INDEPENDENT AUDITOR'S REPORT

Plan Administrator
APS Medical Billing Savings Plan

We were engaged to audit the accompanying financial statements of the APS Medical Billing Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus Trust Company (the "Trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2018 and 2017, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

APS Medical Billing Savings Plan
Notes to Financial Statements
Years Ended December 31, 2018 and 2017

1. Description of Plan

The following summary description of the APS Medical Billing Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions and operation of the Plan.

General

The Plan is a defined contribution plan which covers all eligible employees of the plan sponsor, Hospital Service Associates, Inc. dba APS Medical Billing (“the Company”). Employees must be at least 21 years of age and have completed one month of service in the year ending December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trust Agreement

Assets of the Plan at December 31, 2018 and 2017 are held for safekeeping and investment by Ascensus Trust Company (the “Trustee”), under an agreement with the Trustee.

Contributions

Participants may contribute annually up to 80% of annual compensation, exclusive of insurance reimbursements, not to exceed \$18,500 and \$18,000 in 2018 and 2017, respectively. Participants may make Roth 401(k) contributions which are maintained in a separate account. In addition, participants over age 50 may contribute an additional \$6,000 in 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined contribution plans and certain individual retirement accounts. The Company makes matching contributions to the Plan equal to a discretionary percentage determined annually by the Company. The Company makes matching contributions for all elective deferrals equal to 15% of the first 6% of compensation.

Contributions received from participants for 2018 and 2017 are net of excess contributions payable of \$19,239 and \$14,065, respectively, to certain active participants for excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. These amounts are paid in the year subsequent to the contribution and have been reflected as a liability in the statement of net assets available for benefits at December 31, 2018 and 2017.

Participant Accounts

Each participant account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

APS Medical Billing Savings Plan

Notes to Financial Statements - continued

Years Ended December 31, 2018 and 2017

1. Description of Plan - continued

Vesting

Participant contributions to the Plan plus actual earnings thereon are vested immediately. The Company's matching contribution and discretionary contribution portion plus actual earnings thereon are vested based on years of service. A participant is vested 20% after two years of service, vesting by 20% for each additional year of service up to 100% vesting after the sixth year of service.

Investments

The Plan holds its investments under a trust agreement with the Trustee at December 31, 2018 and 2017 to serve as a custodian of the investments held on behalf of participants. The Plan allows for investment of a participant's account balance in 18 (17 in 2017) different mutual fund or common collective trust fund investment options and participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a portion of their total vested account balance. Loan terms range from one to five years. The loans are secured by 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustee. Principal and interest at the prime rate plus 1% (6.5% at December 31, 2018) is paid ratably through payroll deductions.

Under U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

Benefit Payments

On termination of service due to death, disability, normal retirement at age 65 or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over a specified period of time, or a joint and survivor annuity.

Forfeited Amounts

At December 31, 2018 and 2017, there were nonvested forfeited accounts of \$7,417 and \$8,009, respectively. These accounts will be used to reduce Company contributions or pay Plan expenses. In 2018 and 2017, there were no forfeitures utilized to pay plan expenses.

Administrative Expenses

All administrative expenses, unless paid by the Company at its discretion, are paid by the Plan.

Years Ended December 31, 2018 and 2017

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Shares of mutual funds are valued at quoted market prices in active market which represent the net asset value of shares held by the Plan at year end. The current value in shares of common collective trust funds is based on the fair market value with any investments held in fully benefit responsive contracts adjusted to contract value (see below). Interest and dividend income is recorded on the accrual basis.

In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 962 *Plan Accounting – Defined Contribution Plans*, investment contracts held by defined contribution plans are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts held by common collective trust funds. However, at December 31, 2018, fair value of the common collective trust approximates contract value and no adjustment of the fully benefit-responsive investment contracts from fair value to contract value is presented in the statement of changes in net assets available for benefits.

During 2018, the Plan adopted ASU 2018-03, *Fair Value Measurement Topic 820: Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. This standard eliminates the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels of the fair value hierarchy, the valuation process for Level 3 investments and disclosure related to changes in unrealized gains and losses for recurring Level 3 investments.

Benefit Payments

Payments of benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan’s management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at unpaid principal balance plus accrued interest.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2018 financial statements through September 20, 2019, the date financial statements are available to be issued, and has determined there are no subsequent events that require disclosure under FASB ASC 855, *Subsequent Events*.

5. Fair Value Information

Accounting principles generally accepted in the United States define fair value, establishes a framework for measuring fair value using a three-tier hierarchy and requires certain fair value disclosures. The following is a list of the different levels in the fair value hierarchy based on the data and/or methods used to determine fair value:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data for substantially the full term of the asset or liability
- Level 3: Unobservable inputs that may be supported by little or no market activity and reflects management's assumptions that are significant to the measurement of fair value

The asset's or liability's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methods used for assets measured at fair value:

- *Mutual Funds*: Valued at the closing price reported in the active market where securities are traded at year end.
- *Common Collective Trust*: Valued at the net asset value of the units of a bank or insurance company collective trust, provided by the Trustee, based on the fair value of the underlying investments held by the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes those assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

		2018			
		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 5,974,766	\$ -	\$ -	\$ 5,974,766

6. Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract held in a common collective trust with a bank. The bank maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan from the bank. Fair value approximates contract value at December 31, 2018 and 2017.

Certain events limit the ability of the Plan to transact at contract value with the bank. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The average yield for the years ended December 31, 2018 and 2017 is:

	Average yield	
	2018	2017
Based on actual earnings	0.10%	2.70%
Based on interest rate credited to participants	2.62%	2.33%

7. Plan Termination

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The IRS has determined and informed the Trustee, by letter dated March 31, 2014, that the prototype non-standardized profit sharing plan, which serves as a basis for the Plan, and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. Tax Status - continued

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

9. Related Party in Interest

Ascensus, Inc. is the Trustee as defined by the Plan. Fees paid to Ascensus, Inc. by the Plan amounted to \$24,801 and \$27,406 for the years ended December 31, 2018 and 2017, respectively.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	\$6,375,158	\$5,920,292
