Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Vesta Property Services Inc. 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Mid Atlantic Trust Company (MATC), the certifying entity of the Plan, except for comparing such information with the related information included in the financial statements.. We have been informed by the Plan administrator that MATC held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from MATC as of December 31, 2018, and for the year then ended, that the information provided to the Plan administrator by MATC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by MATC. Their report, dated September 28, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by MATC were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by MATC, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following brief description of the Vesta Property Services Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by Vesta Property Services, Inc. (the Company or Employer), to provide deferred tax benefits, savings, and Employer contributions to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees, excluding those who are: non-resident aliens, covered by a collective bargaining agreement, or become an employee as a result of certain transactions described in 26 CFR 410(b)(6)(C) of the Internal Revenue Code (IRC), who attain the age of 21 and complete 3 months of service are eligible to participate in the Plan as of the first day of the month following completion of these requirements.

Participant Contributions

Participants may elect to contribute a portion of their eligible compensation, as defined by the Plan, through payroll deductions, not to exceed the limit under the IRC. Contributions may be on a pre-tax basis, an after-tax basis (Roth deferral contributions), or a combination of the two. In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Employer may make a discretionary matching contribution (Employer matching contributions) determined and contributed on a Plan year basis. The Employer may also make a discretionary profit-sharing contribution (Employer profit-sharing contributions) on a Plan year basis. To receive an allocation of Employer matching and profit-sharing contributions, a participant generally must be employed on the last day of the Plan year. During the Plan year ended December 31, 2018, Employer matching contributions made to the Plan for the year ended December 31, 2018 was $20 for every .5% of participants' deferral percentage up to $260. Any participant that did not reach .5% contribution to the Plan would receive $10. No Employer profit-sharing contributions were made for the 2018 Plan year.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, allocations of any Employer matching contributions and any Employer profit-sharing contributions, and his/her share of the Plan's income (loss). The Plan's income, with respect to each investment fund, is allocated based on the proportion that each participant's account balance invested in such fund bears to the total of all participants' account balances invested in such fund.

Investment Options

Participants are solely responsible for directing their accounts in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of (1) 47.5% of his/her vested account balance, (2) 95% of his/her vested account balance, excluding Roth deferral contributions, or (3) $50,000. Participants may not borrow from Roth deferral contributions. The notes are secured by the balance of the participant's account and bear interest at the prime rate plus 1% over the life of the note. Loans are repaid on a payroll period basis, through or outside of payroll deductions, over a period not to exceed 4½ years with exceptions for the purchase of a primary residence.

Vesting

Participants are always 100% vested in the value of their salary deferral, rollover contributions, Employer matching contributions, and related investment earnings. Any Employer profit-sharing contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Participants must be credited with a minimum of 1,000 hours of service during the Plan year to complete a year of vesting service.

A participant will become fully vested in Employer profit-sharing contributions, regardless of length of service, in the event of death or disability.

Benefit Payments

Participant accounts may be withdrawn upon termination of employment, death, or disability. The Plan also allows for in-service withdrawals at age $59^1/_2$ (from employee and Employer contributions), at age 65, or in the event of a financial hardship. Distributions may be made in lump-sum, partial, or installment payments, or in the form of an annuity contract. Account balances of terminated participants that are between $1,000 and $5,000, including rollover accounts, are distributed through a rollover into an individual retirement account. Account balances less than $1,000, including rollover accounts, are distributed as a lump-sum payment if no other form is elected by the participant.

Forfeitures

The Plan allows forfeitures to be used to pay reasonable Plan expenses and to restore participants' individual accounts. Forfeitures may also be used to reduce Employer contributions. Unused forfeitures available for use at December 31, 2018 and 2017, were $355 and $349, respectively. No forfeitures were utilized during the year ended December 31, 2018.

1. Description of the Plan (cont.)

Plan Expenses

Certain administrative expenses related to distributions and other participant-initiated transactions are charged to the account of the Plan participant. Other administrative expenses and investment management fees may be paid from the Plan's forfeitures and through reductions of investment returns under the Plan's investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through September 23, 2019, which is the date the financial statements were available to be issued.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company (MATC) has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds - Valued at the quoted market prices of shares held by the Plan at year-end. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2018 and 2017. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 1,261,521**	**$ -**	**$ -**	**$ 1,261,521**
Total investments at fair value	**$ 1,261,521**	**$ -**	**$ -**	**$ 1,261,521**

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,064,889	$ -	$ -	$ 1,064,889
Total investments at fair value	$ 1,064,889	$ -	$ -	$ 1,064,889

5. Party-In-Interest Transactions

Notes receivable from participants are defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

6. Tax Status

The Plan document is based on a Prototype Non-Standardized Profit Sharing Plan sponsored by Paychex Retirement Services (Paychex), the recordkeeper of the Plan. The Internal Revenue Service (IRS) has issued a favorable opinion letter dated April 10, 2014. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not based on the technical merits not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's statement of net assets available for benefits.

9. Excess Contributions Refundable

The Plan failed the discrimination test for the years ended December 31, 2018 and 2017. Excess contributions refundable in the amount of $30,875 and $1,414 as of December 31, 2018 and 2017, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits. The Plan reimbursed these excess contributions to its participants in the following year.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Vesta Property Services Inc. 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Mid Atlantic Trust Company (MATC), the certifying entity of the Plan, except for comparing such information with the related information included in the financial statements.. We have been informed by the Plan administrator that MATC held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from MATC as of December 31, 2018, and for the year then ended, that the information provided to the Plan administrator by MATC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by MATC. Their report, dated September 28, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by MATC were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by MATC, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following brief description of the Vesta Property Services Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by Vesta Property Services, Inc. (the Company or Employer), to provide deferred tax benefits, savings, and Employer contributions to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees, excluding those who are: non-resident aliens, covered by a collective bargaining agreement, or become an employee as a result of certain transactions described in 26 CFR 410(b)(6)(C) of the Internal Revenue Code (IRC), who attain the age of 21 and complete 3 months of service are eligible to participate in the Plan as of the first day of the month following completion of these requirements.

Participant Contributions

Participants may elect to contribute a portion of their eligible compensation, as defined by the Plan, through payroll deductions, not to exceed the limit under the IRC. Contributions may be on a pre-tax basis, an after-tax basis (Roth deferral contributions), or a combination of the two. In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Employer may make a discretionary matching contribution (Employer matching contributions) determined and contributed on a Plan year basis. The Employer may also make a discretionary profit-sharing contribution (Employer profit-sharing contributions) on a Plan year basis. To receive an allocation of Employer matching and profit-sharing contributions, a participant generally must be employed on the last day of the Plan year. During the Plan year ended December 31, 2018, Employer matching contributions made to the Plan for the year ended December 31, 2018 was $20 for every .5% of participants' deferral percentage up to $260. Any participant that did not reach .5% contribution to the Plan would receive $10. No Employer profit-sharing contributions were made for the 2018 Plan year.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, allocations of any Employer matching contributions and any Employer profit-sharing contributions, and his/her share of the Plan's income (loss). The Plan's income, with respect to each investment fund, is allocated based on the proportion that each participant's account balance invested in such fund bears to the total of all participants' account balances invested in such fund.

Investment Options

Participants are solely responsible for directing their accounts in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of (1) 47.5% of his/her vested account balance, (2) 95% of his/her vested account balance, excluding Roth deferral contributions, or (3) $50,000. Participants may not borrow from Roth deferral contributions. The notes are secured by the balance of the participant's account and bear interest at the prime rate plus 1% over the life of the note. Loans are repaid on a payroll period basis, through or outside of payroll deductions, over a period not to exceed 4½ years with exceptions for the purchase of a primary residence.

Vesting

Participants are always 100% vested in the value of their salary deferral, rollover contributions, Employer matching contributions, and related investment earnings. Any Employer profit-sharing contributions vest according to the following schedule:

Years of Service	Vested Percentage
Less than two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Participants must be credited with a minimum of 1,000 hours of service during the Plan year to complete a year of vesting service.

A participant will become fully vested in Employer profit-sharing contributions, regardless of length of service, in the event of death or disability.

Benefit Payments

Participant accounts may be withdrawn upon termination of employment, death, or disability. The Plan also allows for in-service withdrawals at age $59^1/_2$ (from employee and Employer contributions), at age 65, or in the event of a financial hardship. Distributions may be made in lump-sum, partial, or installment payments, or in the form of an annuity contract. Account balances of terminated participants that are between $1,000 and $5,000, including rollover accounts, are distributed through a rollover into an individual retirement account. Account balances less than $1,000, including rollover accounts, are distributed as a lump-sum payment if no other form is elected by the participant.

Forfeitures

The Plan allows forfeitures to be used to pay reasonable Plan expenses and to restore participants' individual accounts. Forfeitures may also be used to reduce Employer contributions. Unused forfeitures available for use at December 31, 2018 and 2017, were $355 and $349, respectively. No forfeitures were utilized during the year ended December 31, 2018.

1. Description of the Plan (cont.)

Plan Expenses

Certain administrative expenses related to distributions and other participant-initiated transactions are charged to the account of the Plan participant. Other administrative expenses and investment management fees may be paid from the Plan's forfeitures and through reductions of investment returns under the Plan's investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) require the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through September 23, 2019, which is the date the financial statements were available to be issued.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company (MATC) has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Mutual Funds - Valued at the quoted market prices of shares held by the Plan at year-end. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2018 and 2017. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 1,261,521**	**$ -**	**$ -**	**$ 1,261,521**
Total investments at fair value	**$ 1,261,521**	**$ -**	**$ -**	**$ 1,261,521**

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,064,889	$ -	$ -	$ 1,064,889
Total investments at fair value	$ 1,064,889	$ -	$ -	$ 1,064,889

5. Party-In-Interest Transactions

Notes receivable from participants are defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

6. Tax Status

The Plan document is based on a Prototype Non-Standardized Profit Sharing Plan sponsored by Paychex Retirement Services (Paychex), the recordkeeper of the Plan. The Internal Revenue Service (IRS) has issued a favorable opinion letter dated April 10, 2014. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not based on the technical merits not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's statement of net assets available for benefits.

9. Excess Contributions Refundable

The Plan failed the discrimination test for the years ended December 31, 2018 and 2017. Excess contributions refundable in the amount of $30,875 and $1,414 as of December 31, 2018 and 2017, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits. The Plan reimbursed these excess contributions to its participants in the following year.
