account and interest rates are based on the prevailing interest rates charged under similar circumstances, and remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment. As of September 30, 2018, the outstanding loans bear interest ranging from 4.25% to 6.00% per annum with maturity dates ranging from April 2019 to December 2027.

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum cash distribution. If a terminated participant's vested interest in his/her account is between \$1,000 and \$5,000 and no instructions have been received from such participant, the amount may be rolled over to an individual retirement account plan as designated by the plan administrator. A balance less than \$1,000 may be distributed directly to the participant as a lump-sum payment and a balance greater than \$5,000 may be left in the Plan.

Forfeited Accounts – The non-vested portion of a terminated participant's account balance is forfeited upon termination of employment. As of September 30, 2018 and 2017, forfeited non-vested accounts amounted to \$763 and \$12,450, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. In addition, certain investment related expenses are included in the net appreciation or depreciation in fair value of investments.

SERVER TECHNOLOGY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants represent loans to participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative expenses are charged directly to participants' accounts; those expenses include costs associated with certain participant directed transactions, such as participant withdrawal fees.

Subsequent Events – The plan administrator has evaluated subsequent events through July 10, 2019, the date the Plan's financial statements were available for issuance. As discussed in Note 1, the Plan was merged with the Legrand Savings Plan during January 2019.

NOTE 3 – FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB Accounting Standards Codification defines fair value and establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under this guideline are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

SERVER TECHNOLOGY, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the daily NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trusts, the issuer reserves the right to require up to 90 business days if the investments are being transferred to a competing fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications as of September 30, 2018 and 2017 and for the year ended September 30, 2018 from Wells Fargo Bank N.A. ("Wells Fargo") the Plan's trustee, that investments and notes receivable from participants information provided by the trustee is complete and accurate. Information included in the accompanying financial statements as to investments at fair value, notes receivable from participants, dividends, interest, net appreciation in the fair value of investments, interest income on notes receivable from participants, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

NOTE 5 – TAX STATUS

The Company adopted a prototype plan which received a favorable opinion letter from the Internal Revenue Service on April 2, 2012, stating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes is reflected in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Plan has included in its investment options certain funds managed by Wells Fargo Bank, N.A. and affiliates. Wells Fargo Bank, N.A. is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are netted against the net appreciation or depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan or the Company pays directly any other fees related to the Plan's operations, except for fees related to loans and distributions, which are paid by participants. Fees paid directly by the Plan to Wells Fargo Bank, N.A. for administrative services amounted to \$60,485 for the year ended December 31, 2018 and are reported as administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

Year Ending September 30, 2018

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds offered through the trustee. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.
