1. Description of plan

The following description of All State Home Health 401k Plan, (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of All State Home Health and its affiliate Home Care of Grand Junction LLC dba Agape Care (collectively, the "Company"), age 21 and over who have completed one year of service with a minimum of 1,000 hours. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by ADP Retirement Services (ADP).

Contributions

Participants may elect to contribute from 1% to 90% of their compensation (as defined by the Plan document) up to a maximum of \$18,500 for 2018. Participants who are the age of 50 or more may contribute up to an additional \$6,000. Each year the Company will make a decision whether to make a discretionary matching contribution. For 2018 there was no match.

Additional profit sharing amounts may be contributed by the Company on a discretionary basis. For 2018, the Company elected not to make this contribution.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Contributions made by the Company vest as follows:

<u>Years of Credited Service for Vesting</u>	<u>Vesting Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Investment options

All of the Plan's accounts are maintained by Reliance Trust Company (Reliance). The investment options consist of a variety of mutual funds and common/collective trusts. Upon enrollment in the Plan, a participant may direct their contributions into any combination of these funds. Thereafter, the participant can change their investment allocations directly with Reliance.

Loans

Participants may borrow up to 50% of their vested account balance, subject to limitations imposed by the Internal Revenue Service (IRS). The minimum loan amount is \$500 and the maximum is \$50,000. Loans bear a rate of prime plus 2%. The term for the repayment of the loan may not exceed five years unless the loan is used for the purchase of a primary residence in which case the loan term cannot exceed thirty years.

Payment of benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may defer distribution in accordance with the terms of the Plan agreement. For Participants whose account balance is \$5,000 or less, the Plan has the option to make a lump-sum cash distribution as soon as administratively practicable following termination of employment.

Forfeited accounts

Forfeited accounts are credited to the Company and may be used to reduce future contributions to the Plan. For 2018 there were no forfeitures.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value measurements

Accounting Standards Codification (ASC) Topic 820 defines fair value as the price that would be received to sell an asset or liability in an orderly transaction between market participants at a measurement date. It provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value; the three levels of the fair value hierarchy are described below:

Fair value measurements (continued)

Level 1 – Valuations are based on unadjusted quoted prices in an active market for identical assets or liabilities.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets, or quoted prices in markets that are not active for which significant inputs are observable, either directly or indirectly.

Level 3 – Valuations are based on prices or valuations techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

Registered investment company assets are measured at fair value and are categorized as Level 1. Common/collective trust assets are measured at net asset value and are not categorized in the fair value levels.

Unrealized gains and losses represent the difference between fair value at year end and fair value at the beginning of the year, or purchase price if acquired during the year. Realized gains and losses represent the difference between proceeds received and fair value at the beginning of the year, or purchase price if acquired during the year.

Investments

Funds which include foreign holdings within its portfolio may enter into forward currency and futures contracts and options to reduce exposure to loss due to changes in foreign currency exchange rates and changes in the security price or interest rate.

Payment of benefits

Benefits are recorded when paid.

Plan expense

Plan administrative expenses are paid by the Company.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	\$ 16,364	\$ 95,508

Employee contributions per the financial statements	\$ 17,764
Less: Contributions receivable at December 31, 2018	(222)
Employee contributions per the Form 5500	\$ 17,542

5. Tax status

The Plan adopted a prototype non-standardized profit sharing plan provided by ADP. The IRS has issued a determination letter, dated July 8, 2014 stating that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of employees. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Plan termination

While it has not expressed any intent to terminate the Plan, the owners of the Company reserve the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan all participant accounts become 100% vested.

7. Risks and Uncertainties

The Plan's investments are comprised of various investment securities which are exposed to various risks such as interest rate, market, and credit risk. It is therefore reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

8. Subsequent events

The Company was purchased by Jet Health Inc. in 2017, and the Plan was combined into the Jet Health 401K Plan subsequent to December 31, 2018.

The Plan did not have any other subsequent events through October 2, 2019, which is the date the financial statements were available to be issued, requiring recording or disclosure in the financial statements for the year ended December 31, 2018.
