AVADEK, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the AVAdek, Inc. 401(k) Retirement Savings Plan (the "Plan"), formerly known as the Luebe-Jones, Inc. 401(k) Retirement Savings Plan (name change effective March 20, 2018), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was formed January 1, 1996, is a defined contribution plan covering all employees of Luebe-Jones, Inc. dba AVAdek, which changed its name during 2018 to AVAdek, Inc., along with participating employers (the "Company"). Employees are eligible to participate on the first day of the quarter coinciding with, or next following, the completion of two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage or amount of their eligible compensation into the Plan, subject to certain limitations. Participants may designate all or a portion of their contributions as Roth contributions. The Plan provides for automatic enrollment for eligible participants who have not declined participation in the Plan. Eligible participants are automatically enrolled with a contribution rate of 5% unless they elect otherwise. Participants who have attained the age of 50 before the end of the plan year may make catch-up contributions. The Plan also allows rollover contributions from other qualified retirement plans subject to approval by the plan administrator.

The Company makes a safe harbor matching contribution equal to 100% of each participant's contribution up to 5% of the participant's eligible compensation. The Company may also make a discretionary non-safe harbor profit sharing contribution each year. Participants are eligible to receive the non-safe harbor profit sharing contribution upon the completion of 1,000 hours of service in a plan year and employment at the end of the Plan year, unless termination was the result of retirement, disability, or death. The Company made no discretionary non-safe harbor profit sharing contributions in 2018. The Plan is participant directed. Participants may change salary deferral elections on the first day of the month and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are at all times fully vested in their contributions, rollover contributions, safe harbor matching contributions, and the appreciation or depreciation thereon. In the Company's discretionary non-safe harbor profit sharing contributions, a participant vests 20% per year after two years of service becoming 100% vested after six years of service. A participant must complete 1,000 hours of service during a plan year to qualify for a year of service and count toward vesting. A participant shall be immediately vested upon normal retirement, early retirement, death, or termination of employment due to total and permanent disability.

Forfeited Accounts

Forfeitures of nonvested Company contributions shall be used to reduce future Company contributions or to offset Plan expenses. The forfeitures balance at December 31, 2018 and 2017 was $35 and $26, respectively. Forfeitures in the amount of $34 were used to reduce employer contributions during 2018.

Payment of Benefits

Normal retirement age under the Plan is 65. Early retirement age under the Plan is 55 with at least six years of service. Participants with a rollover contribution may receive a distribution from their rollover account two times during a 12-month period. Upon a participant's termination, retirement, disability, or attainment of age 59½, the vested funds in the participant's account are available to be distributed in a lump-sum payment or substantially equal installments, as elected by the participant. The Plan also allows hardship and in-service withdrawals subject to conditions as set forth in the Plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to withdrawals and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net depreciation in fair value of investments.

Investments

Investments are reported at fair value, except the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan, as discussed in Note 4, invests in the Transamerica Financial Life Insurance Company ("Transamerica") Stable Value Core Account, a fully benefit-responsive contract.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Pooled Separate Accounts: Valued at net asset value (NAV) of units held by the Plan as determined by Transamerica at the close of each business day. Accounts are expressed in units; therefore, the value of a participant's account on any date is determined by multiplying the number of units held by the fair value on that date. The NAV is based on the fair value of the underlying assets owned by the accounts. There are no imposed redemption restrictions, nor does the Plan have any contractual obligation to further invest in the accounts.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2018 or 2017.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		$7,490,260		$7,490,260
Total investments at fair value		$7,490,260		$7,490,260

	December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		$6,982,941		$6,982,941
Total investments at fair value		$6,982,941		$6,982,941

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive investment contract (the Stable Value Core Account), a guaranteed investment account, contained in the general account of Transamerica. As described in Note 2, the Transamerica Stable Value Core Account is reported at contract value. Transamerica, as the contract issuer, is contractually obligated to repay the principal and interest at a specified crediting interest rate. Interest is credited on the balance using a single "portfolio rate" approach. Under this methodology, a single interest-crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. Interest-crediting rates are reviewed on a semiannual basis for resetting. There is no guaranteed minimum or maximum interest rate.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (i) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

The plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable. The principal and interest in the contract account are backed by the assets held in the general account of Transamerica. Participants may withdraw amounts from the account without restrictions.

NOTE 5 - INFORMATION CERTIFIED BY AN INSURANCE COMPANY

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, an insurance company, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

NOTE 6 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017 there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a guaranteed investment account and pooled separate accounts managed by Transamerica. Therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from prohibited transaction provisions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 23, 2019, the date the financial statements were available to be issued.
