Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Connoisseur Media, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Connoisseur Media, LLC (Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The annual compensation of each employee taken into account under the Plan shall not exceed the pretax annual compensation up to the maximum dollar limit imposed by the Internal Revenue Service (the IRS).

Eligibility: Employees of the Plan may elect to participate in the Plan upon completion of one year of service, which is defined in the Plan document as a consecutive 12 month period during which an employee has at least 1,000 hours of service, the employee has attained the age of 21 and the individual is not: (i) an employee of an affiliated employer, (ii) a common law employee, (iii) a leased employee, (iv) an employee whose employment is governed by the terms of a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining or (v) otherwise deemed ineligible in accordance with the terms of the Plan document.

Contributions: Participating employees may contribute a percentage of pretax annual compensation up to the maximum dollar limit imposed by the IRS. A participant can change their contribution percentage at the beginning of each quarter, and may drop to zero contribution at any time. The Plan Sponsor will match a discretionary matching contribution equal to a uniform percentage of a participant's contributions determined each plan year. In 2018 and 2017, the maximum amount of contributions eligible for the match was 25% of participant contributions up to \$3,000 for a maximum of \$750 per participant.

A newly hired employee previously participating in an IRS-approved defined contribution plan of his or her former employer may transfer his or her funds from the former plan as rollover contributions to the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and sponsor's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Participants' investment options: Participants must direct their salary deferral contributions to one or a combination of 16 investment funds available through the Plan.

Employer matching contributions are invested in the same manner the participant has elected to direct his/her contributions.

Vesting: Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon and are not subject to forfeitures for any reason.

Notes receivable from participants: Participants can borrow up to the lesser of an amount which does not exceed 50% of his or her nonforfeitable account balance or \$50,000. Repayment of principal and interest is made over a period not to exceed five years unless the loan is for the purpose of acquiring a primary residence. Repayments are made through after-tax payroll deductions and are credited only to the accounts of the participant. Interest on loans is accrued at a commercially reasonable rate of interest.

Payment of benefits: Generally, Plan withdrawals may not be made by participants earlier than a participant: (i) death, disability or other severance of employment, (ii) attainment of age 59 ½, (iii) proven financial hardship or (iv) as otherwise provided for within the Plan document.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

When Plan participants terminate for any reason, a lump-sum distribution will be automatically made if the vested interest of the participant's account does not exceed \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution.

Participants who make hardship withdrawals are restricted from making additional contributions for the next six-month period following the withdrawal date.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses: Audit fees, accounting fees and all reasonable expenses of administration may be paid out of the Plan assets unless paid by the Plan Sponsor.

Benefit payments: Benefit payments are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash: The Plan maintains its cash balances at Charles Schwab Bank. Cash is insured by the Federal Deposit Insurance Corporation. Balances in these accounts may at times exceed federally insured limits. The Plan has not experienced any losses on these accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by Charles Schwab Bank (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2018	2017
Investments, at fair value:		
Mutual funds (registered investment companies)	\$ 7,339,307	\$ 8,190,206
Money market fund	733,630	900,547
Cash	32,091	201
Notes receivable from participants	260,251	191,816

Charles Schwab Bank also certified to the completeness and accuracy of \$920,819 of net depreciation in fair value of mutual funds, \$392,495 in interest and dividends on investments and \$11,664 in interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (FASB ASC 820), provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds (registered investment companies): Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Money market fund: The carrying amount approximates fair value because the instrument is liquid in nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 7,339,307	\$ -	\$ -	\$ 7,339,307
Money market fund	733,630	-	-	733,630
Total assets at fair value	<u>\$ 8,072,937</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,072,937</u>
	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 8,190,206	\$ -	\$ -	\$ 8,190,206
Money market fund	900,547	-	-	900,547
Total assets at fair value	<u>\$ 9,090,753</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,090,753</u>

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 6. Tax Status of the Plan

The Plan received its latest determination letter dated May 23, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the Plan believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan reserves the right at any time to terminate the Plan, in whole or in part. In the event of Plan termination, distribution of the Plan's assets will be made to the participants and beneficiaries in the order prescribed by ERISA.

Note 8. Exempt Party-in-Interest Transactions

Charles Schwab Bank is the custodian of the Plan, and certain Plan investments are shares of various funds managed by Charles Schwab Bank and, therefore, any transactions between the Plan and Charles Schwab Bank are considered related party transactions.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Connoisseur Media, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Connoisseur Media, LLC (Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The annual compensation of each employee taken into account under the Plan shall not exceed the pretax annual compensation up to the maximum dollar limit imposed by the Internal Revenue Service (the IRS).

Eligibility: Employees of the Plan may elect to participate in the Plan upon completion of one year of service, which is defined in the Plan document as a consecutive 12 month period during which an employee has at least 1,000 hours of service, the employee has attained the age of 21 and the individual is not: (i) an employee of an affiliated employer, (ii) a common law employee, (iii) a leased employee, (iv) an employee whose employment is governed by the terms of a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining or (v) otherwise deemed ineligible in accordance with the terms of the Plan document.

Contributions: Participating employees may contribute a percentage of pretax annual compensation up to the maximum dollar limit imposed by the IRS. A participant can change their contribution percentage at the beginning of each quarter, and may drop to zero contribution at any time. The Plan Sponsor will match a discretionary matching contribution equal to a uniform percentage of a participant's contributions determined each plan year. In 2018 and 2017, the maximum amount of contributions eligible for the match was 25% of participant contributions up to \$3,000 for a maximum of \$750 per participant.

A newly hired employee previously participating in an IRS-approved defined contribution plan of his or her former employer may transfer his or her funds from the former plan as rollover contributions to the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and sponsor's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Participants' investment options: Participants must direct their salary deferral contributions to one or a combination of 16 investment funds available through the Plan.

Employer matching contributions are invested in the same manner the participant has elected to direct his/her contributions.

Vesting: Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon and are not subject to forfeitures for any reason.

Notes receivable from participants: Participants can borrow up to the lesser of an amount which does not exceed 50% of his or her nonforfeitable account balance or \$50,000. Repayment of principal and interest is made over a period not to exceed five years unless the loan is for the purpose of acquiring a primary residence. Repayments are made through after-tax payroll deductions and are credited only to the accounts of the participant. Interest on loans is accrued at a commercially reasonable rate of interest.

Payment of benefits: Generally, Plan withdrawals may not be made by participants earlier than a participant: (i) death, disability or other severance of employment, (ii) attainment of age 59 ½, (iii) proven financial hardship or (iv) as otherwise provided for within the Plan document.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

When Plan participants terminate for any reason, a lump-sum distribution will be automatically made if the vested interest of the participant's account does not exceed \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution.

Participants who make hardship withdrawals are restricted from making additional contributions for the next six-month period following the withdrawal date.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses: Audit fees, accounting fees and all reasonable expenses of administration may be paid out of the Plan assets unless paid by the Plan Sponsor.

Benefit payments: Benefit payments are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash: The Plan maintains its cash balances at Charles Schwab Bank. Cash is insured by the Federal Deposit Insurance Corporation. Balances in these accounts may at times exceed federally insured limits. The Plan has not experienced any losses on these accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Notes to Financial Statements

Note 3. Information Certified by Charles Schwab Bank (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2018	2017
Investments, at fair value:		
Mutual funds (registered investment companies)	\$ 7,339,307	\$ 8,190,206
Money market fund	733,630	900,547
Cash	32,091	201
Notes receivable from participants	260,251	191,816

Charles Schwab Bank also certified to the completeness and accuracy of \$920,819 of net depreciation in fair value of mutual funds, \$392,495 in interest and dividends on investments and \$11,664 in interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (FASB ASC 820), provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds (registered investment companies): Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Money market fund: The carrying amount approximates fair value because the instrument is liquid in nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 7,339,307	\$ -	\$ -	\$ 7,339,307
Money market fund	733,630	-	-	733,630
Total assets at fair value	<u>\$ 8,072,937</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,072,937</u>
	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 8,190,206	\$ -	\$ -	\$ 8,190,206
Money market fund	900,547	-	-	900,547
Total assets at fair value	<u>\$ 9,090,753</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,090,753</u>

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 6. Tax Status of the Plan

The Plan received its latest determination letter dated May 23, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the Plan believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan reserves the right at any time to terminate the Plan, in whole or in part. In the event of Plan termination, distribution of the Plan's assets will be made to the participants and beneficiaries in the order prescribed by ERISA.

Note 8. Exempt Party-in-Interest Transactions

Charles Schwab Bank is the custodian of the Plan, and certain Plan investments are shares of various funds managed by Charles Schwab Bank and, therefore, any transactions between the Plan and Charles Schwab Bank are considered related party transactions.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.

Connoisseur Media, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Connoisseur Media, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Connoisseur Media, LLC (Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The annual compensation of each employee taken into account under the Plan shall not exceed the pretax annual compensation up to the maximum dollar limit imposed by the Internal Revenue Service (the IRS).

Eligibility: Employees of the Plan may elect to participate in the Plan upon completion of one year of service, which is defined in the Plan document as a consecutive 12 month period during which an employee has at least 1,000 hours of service, the employee has attained the age of 21 and the individual is not: (i) an employee of an affiliated employer, (ii) a common law employee, (iii) a leased employee, (iv) an employee whose employment is governed by the terms of a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining or (v) otherwise deemed ineligible in accordance with the terms of the Plan document.

Contributions: Participating employees may contribute a percentage of pretax annual compensation up to the maximum dollar limit imposed by the IRS. A participant can change their contribution percentage at the beginning of each quarter, and may drop to zero contribution at any time. The Plan Sponsor will match a discretionary matching contribution equal to a uniform percentage of a participant's contributions determined each plan year. In 2018 and 2017, the maximum amount of contributions eligible for the match was 25% of participant contributions up to \$3,000 for a maximum of \$750 per participant.

A newly hired employee previously participating in an IRS-approved defined contribution plan of his or her former employer may transfer his or her funds from the former plan as rollover contributions to the Plan.

Participant accounts: Each participant's account is credited with the participant's contribution and sponsor's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Participants' investment options: Participants must direct their salary deferral contributions to one or a combination of 16 investment funds available through the Plan.

Employer matching contributions are invested in the same manner the participant has elected to direct his/her contributions.

Vesting: Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon and are not subject to forfeitures for any reason.

Notes receivable from participants: Participants can borrow up to the lesser of an amount which does not exceed 50% of his or her nonforfeitable account balance or \$50,000. Repayment of principal and interest is made over a period not to exceed five years unless the loan is for the purpose of acquiring a primary residence. Repayments are made through after-tax payroll deductions and are credited only to the accounts of the participant. Interest on loans is accrued at a commercially reasonable rate of interest.

Payment of benefits: Generally, Plan withdrawals may not be made by participants earlier than a participant: (i) death, disability or other severance of employment, (ii) attainment of age 59 ½, (iii) proven financial hardship or (iv) as otherwise provided for within the Plan document.

Note 1. Description of Plan (Continued)

When Plan participants terminate for any reason, a lump-sum distribution will be automatically made if the vested interest of the participant's account does not exceed \$5,000. If the participant's vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution.

Participants who make hardship withdrawals are restricted from making additional contributions for the next six-month period following the withdrawal date.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses: Audit fees, accounting fees and all reasonable expenses of administration may be paid out of the Plan assets unless paid by the Plan Sponsor.

Benefit payments: Benefit payments are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash: The Plan maintains its cash balances at Charles Schwab Bank. Cash is insured by the Federal Deposit Insurance Corporation. Balances in these accounts may at times exceed federally insured limits. The Plan has not experienced any losses on these accounts.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Note 3. Information Certified by Charles Schwab Bank (Custodian)

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

	2018	2017
Investments, at fair value:		
Mutual funds (registered investment companies)	\$ 7,339,307	\$ 8,190,206
Money market fund	733,630	900,547
Cash	32,091	201
Notes receivable from participants	260,251	191,816

Charles Schwab Bank also certified to the completeness and accuracy of \$920,819 of net depreciation in fair value of mutual funds, \$392,495 in interest and dividends on investments and \$11,664 in interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (FASB ASC 820), provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds (registered investment companies): Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Money market fund: The carrying amount approximates fair value because the instrument is liquid in nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 7,339,307	\$ -	\$ -	\$ 7,339,307
Money market fund	733,630	-	-	733,630
Total assets at fair value	<u>\$ 8,072,937</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,072,937</u>
	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds (registered investment companies)	\$ 8,190,206	\$ -	\$ -	\$ 8,190,206
Money market fund	900,547	-	-	900,547
Total assets at fair value	<u>\$ 9,090,753</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,090,753</u>

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status of the Plan

The Plan received its latest determination letter dated May 23, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the Plan believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan reserves the right at any time to terminate the Plan, in whole or in part. In the event of Plan termination, distribution of the Plan's assets will be made to the participants and beneficiaries in the order prescribed by ERISA.

Note 8. Exempt Party-in-Interest Transactions

Charles Schwab Bank is the custodian of the Plan, and certain Plan investments are shares of various funds managed by Charles Schwab Bank and, therefore, any transactions between the Plan and Charles Schwab Bank are considered related party transactions.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 30, 2019, the date the financial statements were available to be issued.
