**OSRAM SYLVANIA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the OSRAM SYLVANIA Savings Plan (the Plan) provides general information about the Plan's provisions. OSRAM SYLVANIA Inc. (the Company) is the plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Company.

General

The Plan is a defined contribution plan established through spinoffs from the Siemens Savings Plan and the Siemens Savings Plan for Union Employees (the Siemens Plans). Employees of the Company who were participants of the Siemens Plans as of September 30, 2011 automatically became participants in the Plan. After September 30, 2011, regular employees are eligible to join as of their first date of employment. Temporary employees become eligible for the Plan at the end of their first anniversary year or in the calendar year in which they earn 1,000 hours, whichever is later.

The Benefits Administrative Committee is responsible for the general administration of the Plan. The Investment Committee is responsible for selection and oversight of investments held by the Plan. BNY Mellon Bank, N.A. was the Trustee of the Plan from January 1, 2017 through July 31, 2017. Effective August 1, 2017, State Street Bank & Trust was made Trustee of the Plan and held this role at December 31, 2018 and 2017. The financial statements collectively refer to these parties as "Trustees." Alight is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute from 2% to 25%, in 1% increments, of their eligible compensation, as defined by the Plan documents (highly compensated employees may contribute 2% to 8%). When automatically enrolled, a participant's contribution is set at 6% of eligible compensation on a pre-tax basis and will increase by 1% each year up until reaching 10%. The default investment option is the applicable Life Cycle Portfolio determined based on a participant's year of birth. Participants who are automatically enrolled may change their contribution amounts and investments. Participants may opt out of automatic enrollment, and make other contribution and investment elections.

The Plan allows participants age 50 or older to make additional tax-deferred contributions. These annual catch-up contributions were subject to Internal Revenue Service (IRS) limits of \$6,000 in 2018. Participants can also elect to make after-tax contributions to the Plan. Based on a participant's hire date, the Company matches either 50% or 100% of participant contributions, on the first 6% of eligible compensation contributed to the Plan. The Company also makes certain service-based contributions to eligible participants based on certain criteria, including their years of service.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued)

All contributions are subject to certain limitations of the Internal Revenue Code (the Code). The maximum combined participant and employer contributions to a participant's account for a plan year were limited to the lesser of \$55,000 for 2018, or 100% of the participant's annual compensation. For the 2018 calendar year, the IRS limited the annual tax-deferred contribution to \$18,500 for each participant. Other IRS limits exist for certain highly compensated employees participating in the Plan.

Investment Options

A participant may direct his or her contributions to any of the available investment options, in increments of at least 1%, within the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of the elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. Employer service-based and matching contributions and earnings thereon become 40% vested after two years of continuous employment and continue to vest at an annual rate of 20%, reaching 100% vesting after five years of continuous employment with the Company, its subsidiaries or affiliates. Effective January 1, 2018, the Plan was amended to provide that active participants as of that date will be immediately vested in all existing and future Company contributions.

Participant Loans

Participants may borrow from their accounts in increments of \$1. The minimum amount of any loan is \$1,000, and the maximum amount is equal to the lesser of \$50,000 or 50% of a participant's vested account balance. Loans are funded from each of the investment funds in which the participant has an available balance, with the exceptions of the Self-Directed Brokerage Account and any service-based contributions. Loan terms range from one to four years, or up to thirty years for the purchase of a principal residence. The \$50,000 limit is reduced by a participant's highest outstanding loan balance during the preceding twelve-month period. A participant may not have more than two loans outstanding at any time. A loan bears interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the Benefits Administrative Committee. Principal and interest are paid ratably through regular payroll deductions or direct payment after a participant terminates employment with the Company.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

The Plan can disburse funds upon a participant's separation from service with the Company or its affiliates as a result of the following: retirement, death, total or permanent disability, permanent layoff, or termination of employment with the Company. The Plan provides that such payments can take one of the following forms: a lump sum payment, partial lump sum payments and/or installment payments (except that a participant who is transferred to an affiliated company that is not located in the U.S. retains the distribution options the participant had under the Siemens Savings Plan in effect on December 31, 2009). However, any vested benefit of \$1,000 or less at the time of termination will automatically be paid out as a lump sum.

Withdrawals during Employment

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. The allowance for credit losses was \$1,454,064 and \$1,284,902 for the years ended December 31, 2018 and 2017, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**OSRAM SYLVANIA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 7 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administrative Expenses

The Plan's administrative expenses including, but not limited to, charges and disbursements of the Trustees, and charges and expenses of any legal counsel, accountant, investment adviser, and broker, are paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Forfeitures

Upon termination of employment and distribution of their accounts, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of a terminated participant's non-vested accounts are used to reduce future Company contributions. There were no unallocated forfeiture balances as of December 31, 2018 and 2017. Forfeitures used to reduce Company contributions during 2018 were \$167,964.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are invested in funds managed by the Trustees. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

**OSRAM SYLVANIA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated or partially terminated, all affected participants will become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Plan has received a determination letter from the IRS dated October 15, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - INVESTMENTS

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2018, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustees of the Plan.

**OSRAM SYLVANIA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each general type of assets and liabilities measured at fair value by the Plan.

Registered Investment Companies (Mutual Funds): These assets are classified as Level 1 and are valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trusts: These assets are valued as determined by the issuer using net asset value (NAV) as a practical expedient and supported by the value of the underlying securities.

Common Stock: Investments in common stock are valued at the closing price reported on the active market on which the individual securities are traded.

**OSRAM SYLVANIA SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2018**

NOTE 7 - FAIR VALUE MEASUREMENTS (CONTINUED)

Cash and Cash Equivalents: Investments in cash and cash equivalents are valued based on cost, which approximates fair value in a non-inflationary economy and are protected by the FDIC.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the nature and risks of the classes of assets by major security type that are valued using NAV:

Domestic and International Equity Funds: Seeks capital growth and income over the long term.

Domestic Equity – Index: Seeks investment results that correspond to the S&P 500 Index. Investments shall be made in publicly traded companies within the United States.

Fixed Income: Seeks to achieve income and appreciation in their primary investment holding categories.

Domestic Fixed Income: Seeks investment results that correspond to the Barclays U.S. Aggregate Bond Index.

International Equity – Index: Seeks high total investment return through a combination of current income and capital appreciation within benchmark aware risk and return objectives.

NOTE 8 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The synthetic investment contracts held by the Plan include a wrapper contract that provides a guarantee that the credit rate will not fall below 0%. Cash flow volatility (e.g., timing of benefit payments), as well as asset underperformance, can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The third-party issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code;
- Premature termination of the contracts;
- Plan termination or merger;
- Changes to the Plan's prohibition on competing investment options; and
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or would limit the ability of the Plan to transact at contract value with the participants.

NOTE 8 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (CONTINUED)

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount which is different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without the consent of the issuer.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated other subsequent events for the Plan through September 30, 2019, the date the financial statements were available to be issued, and has determined that there were no material events that would require disclosure in the Plan's financial statements through this date.
