A. Description of Plan

General

The following description of the Platinum Press, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Platinum Press, Inc. (the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, established January 1, 2015, is a defined contribution plan, covering substantially all employees of the Company who have attained eighteen years of age and completed either six consecutive months of employment or the completion of a year of service, whichever is earlier. Employees are eligible to become an active participant in the Plan on January 1 or July 1, following attainment of the above requirements. A special election was made to waive the age and service requirement for all employees employed on or before May 20, 2015. An election was also made to waive the age and service requirement for all New Jersey employees hired on or before December 15, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Plan Administration

The Plan is administered by the owners of the Company who also serve as trustees of the Plan. America's 401(k), Inc. (the "Recordkeeper") is responsible for the recordkeeping and administration for the Plan. Capital Bank and Trust Company (the "Custodian"), is responsible for the custody of the Plan's assets.

Contributions

Under the provisions of the Plan, participants may elect to voluntarily defer up to 100% of their pre-tax annual compensation as defined by the Plan document. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was $18,000 for 2016. Roth elective deferrals are permitted in the Plan. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by the Code ($6,000 for 2016). Participants may make a rollover contribution to the Plan from another qualified plan.

The Plan is referred to as a safe harbor 401(k) plan. In order to maintain safe harbor status, the Company makes a safe harbor matching contribution equal to 100% of the first 3% of compensation, as defined by the Plan, and 50% of the next 2% of compensation. The Company made safe harbor matching contributions of approximately $166,000 for 2016. Additional discretionary amounts may be contributed at the option of the Company's owners. Such amounts shall be allocated to each person who was an employee on the last day of the year and has at least 1,000 hours of service. For the year ended December 31, 2016, no discretionary contribution was provided. In 2016, the Company contributed approximately $70,000 related to corrections of operational failures during the year.

A. Description of Plan (*continued*)

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to pay Plan administrative expenses or to reduce Company matching contributions. There were no non-vested forfeitures as of December 31, 2016 or 2015. No forfeitures were used during 2016 or 2015.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Vesting

Participants are immediately vested in their voluntary contributions as well as the qualified safe harbor matching contributions, plus or minus actual earnings or losses thereon. Vesting in discretionary contributions is based on years of service. Participants become 20% vested after two years of service, increasing 20% per year thereafter until they are fully vested after six years of service. Additionally, participants or their beneficiaries become immediately and fully vested in Company contributions and related earnings upon full and permanent disability, normal retirement age, or death.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, qualified matching contributions, and discretionary contributions to any of the available investment options.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum amount of $1,000 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance, reduced by outstanding loan balance; or (b) $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. A participant may have no more than one loan outstanding at any given time. The loans are secured by the remaining vested balance in a participant's account and bear an interest rate of prime plus two percent (2%), as of the date of the loan. The rate of interest will be constant throughout the term of the loan. Loan terms range up to five years for general purposes or 15 years for the purchase of a primary residence. As of December 31, 2016 and 2015, there were approximately $9,500 and $0 of outstanding loans, respectively.

Benefits Paid to Participants

Participants who withdraw from the Plan during the year for reasons of disability, retirement, death, or termination are entitled to their vested account balance. Payment of benefits to participants with balances less than $5,000 will be made in a lump-sum distribution. Payment of benefits to participants with balances greater than $5,000 will receive a distribution of his or her vested account balance in the manner requested by the participant.

A. Description of Plan (*continued*)

Benefits Paid to Participants (*continued*)

A participant may receive a hardship distribution from participant contributions if the distribution is: (1) on account of medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) burial or funeral expenses for the participant's deceased parent, spouse, children or dependents; or, (6) expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

B. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Accounting Policies (*continued*)

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded and measured at the unpaid principal balance plus accrued interest which approximates fair value. If any payment of principal and interest remains unpaid by the end of the calendar quarter following the calendar quarter in which the missed payment was due, the loan shall be in default. Delinquent participant loans, if any, are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participant loans are considered uncollectible in the period they are deemed and accordingly, no allowance has been established.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2016 and 2015, there were no requested distributions that had not been paid.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements.

New FASB Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard early in 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management elected to adopt Part II early in 2015. Parts I and III are not applicable to this Plan.

C. Investments (Unaudited)

The Plan's investments are held by the Custodian as of December 31, 2016 and 2015 under executed trust and service agreements with the Company. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian. Investments are reflected at fair value as of December 31, 2016 and 2015 as reported by the Custodian.

According to the FASB, participant loans are to be classified on the statement of net assets available for benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the schedule of assets held for investment purposes at the end of the year.

The following is a reconciliation of the schedule of assets held for investment purposes to the financial statements as of December 31:

	2016	2015
Investments per schedule of investments held for investment purposes at the end of the year	$ 715,769	$ 179,484
Less: Notes receivable from participant loans	(9,447)	-
Investments per financial statements	$ 706,322	$ 179,484

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date.

- Level 2: Observable market based on inputs or unobservable inputs that are corroborated by market data, including quoted prices for similar assets or liabilities in active markets or quoted prices for similar assets or liabilities in inactive markets. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. As of December 31, 2016 and 2015, the Plan had no Level 2 investments.

- Level 3: Unobservable inputs that are not corroborated by market data. As of December 31, 2016 and 2015, the Plan had no Level 3 investments.

D. Fair Value Measurements (*continued*)

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2016 and 2015. The methodology used to measure each major category of assets is as follows:

- Money market funds: The reported value of the money market funds is the cash balance which approximates fair value. The valuation is classified within Level 1 of the valuation hierarchy.

- Mutual funds: The share prices / net asset values ("NAV"s) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and / or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation provided by the Custodian and are classified within Level 1 of the valuation hierarchy.

The Plan's assets measured at fair value on a recurring basis as of December 31 are as follows:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 5,573	$ -	$ -	$ 5,573
Mutual funds	700,749	-	-	700,749
Total assets at fair value	$ 706,322	$ -	$ -	$ 706,322

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 3,434	$ -	$ -	$ 3,434
Mutual funds	176,050	-	-	176,050
Total assets at fair value	$ 179,484	$ -	$ -	$ 179,484

E. Information Certified by the Custodian

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's administrator limited auditing procedures with respect to the investment information certified by the Custodian, which included total investments as of December 31, 2016 and 2015, total investment income, including net realized and unrealized loss on investments for the year ended December 31, 2016, and all information included in the Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

F. Income Tax Status

The Company has adopted the America's 401(k), Inc. Volume Submitter Plan which has received a favorable opinion letter from the Internal Revenue Service. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has not requested or received a determination from the Internal Revenue Service regarding qualifications under the appropriate section of the Code; however, the Plan's administrator believes that the Plan is designed to be in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt. Further, the Plan's administrator believes that the Plan is being operated in material compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan was established during 2015; accordingly, the Plan is subject to Internal Revenue Service examinations for the years 2015 and 2016.

G. Party-In-Interest Transactions

Certain Plan investments are held in investments offered by the Custodian, which is also the record-keeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Code.

In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Company paid approximately $6,000 on behalf of the Plan during the year ended December 31, 2016.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions. Plan assets would be distributed to the participants at the discretion of the Company or continue to be held in a trust fund to be distributed to each participant upon retirement, death, permanent disability, or termination of employment.

I. Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks customarily associated with debt and equity investments. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements. In addition, any cash deposited in a financial institution may at times be in excess of the Federal Deposit Insurance Corporation's insured limit.

J. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through May 23, 2019, the date the financial statements were available for issuance. The following subsequent events have been identified:

During the 2015 and 2016 audits, we discovered certain errors in the administration of the Plan. These errors were reported to the Company's management and adjusted in the financial statements. As a result, the Company intends to take certain actions to correct these errors and submit such corrections to the IRS' Voluntary Compliance Program and the DOL's Voluntary Fiduciary Correction Program, as applicable, for the years ending December 31, 2015, 2016, and 2017.

Effective January 1, 2018, the Company adopted the Automatic Data Processing Platinum Press Inc 401(k) Plan Document. Approximately $1,640,000 of total plan assets were transferred to Reliance Trust Company as the custodian.
