1. DESCRIPTION OF THE PLAN

HardRock Directional Drilling, LLC (the "Company" or "Plan Administrator") established the HardRock Directional Drilling, LLC Plan (the "Plan") which provides benefits to eligible employees of the Company. The following description of the Plan provides general information only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a prototype voluntary defined contribution plan, which began on January 1, 2007 covering substantially all employees of the Company, except employees which are governed under a collective bargaining agreement. Participants must be 21 years of age and have completed three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan assets were held by Reliance Trust Company (the "Trustee") and accounted for by ADP Retirement Services (the "Recordkeeper").

Contributions – An eligible Participant may authorize the Company to withhold one percent up to ninety percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant.

Employer Contributions – The Company, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. Contributions are subject to certain IRS limitations. No discretionary contributions were made in 2018 or 2017.

Participant Accounts – Each participant's account is credited with the participant's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants' interest in any employer contributions vests as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants – Participant's may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and a participant may only have one receivable outstanding at any point in time. The loan interest rate is set at 2 percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments. Absent election, participant balances less than $5,000 as of the date of termination are distributed in accordance with the Plan provisions.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved. A hardship withdrawal is available under limited circumstances, which the participant must document. Participants who take a financial hardship distribution shall not be permitted to make contributions during the six month period beginning on the date of such distribution.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to first pay administrative expenses and then to reduce future Company contributions. At December 31, 2018 and 2017, there were no unused forfeited non-vested accounts.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions, if any.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition – Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, and trustee. See Note 8 for discussion of fair value measurements.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date they can be segregated deferrals from general assets.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2018 and 2017.

3. PARTY-IN- INTEREST TRANSACTIONS

In 2018, various indirect investment expenses were paid to various fund managers from the participant investment earnings as described in Form 5500 Schedule C. In 2018, all other Plan administrative fees were paid directly by the Plan Administrator.

4. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The Plan Administrator has received certification from the Trustee of the market value of the Plan's portfolio as of December 31, 2018 and 2017, and on interest income, dividend income, and the cost and market value of the Plan transactions made during the year ended December 31, 2018. The Plan's financial statements and supplemental schedule have been prepared based upon this certified information. No auditing procedures were performed with respect to the information certified as complete and accurate by the Trustee.

The following presents the total investments at December 31, 2018 and 2017:

6. INCOME TAX STATUS

The IRS has determined and informed the Plan Administrator by a letter dated July 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

6. INCOME TAX STATUS (continued)

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. FIDELITY BOND

The Plan was covered by a fidelity bond for the years ended December 31, 2018 and 2017 which was within the prescribed limits as set forth by the ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB Accounting Standards Codification 820 ("FASB ASC 820"), "*Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity's own assumptions that market participants would use in pricing the assets or liabilities.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Administrator determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Administrator uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds – The common collective trust funds are valued at the NAV of shares held by the Plan at year end. The NAV is not a public quoted price in an active market. The NAV, as provided by the Trustee, is used as a practical expedient for estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2018				
Mutual funds	**$ 594,947**	**$ -**	**$ -**	**$ 594,947**
Total assets in the fair value hierarchy	**594,947**	**-**	**-**	**594,947**
Investments measured at net asset value*				**21,138**
Total investments at fair value				**$ 616,085**
December 31, 2017				
Mutual funds	$ 563,718	$ -	$ -	$ 563,718
Total assets in the fair value hierarchy	563,718	-	-	563,718
Investments measured at net asset value*				21,271
Total investments at fair value				$ 584,989

* In accordance with Subtopic ASC 820-10, certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

9. STABLE VALUE COLLECTIVE TRUST FUND

State Street Global Advisors Trust Company ("SSGA"), a wholly-owned subsidiary of State Street Bank and Trust Company ("State Street"), provides investment management services through bank-maintained collective trust funds (each a "Commingled Fund" and collectively the "Commingled Funds") with different pricing frequencies and conventions. SSGA's Commingled Funds that are available to retirement plans are referred to as "Series Funds." The investment objective of the SSGA Cash Series U.S. Government Fund (the "Fund") is to maximize current income, to the extent consistent with the preservation of capital and liquidity and the maintenance of a stable $1.00 per share net asset value ("NAV"), by investing in U.S. government securities and in repurchase agreements collateralized by U.S. government securities.

Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2018				
Stable value collective trust fund	**$ 21,138**	**N/A**	**Daily**	**Daily**
December 31, 2017				
Stable value collective trust fund	$ 21,271	N/A	Daily	Daily

10. EXCESS CONTRIBUTION PAYABLE

During March 2019, non-discrimination testing performed by the Recordkeeper, ADP Retirement Services, found that the average deferral percentage for highly compensated participants was greater than the allowable maximum average for the Plan year ending December 31, 2018. The amount of excess 2018 contributions refunded in 2019 totaled **$44,944**. During January 2018, non-discrimination testing performed by the Recordkeeper, ADP Retirement Services, found that the average deferral percentage for highly compensated participants was greater than the allowable maximum average for the Plan year ending December 31, 2017, therefore, excess contributions were refunded in 2018, totaling $34,610.

11. SUBSEQUENT EVENTS

The Plan Sponsor has performed a review of subsequent events through the date of the opinion, which is the date the financial statements were available for issuance, and concludes there were no events or transactions occurring during this period that required recognition or disclosure in the financial statements. Any events occurring after this date have not been factored into the financial statements being presented.
