NOTES TO FINANCIAL STATEMENTS

CITY MASONRY 401(K) PLAN

December 31, 2018

NOTE A - DESCRIPTION OF THE PLAN

The following description of the City Masonry 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was formed and adopted by City Masonry II, LLC (the "Company"), effective January 1, 2017. The Plan is a defined contribution plan covering all eligible employees of the Company who have six months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Generally, participants may contribute up to 90 percent of pretax compensation, as defined in the Plan, subject to certain IRS limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans or certain IRA’s. Participants direct the investment of their contributions into various investment options offered by the Plan. This Plan is a safe harbor 401(k) Plan. In order to maintain safe harbor status, the Company will make a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 4% of compensation. For purposes of calculating the safe harbor matching contribution, a participant’s compensation and deferrals will be determined on a payroll period basis. The matching Company contribution is invested directly into the participant’s investment allocation. The Company, may also make a discretionary matching contribution equal to a uniform percentage of the salary deferrals, not to exceed 4%. Each year, the Company may also make a discretionary profit sharing contribution. Contributions are subject to certain limitations. For the year ended December 31, 2018, the Company contributed $54,025 of safe harbor matching contributions into the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in any additional discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Vesting (continued)

Additionally, upon attainment of normal retirement age, death, or disability while still employed by the Company, participants become 100 percent vested in the Company's discretionary profit sharing contribution portion of their account.

Notes receivable from participants

Generally, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the time the loan is granted, is set at the prime rate plus 2%. Principal and interest is paid ratably through deductions every payroll period.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive the value in his or her account as a lump sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Following severance from employment, if the value of the participant's account balance is less than $1,000, the payment will be made in a single lump sum. If the participant's account balance is between $1,000 and $5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Forfeited Accounts

At December 31, 2018 there were no forfeited non-vested accounts. These accounts can be used to reduce future employer contributions or pay Plan expenses. Also, in 2018, there were no forfeitures used to reduce employer contributions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note D for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to payment of benefits are charged directly to the participant's account and are netted in the total amount of benefits paid to participants. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018, net appreciation or depreciation in fair value of investments, and interest and dividend income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mass Mutual Life Insurance Company, the custodian of the Plan.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Pooled Separate Accounts are based on the quoted market price of the underlying assets. The Plan’s units in pooled separate accounts are valued at the net asset value of shares held by the Plan at year end.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -0-	$ 287,984	$ -0-	$ 287,984
Total investments at fair value	$ -0-	$ 287,984	$ -0-	$ 287,984

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -0-	$ 144,661	$ -0-	$ 144,661
Total investments at fair value	$ -0-	$ 144,661	$ -0-	$ 144,661

Unrealized gains and losses included in changes in net assets available for benefits for the year ended December 31, 2018 is reported in net depreciation in fair value of investments.

NOTE E – PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mass Mutual Life Insurance Company. Mass Mutual Life Insurance Company is the custodian for the Plan and, therefore, these transactions qualify as party in interest transactions.

As described in Note B, administrative expenses may be paid either by the Plan or by the Company. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA. Administrative expenses paid to the Custodian by the Plan were $662 for the year ended December 31, 2018.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE G - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides various investment options for participants to direct in any combination. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risks associated with the investment options offered by the Plan and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in the values of investment options will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events as of October 1, 2019, which was the date the financial statements were available for issuance, and has determined that there are no subsequent events to be reported.
