Plan Description

The following description of the Gardner, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees, as defined in the Plan Agreement of Gardner, Inc., Gardner of Florida, LLC, Central Power Systems of Florida, Ltd., Gardner-Connell, LLC, General Power Equipment and Servantage Dixie, Sales, Inc. (collectively the "Company"). The Plan was initially adopted effective March 1, 1985 to provide retirement benefits to employees of Gardner, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan participants include all employees of the Company who have attained age 21 and have completed the Plan's eligibility service requirements. Participants meet the eligibility service requirements on the first date they have completed one year of service, of at least 1,000 hours. Newly eligible employees may enroll in the Plan on the first day upon meeting the Plan's eligibility requirements.

Contributions

Plan participants may authorize payroll deductions of up to 40% of the participant's compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers two common collective trust funds and various mutual funds as investment options for participants.

The Company may, at its sole discretion and for each Plan year, contribute matching contributions and/or discretionary profit sharing contributions to the Plan. During 2018 and 2017, the Company elected to match 100% up to the first 3% of employee contributions. The Company did not make an employer discretionary profit sharing contribution during 2018 or 2017.

Contributions are subject to certain limitations.

Participant Accounts

Individual account balances are maintained for each participant by Bank of America, N.A. ("Bank of America"). Participants may change investment elections daily, not to exceed four times a year. Each participant's account is adjusted daily for income, realized and unrealized gains, and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Under the Plan, a participant receives the full value of his or her vested account balance upon retirement, termination of employment or disability. Beneficiaries are entitled to the participant's account upon the participant's death. The Plan also provides for employees to make in-service withdrawals from their account under certain "hardship" circumstances. Benefits are paid in a lump sum.

Forfeited Accounts

Upon termination of employment, a participant's non-vested portion of Company contributions and related earnings is forfeited. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$72 and \$8,175, respectively. Forfeitures are used to reduce future Company contributions. Forfeitures totaling \$15,098 were used to reduce employer contributions during 2018. No forfeitures were used to reduce employer contributions during 2017.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment expenses directly related to the Plan are charged to the applicable investment fund. Administrative expenses of the Plan are paid by the Company to the extent not paid by the Plan. Such expenses include internal accounting and administrative services, external auditing and other fees and are excluded from these financial statements.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Level 3 are significant unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the quoted market prices of shares held by the Plan at year-end.

*Common
Collective
Trusts:*

Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 9,879,569	\$ -	\$ -	\$ 9,879,569
Investments measured at net asset value*	-	-	-	1,078,711
Total assets at fair value	\$ 9,879,569	\$ -	\$ -	\$ 10,958,280

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,245,174	\$ -	\$ -	\$ 10,245,174
Investments measured at net asset value*	-	-	-	1,208,818
Total assets at fair value	\$ 10,245,174	\$ -	\$ -	\$ 11,453,992

- * In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Notes to Financial Statements

December 31, 2018 and 2017

Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Bank of America. The prototype plan has received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2018 statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
